Overview

Founded in 1990, Apollo is a high-growth, global alternative asset manager and a retirement services provider. Apollo conducts its business primarily in the United States through the following three reportable segments: Asset Management, Retirement Services and Principal Investing. These business segments are differentiated based on the investment services they provide as well as varying investing strategies.

Asset Management

Our Asset Management segment focuses on three investing strategies: yield, hybrid and equity. We have a flexible mandate in many of the funds we manage which enables funds to invest opportunistically across a company’s capital structure. We raise, invest and manage funds, accounts and other vehicles on behalf of some of the world’s most prominent pension, endowment and sovereign wealth funds and insurance companies, as well as other institutional and individual investors. As of June 30, 2023, we had total Assets Under Management (“AUM”) of approximately \$617 billion, including retirement services AUM of approximately \$310 billion, and had debt originations of approximately \$86 billion during the twelve months ended June 30, 2023 (including \$23 billion in the second quarter of 2023).

Our Asset Management segment had a team of 2,654 employees as of June 30, 2023, with offices throughout the world. This team possesses a broad range of transaction, financial, managerial and investment skills. We operate our asset management business in a highly integrated manner, which we believe distinguishes us from other alternative asset managers. Our investment teams frequently collaborate across disciplines and we believe that this collaboration enables our clients to more successfully invest across a company’s capital structure. Our objective is to achieve superior long-term risk-adjusted returns for our clients. The majority of the investment funds we manage are designed to invest capital over a period of several years from inception, thereby allowing us to seek to generate attractive long-term returns throughout economic cycles. We have a contrarian, value-oriented investment approach, emphasizing downside protection, and the preservation of capital. We believe our contrarian investment approach is reflected in a number of ways, including:

- our willingness to pursue investments in industries that our competitors typically avoid;
- the often complex structures employed in some of the investments of our funds;
- our experience investing during periods of uncertainty or distress in the economy or financial markets; and
- our willingness to undertake transactions that have substantial business, regulatory or legal complexity.

We have applied this investment philosophy to identify what we believe are attractive investment opportunities, deploy capital across the balance sheet of industry leading, or “franchise,” businesses and create value throughout economic cycles.

The yield, hybrid and equity investing strategies of our Asset Management segment reflect the range of investment capabilities across our platform based on relative risk and return. As an asset manager, we earn fees for providing investment management services and expertise to our client base. The amount of fees charged for

managing these assets depends on the underlying investment strategy, liquidity profile, and, ultimately, our ability to generate returns for our clients. We also earn capital solutions fees as part of our growing capital solutions business and as part of monitoring and deployment activity alongside our sizable private equity franchise. After expenses, we call the resulting earnings stream “Fee Related Earnings” or “FRE”, which represents the primary performance measure for the Asset Management segment.

Retirement Services

Our retirement services business is conducted by Athene, a leading financial services company that specializes in issuing, reinsuring and acquiring retirement savings products designed for the increasing number of individuals and institutions seeking to fund retirement needs. Athene is led by a highly skilled management team with extensive industry experience and is based in Bermuda with its U.S. subsidiaries’ headquarters located in Iowa. As of June 30, 2023, Athene had 1,921 employees. Our asset management business provides a full suite of services for Athene’s investment portfolio, including direct investment management, asset allocation, merger and acquisition asset diligence and certain operational support services, including investment compliance, tax, legal and risk management support. Athene had approximately \$20 billion of regulatory capital¹ as of December 31, 2022 and \$1.6 billion of projected excess equity capital² as of June 30, 2023. Our strategic sidecar with third-party capital provides structural advantages to support Athene’s continued growth and enhance returns and, as of August 6, 2023, Athene has deployed approximately \$4 billion of third-party capital from the strategic sidecar and has access to approximately \$2 billion of available undrawn capital. Athene generally targets mid-teen or higher returns on its capital deployment.

Our retirement services business focuses on generating spread income by combining the two core competencies of (1) sourcing long-term, persistent liabilities and (2) using the global scale and reach of our asset management business to actively source or originate assets with Athene’s preferred risk and return characteristics. Athene’s investment philosophy is to invest a portion of its assets in securities that earn an incremental yield by taking measured liquidity and complexity risk and capitalizing on its long-dated funding profile to prudently achieve higher net investment earned rates, rather than assuming incremental credit risk. A cornerstone of Athene’s investment philosophy is that given the operating leverage inherent in its business, modest investment outperformance can translate to outsized return performance. Because Athene maintains discipline in underwriting attractively priced liabilities, it has the ability to invest in a broad range of high-quality assets to generate attractive earnings.

Our asset management expertise supports the sourcing and underwriting of assets for Athene’s portfolio. Athene is invested in a diverse array of primarily high-grade fixed income assets, including corporate bonds, structured securities and commercial and residential real estate loans, among others. Athene establishes risk thresholds which in turn define risk tolerance across a wide range of factors, including credit risk, liquidity risk, concentration risk and caps on specific asset classes. In addition to other efforts, Athene partially mitigates the risk of rising interest rates by strategically allocating a meaningful portion of its investment portfolio into floating rate securities. Athene also maintains holdings in less interest rate-sensitive investments, including collateralized loan obligations, commercial mortgage loans, residential mortgage loans, non-agency residential mortgage-backed securities and various types of structured products, consistent with its strategy of pursuing incremental yield by assuming liquidity risk and complexity risk, rather than assuming incremental credit risk.

¹ Represents the aggregate capital of Athene’s U.S. and Bermuda insurance entities determined with respect to each insurance entity by applying the statutory accounting principles applicable to each such entity. Adjustments are made to, among other things, assets and expenses at the holding company level.

² Computed as the capital in excess of the capital required to support Athene’s core operating strategies as determined based upon internal modeling and analysis of economic risk as well as inputs from rating agency capital models and consideration of both National Association of Insurance Commissioners (“NAIC”) risk-based capital and Bermuda capital requirements.

Rather than increase its allocation to higher risk securities to increase yield, Athene pursues the direct origination of high-quality, predominantly senior secured assets, which it believes possess greater alpha-generating qualities than securities that would otherwise be readily available in public markets. These direct origination strategies include investments sourced by (1) affiliated platforms that originate loans to third parties and in which Athene gains exposure directly to the loan or indirectly through its ownership of the origination platform and/or securitizations of assets originated by the origination platform, and (2) our asset management team's extensive network of direct relationships with predominantly investment-grade counterparties.

Athene uses, and may continue to use, derivatives, including swaps, options, futures and forward contracts, and reinsurance contracts to hedge risks such as current or future changes in the fair value of its assets and liabilities, current or future changes in cash flows, changes in interest rates, equity markets, currency fluctuations and changes in longevity.

As a result of the foregoing, Athene has low relative credit losses (average five-year annual credit losses of 9 basis points compared to an industry average of 14 basis points as of December 31, 2022 (2018-2022)) and persistent funding characteristics with no outsized policyholder surrender activity and de minimis unplanned policyholder surrender activity in 2021, 2022 and the first two quarters of 2023.

We believe that Athene has a robust organic growth engine that is well-positioned for current market opportunities. The following chart sets out details of Athene's historical gross organic inflows by channel (\$B).

We refer to the earnings stream of the Retirement Services segment as "Spread Related Earnings" or "SRE", which equals the sum of (i) the net investment earnings on Athene's net invested assets and (ii) management fees received on business managed for others, primarily the ADIP³ portion of Athene's business ceded to ACRA⁴, less (x) cost of funds, (y) operating expenses excluding equity-based compensation and (z) financing costs including interest expense and preferred dividends, if any, paid to Athene preferred stockholders. We also report "Normalized SRE", which reflects adjustments to SRE to exclude notable items (including unusual variability).

³ "ADIP" refers to Apollo/Athene Dedicated Investment Program and Apollo/Athene Dedicated Investment Program II, funds managed by Apollo including third-party capital that, through ACRA, invest alongside Athene in certain investments.

⁴ "ACRA" refers to Athene Co-Invest Reinsurance Affiliate Holding Ltd, together with its subsidiaries, and Athene Co-Invest Reinsurance Affiliate Holding 2 Ltd, together with its subsidiaries.

such as actuarial experience, assumption updates and other insurance adjustments) and normalize alternative investment income to an 11% long-term return. For the second quarter of 2023, we reported SRE of \$799 million and Normalized SRE of \$874 million (SRE of \$799 million, a \$75 million adjustment to normalize alternative investment income to an 11% long-term return, and no adjustments for notable items during the period), respectively, driven by record organic inflows and strong profitability.

Principal Investing

Our Principal Investing segment is comprised of our realized performance fee income, realized investment income from our balance sheet investments, and certain allocable expenses related to corporate functions supporting the entire company. The Principal Investing segment also includes our growth capital and liquidity resources at AGM. We expect to deploy capital into strategic investments over time that will help accelerate the growth of our Asset Management segment, by broadening our investment management and/or product distribution capabilities or increasing the efficiency of our operations. We believe these investments will translate into greater compounded annual growth of Fee Related Earnings.

Given the cyclical nature of performance fees, earnings from our Principal Investing segment, or Principal Investing Income (“PII”), is inherently more volatile in nature than earnings from the Asset Management and Retirement Services segments. We earn fees based on the investment performance of the funds we manage and compensate our employees, primarily investment professionals, with a meaningful portion of these proceeds to align our team with the investors in the funds we manage and incentivize them to deliver strong investment performance over time. We expect to increase the proportion of performance fee income we pay to our employees over time, and as such proportion increases, we expect PII to represent a relatively smaller portion of our total Company earnings.

Dividend Payment Dates	January 31, April 30, July 31 and October 31 commencing on October 31, 2023, and ending on, and including, July 31, 2026.
Mandatory Conversion Date	The second business day immediately following the last trading day of the Settlement Period. The Mandatory Conversion Date is expected to be July 31, 2026.
Mandatory Conversion	<p>On the Mandatory Conversion Date, each outstanding share of the Mandatory Convertible Preferred Stock, unless earlier converted, will automatically convert into a number of shares of our common stock equal to the conversion rate as described below.</p> <p>If we declare a dividend on the Mandatory Convertible Preferred Stock for the dividend period ending on, but excluding July 31, 2026, we will pay such dividend to the holders of record on the immediately preceding Regular Record Date.</p> <p>If, on or prior to the Mandatory Conversion Date, we have not declared all or any portion of the accumulated and unpaid dividends on the Mandatory Convertible Preferred Stock, the conversion rate will be adjusted so that holders receive an additional number of shares of our common stock equal to:</p> <ul style="list-style-type: none"> (i) the amount of such undeclared, accumulated and unpaid dividends per share of the Mandatory Convertible Preferred Stock (such amount, the “Additional Conversion Amount”), <i>divided by</i> (ii) the greater of (x) the Floor Price and (y) 97% of the Average Price (calculated using July 31, 2026 as the applicable dividend payment date). <p>To the extent that the Additional Conversion Amount exceeds the product of such number of additional shares and 97% of the Average Price, we will, if we are legally able to do so, and to the extent permitted under the terms of the documents governing our indebtedness, declare and pay such excess amount in cash (computed to the nearest cent) pro rata per share of Mandatory Convertible Preferred Stock, to the holders of the Mandatory Convertible Preferred Stock. Any such payment in cash may not be permitted by our then existing debt instruments. To the extent that we are not able to pay such excess amount in cash under applicable law and in</p>

	<p>compliance with our indebtedness, we will not have any obligation to pay such amount in cash or deliver additional shares of our common stock in respect of such amount, and such amount will not form a part of the cumulative dividends on the shares of the Mandatory Convertible Preferred Stock.</p>								
Conversion Rate	<p>Upon conversion on the Mandatory Conversion Date, the conversion rate for each share of the Mandatory Convertible Preferred Stock will be not more than 0.6062 shares of our common stock (the “Maximum Conversion Rate”) and not less than 0.5052 shares of our common stock (the “Minimum Conversion Rate”), depending on the Applicable Market Value of our common stock, as described below and subject to certain anti-dilution adjustments described herein.</p> <p>The “Applicable Market Value” of our common stock is the Average VWAP per share of our common stock over the Settlement Period. The “Settlement Period” is the 20 consecutive Trading Day period beginning on, and including, the 21st Scheduled Trading Day immediately preceding July 31, 2026. The conversion rate will be calculated as described under “Description of Mandatory Convertible Preferred Stock—Mandatory Conversion.”</p> <p>The following table illustrates hypothetical conversion rates per share of the Mandatory Convertible Preferred Stock, subject to certain anti-dilution adjustments described herein.</p> <table> <tr> <th>Assumed Applicable Market Value of our common stock</th><th>Assumed Conversion Rate (number of shares of our common stock to be received upon mandatory conversion of each share of the Mandatory Convertible Preferred Stock)</th></tr> <tr> <td>Greater than the Threshold Appreciation Price</td><td>0.5052 shares of common stock</td></tr> <tr> <td>Equal to or less than the Threshold Appreciation Price but greater than or equal to the Initial Price</td><td>Between 0.5052 and 0.6062 shares of common stock, determined by dividing \$50.00 by the Applicable Market Value of our common stock</td></tr> <tr> <td>Less than the Initial Price</td><td>0.6062 shares of common stock</td></tr> </table> <p>The “Threshold Appreciation Price,” which is equal to approximately \$98.97, is calculated by dividing \$50.00 by the Minimum Conversion Rate, and represents approximately 20% appreciation over the Initial Price.</p>	Assumed Applicable Market Value of our common stock	Assumed Conversion Rate (number of shares of our common stock to be received upon mandatory conversion of each share of the Mandatory Convertible Preferred Stock)	Greater than the Threshold Appreciation Price	0.5052 shares of common stock	Equal to or less than the Threshold Appreciation Price but greater than or equal to the Initial Price	Between 0.5052 and 0.6062 shares of common stock, determined by dividing \$50.00 by the Applicable Market Value of our common stock	Less than the Initial Price	0.6062 shares of common stock

Early Conversion at the Option of the Holder	<p>Other than during a Fundamental Change Conversion Period (as defined below), at any time prior to July 31, 2026, holders of the Mandatory Convertible Preferred Stock have the option to elect to convert their shares of the Mandatory Convertible Preferred Stock, in</p>								

whole or in part (but in no event in increments of less than one share of the Mandatory Convertible Preferred Stock), into shares of our common stock at the Minimum Conversion Rate, as described under “Description of Mandatory Convertible Preferred Stock—Early Conversion at the Option of the Holder.” This Minimum Conversion Rate is subject to certain anti-dilution adjustments described herein.

If, as of any Early Conversion Date (as defined herein), we have not declared and paid all or any portion of the accumulated and unpaid dividends for all full dividend periods ending on or before the Dividend Payment Date (as defined herein) immediately prior to such Early Conversion Date, the conversion rate for such early conversion will be adjusted so that holders converting their Mandatory Convertible Preferred Stock at such time will receive an additional number of shares of our common stock equal to:

- the aggregate amount of undeclared, accumulated and unpaid dividends per share of the Mandatory Convertible Preferred Stock for all such prior full dividend periods (such amount, the “Early Conversion Additional Amount”), *divided by*
- the greater of (x) the Floor Price and (y) the Average VWAP per share of our common stock over the 20 consecutive Trading Day period commencing on, and including, the 21st Scheduled Trading Day immediately preceding the Early Conversion Date (such Average VWAP, the “Early Conversion Average Price”).

To the extent that the Early Conversion Additional Amount exceeds the product of such number of additional shares and the Early Conversion Average Price, we will not have any obligation to pay the shortfall in cash or deliver shares of our common stock in respect of such shortfall.

Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount

If a “Fundamental Change” (as defined under “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount”) occurs on or prior to July 31, 2026, holders of the Mandatory Convertible Preferred Stock will have the right during the Fundamental Change Conversion Period (as defined under “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount”) to convert their shares of the Mandatory Convertible Preferred Stock, in whole or in part (but in no event in increments of less than one share of the Mandatory Convertible Preferred Stock), into shares of our common stock (or units of exchange property as described in “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change

Dividend Make-Whole Amount”) at the “Fundamental Change Conversion Rate.” The Fundamental Change Conversion Rate will be determined based on the effective date of the Fundamental Change (the “Fundamental Change Effective Date”) and the price paid or deemed paid per share of our common stock in such Fundamental Change (the “Fundamental Change Stock Price”).

Holders who convert their Mandatory Convertible Preferred Stock within the Fundamental Change Conversion Period will also receive a “Fundamental Change Dividend Make-Whole Amount” equal to the present value (calculated using a discount rate of 6.07% per annum) of all dividend payments on their shares of the Mandatory Convertible Preferred Stock (excluding any Accumulated Dividend Amount (as defined under “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount —Fundamental Change Dividend Make-Whole Amount and Accumulated Dividend Amount”)) for (i) the partial dividend period, if any, from, and including, the Fundamental Change Effective Date to, but excluding, the next dividend payment date and (ii) all remaining full dividend periods from, and including, the dividend payment date following the Fundamental Change Effective Date to, but excluding, July 31, 2026. If we elect to pay the Fundamental Change Dividend Make-Whole Amount in shares of our common stock (or units of exchange property) in lieu of cash, the number of shares of our common stock (or units of exchange property) that we will deliver will equal (x) the Fundamental Change Dividend Make-Whole Amount, divided by (y) the greater of the Floor Price and 97% of the Fundamental Change Stock Price.

In addition, to the extent that the Accumulated Dividend Amount exists as of the Fundamental Change Effective Date, holders who convert their Mandatory Convertible Preferred Stock within the Fundamental Change Conversion Period will be entitled to receive such Accumulated Dividend Amount in cash (to the extent we are legally permitted to make such payment in cash and to the extent permitted under the terms of the documents governing our indebtedness) or shares of our common stock or any combination thereof, at our election, upon conversion. If we elect to pay the Accumulated Dividend Amount in shares of our common stock (or units of exchange property) in lieu of cash, the number of shares of our common stock (or units of exchange property) that we will deliver will equal (x) the Accumulated Dividend Amount, divided by (y) the greater of the Floor Price and 97% of the Fundamental Change Stock Price.

To the extent that the sum of the Fundamental Change Dividend Make-Whole Amount and Accumulated Dividend Amount or the dollar amount of any portion thereof paid in shares of our common stock (or units of exchange property) exceeds the product of (x) the

Voting Power	<p>number of additional shares we deliver in respect thereof and (y) 97% of the Fundamental Change Stock Price, we will, if we are legally able to do so, and to the extent permitted under the terms of the documents governing our indebtedness, pay such excess amount in cash (computed to the nearest cent) pro rata per share to the eligible holders of the Mandatory Convertible Preferred Stock. Any such payment in cash may not be permitted by our then existing debt instruments. To the extent that we are not able to pay such excess amount in cash under applicable law and in compliance with our indebtedness, we will not have any obligation to pay such amount in cash or deliver additional shares of our common stock in respect of such amount.</p> <p>See “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount.”</p> <p>Except as specifically required by Delaware law or our amended and restated certificate of incorporation (the “certificate of incorporation”), and except for the limited voting and consent rights described herein, the holders of the Mandatory Convertible Preferred Stock will have no voting rights or powers.</p> <p>Whenever dividends on any shares of the Mandatory Convertible Preferred Stock have not been declared and paid for the equivalent of six or more dividend periods, whether or not for consecutive dividend periods, the authorized number of directors on our Board of Directors will, at the next annual meeting of stockholders or at a special meeting of stockholders, automatically be increased by two, and the holders of the Mandatory Convertible Preferred Stock, voting together as a single class with holders of any and all other series of Voting Preferred Stock (as defined in “Description of Mandatory Convertible Preferred Stock—Voting Power”) then outstanding, will be entitled, at our next annual meeting of stockholders or at a special meeting of stockholders, if any, to vote for the election of a total of two additional members of our Board of Directors, subject to certain limitations. See “Description of Mandatory Convertible Preferred Stock—Voting Power.”</p> <p>So long as any shares of the Mandatory Convertible Preferred Stock are outstanding, we will not, without the affirmative vote or consent of holders of at least two-thirds in voting power of the outstanding shares of the Mandatory Convertible Preferred Stock and all other series of Voting Preferred Stock at the time outstanding and entitled to vote thereon, voting together as a single class:</p> <ol style="list-style-type: none">(1) amend or alter the provisions of our certificate of incorporation so as to authorize or create, or increase the authorized number of, any class or series of Senior Stock (as defined below);

	<p>(2) amend, alter or repeal the provisions of our certificate of incorporation or the Certificate of Designations for the Mandatory Convertible Preferred Stock so as to adversely affect the special rights, preferences or voting powers of the Mandatory Convertible Preferred Stock; or</p> <p>(3) consummate a binding share exchange or reclassification involving the shares of the Mandatory Convertible Preferred Stock, a merger or consolidation of us with another entity or a conversion of the Company or domestication in or transfer to a foreign jurisdiction, unless, in each case: (i) the shares of the Mandatory Convertible Preferred Stock remain outstanding following the consummation of such binding share exchange, reclassification, merger or consolidation or, in the case of (x) any such merger or consolidation with respect to which we are not the surviving or resulting entity (or in which the Mandatory Convertible Preferred Stock is otherwise exchanged or reclassified) or (y) any such conversion, domestication or transfer, are converted or reclassified into or exchanged for preference securities of the surviving or resulting entity, of the converted, domesticated or transferred entity or, in either case, such entity's ultimate parent; and (ii) the shares of the Mandatory Convertible Preferred Stock that remain outstanding or such shares of preference securities, as the case may be, have such rights, preferences and voting powers that, taken as a whole, are not materially less favorable to the holders thereof than the rights, preferences and voting powers, taken as a whole, of the Mandatory Convertible Preferred Stock immediately prior to the consummation of such transaction, in each case, subject to certain exceptions.</p> <p>For more information about voting rights, see "Description of Mandatory Convertible Preferred Stock —Voting Power."</p>

RISK FACTORS

Investing in the Mandatory Convertible Preferred Stock involves risks. You should carefully review the following risk factors and the risks discussed under the captions “Risk Factors” in our 2022 10-K, Q1 2023 10-Q and Q2 2023 10-Q, each of which are incorporated by reference in this prospectus supplement, or any similar caption in the documents that we subsequently file with the SEC that are deemed to be incorporated by reference in this prospectus supplement, and in any free writing prospectus that we provide you in connection with the offering of Mandatory Convertible Preferred Stock pursuant to this prospectus supplement. The risks discussed under the caption “Risk Factors” in our 2022 10-K that reference our common shares are generally applicable to the Mandatory Convertible Preferred Stock unless otherwise addressed herein. You should also carefully review the other risks and uncertainties discussed in this prospectus supplement and the accompanying prospectus, the documents incorporated and deemed to be incorporated by reference in this prospectus supplement and in any such free writing prospectus. The risks and uncertainties discussed below and in the documents referred to above, as well as other matters discussed in this prospectus supplement and in those documents, could materially and adversely affect our business, financial condition, liquidity and results of operations and the market price of the Mandatory Convertible Preferred Stock and our common stock. Moreover, the risks and uncertainties discussed below and in the foregoing documents are not the only risks and uncertainties that we face, and our business, financial condition, liquidity and results of operations and the market price of the Mandatory Convertible Preferred Stock and our common stock could be materially adversely affected by other matters that are not known to us or that we currently do not consider to be material risks to our business.

Risks Relating to Ownership of the Mandatory Convertible Preferred Stock and Our Common Stock

You will bear the risk of a decline in the market price of our common stock between the pricing date for the Mandatory Convertible Preferred Stock and the Mandatory Conversion Date.

The number of shares of our common stock that you will receive upon mandatory conversion of the Mandatory Convertible Preferred Stock is not fixed but instead will depend on the Applicable Market Value of our common stock. The aggregate market value of shares of our common stock that you would receive upon mandatory conversion may be less than the aggregate liquidation preference of the Mandatory Convertible Preferred Stock. Specifically, if the Applicable Market Value of our common stock is less than the Initial Price, the market value of our common stock that you would receive upon mandatory conversion of each share of the Mandatory Convertible Preferred Stock will be less than the \$50.00 liquidation preference of the Mandatory Convertible Preferred Stock, and an investment in the Mandatory Convertible Preferred Stock would result in a loss, without taking into consideration the payment of dividends. Accordingly, you will bear the risk of a decline in the market price of our common stock. Any such decline could be substantial.

In addition, because the number of shares delivered to you upon mandatory conversion will be based upon the Applicable Market Value, which is the Average VWAP per share of our common stock over the Settlement Period, which is the 20 consecutive Trading Day period beginning on, and including, the 21st Scheduled Trading Day immediately preceding July 31, 2026, the shares of common stock you receive upon mandatory conversion may be worth less than the shares of common stock you would have received had the Applicable Market Value been equal to the VWAP per share of our common stock on the Mandatory Conversion Date or the Average VWAP of our common stock over a different period of days.

Purchasers of the Mandatory Convertible Preferred Stock may not realize any or all of the benefit of an increase in the market price of shares of our common stock. The opportunity for equity appreciation provided by your investment in the Mandatory Convertible Preferred Stock is less than that provided by a direct investment in our common stock.

The market value of each share of our common stock that you would receive upon mandatory conversion of each share of the Mandatory Convertible Preferred Stock on the Mandatory Conversion Date (assuming that

dividends on shares of Mandatory Convertible Preferred Stock will be declared and paid in cash) will only exceed the liquidation preference of \$50.00 per share of the Mandatory Convertible Preferred Stock if the Applicable Market Value of our common stock exceeds the Threshold Appreciation Price. The Threshold Appreciation Price represents an appreciation of approximately 20% over the Initial Price. If the Applicable Market Value of our common stock is greater than the Threshold Appreciation Price, you would receive on the Mandatory Conversion Date approximately 83.34% (which percentage is approximately equal to the Initial Price divided by the Threshold Appreciation Price) of the value of our common stock that you would have received if you had made a direct investment in shares of our common stock on the date of this prospectus supplement. This means that the opportunity for equity appreciation provided by an investment in the Mandatory Convertible Preferred Stock is less than that provided by a direct investment in our common stock.

In addition, if the market value of our common stock appreciates and the Applicable Market Value of our common stock is equal to or greater than the Initial Price but less than or equal to the Threshold Appreciation Price, the aggregate market value of shares of our common stock that you would receive upon mandatory conversion (assuming that all dividends on the shares of Mandatory Convertible Preferred Stock will be declared and paid in cash) will only be equal to the aggregate liquidation preference of the Mandatory Convertible Preferred Stock, and you will realize no equity appreciation on our common stock.

Sales or issuances of substantial amounts of our common stock in the public market, or the perception that these sales or issuances may occur, or the conversion of the Mandatory Convertible Preferred Stock or the payment of dividends on the Mandatory Convertible Preferred Stock in the form of shares of our common stock, could cause the market price of the Mandatory Convertible Preferred Stock and our common stock to decline.

Sales or issuances of substantial amounts of our common stock or other securities convertible or exchangeable into shares of our common stock in the public market or the conversion of the Mandatory Convertible Preferred Stock or the payment of dividends on the Mandatory Convertible Preferred Stock in the form of shares of our common stock, could cause the market price of the Mandatory Convertible Preferred Stock or our common stock to decline. This could also impair our ability to raise additional capital through the sale of our equity securities. Future sales or issuances of our common stock or other equity-related securities could be dilutive to holders of our common stock and could adversely affect their voting and other rights and economic interests, including holders of any shares of common stock issued upon conversion of the Mandatory Convertible Preferred Stock and/or as dividends on the Mandatory Convertible Preferred Stock, and could have a similar impact with respect to the Mandatory Convertible Preferred Stock. Holders of our common stock, including holders of any shares of common stock issued upon conversion of Mandatory Convertible Preferred Stock and/or as dividends on the Mandatory Convertible Preferred Stock, may also experience additional dilution upon future equity issuances or upon the settlement of equity awards granted to our employees, executive officers and directors under our equity incentive plans.

Regulatory actions may adversely affect the trading price and liquidity of the Mandatory Convertible Preferred Stock.

Investors in, and potential purchasers of, the Mandatory Convertible Preferred Stock who employ, or seek to employ, a convertible arbitrage strategy with respect to the Mandatory Convertible Preferred Stock may be adversely impacted by regulatory developments that may limit or restrict such a strategy. The SEC and other regulatory and self-regulatory authorities have implemented various rules and may adopt additional rules in the future that restrict and otherwise regulate short selling and over-the-counter swaps and security-based swaps, which restrictions and regulations may adversely affect the ability of investors in, or potential purchasers of, the Mandatory Convertible Preferred Stock to conduct a convertible arbitrage strategy with respect to the Mandatory Convertible Preferred Stock. This could, in turn, adversely affect the trading price and liquidity of the Mandatory Convertible Preferred Stock.

The adjustment to the conversion rate and the payment of the Fundamental Change Dividend Make-Whole Amount upon the occurrence of certain Fundamental Changes may not adequately compensate you for the lost option value and lost dividends as a result of early conversion upon a Fundamental Change.

If a Fundamental Change (as defined in “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount”) occurs on or prior to the Mandatory Conversion Date, holders will be entitled to convert their Mandatory Convertible Preferred Stock during the Fundamental Change Conversion Period at the Fundamental Change Conversion Rate (in each case as defined in “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount”). The Fundamental Change Conversion Rate will be determined as described in “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount.” In addition, with respect to shares of Mandatory Convertible Preferred Stock converted during the Fundamental Change Conversion Period, you will also receive, among other consideration, a Fundamental Change Dividend Make-Whole Amount (as defined in “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount”). We may elect to pay the Fundamental Change Dividend Make-Whole Amount by delivery of common stock, subject to the limitations described in “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount.” If these limitations on the delivery of shares of common stock in payment of the Fundamental Change Dividend Make-Whole Amount are reached, we will pay the shortfall in cash to the extent we are legally permitted to do so and to the extent permitted under the terms of the documents governing our indebtedness. To the extent we are not permitted to pay such shortfall in cash under applicable law and in compliance with our indebtedness, we will not have any obligation to pay such amount in cash or deliver additional shares of our common stock in respect of such amount.

Although this adjustment to the conversion rate and the payment of the Fundamental Change Dividend Make-Whole Amount are generally designed to compensate you for the lost option value of the Mandatory Convertible Preferred Stock and lost dividends that you will suffer as a result of converting your Mandatory Convertible Preferred Stock upon a Fundamental Change, they are only an approximation of such lost value and lost dividends and may not adequately compensate you for your actual loss. In addition, if the price of our common stock is less than \$30.00 per share or above \$175.00 per share (in each case, subject to adjustment), the feature of the Fundamental Change Conversion Rate will not compensate you for any loss suffered in connection with a Fundamental Change.

In addition, the agreements governing any of our existing or future indebtedness may limit our ability to pay cash or deliver shares of our common stock, as the case may be, to converting holders upon a Fundamental Change unless we can repay or refinance the amounts outstanding under such agreements.

Furthermore, our obligation to adjust the conversion rate in connection with a Fundamental Change and pay the Fundamental Change Dividend Make-Whole Amount (whether in cash or shares of our common stock or any combination thereof) could possibly be considered a penalty under state law, in which case the enforceability thereof would be subject to general principles of reasonableness and equitable remedies and therefore may not be enforceable in whole or in part.

The Fixed Conversion Rates of the Mandatory Convertible Preferred Stock will not be adjusted for many events that may adversely affect the market price of the Mandatory Convertible Preferred Stock or our common stock issuable upon conversion of the Mandatory Convertible Preferred Stock.

The Fixed Conversion Rates of the Mandatory Convertible Preferred Stock are subject to adjustment only for the issuance of certain stock dividends on our common stock, subdivisions or combinations of our common stock, the issuance of certain rights, options or warrants to holders of our common stock, distributions of capital

stock, indebtedness, or assets to holders of our common stock, spin-offs, cash dividends above a specified threshold and certain issuer tender or exchange offers as described under “Description of Mandatory Convertible Preferred Stock—Anti-Dilution Adjustments.” However, other events, such as employee and director grants that are settled in common stock and option grants or offerings of our common stock or securities convertible into shares of our common stock (other than those set forth in “Description of Mandatory Convertible Preferred Stock—Anti-Dilution Adjustments”) for cash or in connection with acquisitions, or third-party tender or exchange offers, which may adversely affect the market price of our common stock, may not result in any adjustment. Further, if any of these other events adversely affects the market price of our common stock, it may also adversely affect the market price of the Mandatory Convertible Preferred Stock. In addition, the terms of the Mandatory Convertible Preferred Stock do not restrict our ability to offer common stock or securities convertible into common stock in the future or to engage in other transactions that could dilute our common stock. We have no obligation to consider the interests of the holders of the Mandatory Convertible Preferred Stock in engaging in any such offering or transaction.

Purchasers of the Mandatory Convertible Preferred Stock may be adversely affected upon the issuance of a new series of preferred stock ranking senior or equally with the Mandatory Convertible Preferred Stock.

Our certificate of incorporation authorizes our Board of Directors, without the approval of our stockholders, to issue 10,000,000,000 shares of our preferred stock (including the Mandatory Convertible Preferred Stock), subject to limitations prescribed by applicable law, rules and regulations and the provisions of our certificate of incorporation, as shares of preferred stock in series, to establish from time to time the number of shares to be included in each such series and to fix the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions thereof. The powers, preferences and rights of these additional series of preferred stock may be on parity with or (subject to the consent rights of the holders of Mandatory Convertible Preferred Stock described under “Description of Mandatory Convertible Preferred Stock—Voting Power”) senior to, the Mandatory Convertible Preferred Stock, which may reduce its value.

The terms of the Mandatory Convertible Preferred Stock will not restrict our ability to offer a new series of preferred stock that ranks equally with the Mandatory Convertible Preferred Stock as to dividend payments or liquidation preference in the future. In addition, the terms of the Mandatory Convertible Preferred Stock permit us to issue a new series of preferred stock that ranks senior to the Mandatory Convertible Preferred Stock as to dividend payments or liquidation preference, in each case with the consent of at least two-thirds in voting power of the outstanding shares of the Mandatory Convertible Preferred Stock. We have no obligation to consider the specific interests of the holders of the Mandatory Convertible Preferred Stock in engaging in any such offering or transaction.

You will have no rights with respect to our common stock until the Mandatory Convertible Preferred Stock is converted, but you may be adversely affected by certain changes made with respect to our common stock.

You will have no rights, powers or preferences with respect to our common stock, including voting powers, rights to respond to common stock tender offers, if any, and rights to receive dividends or other distributions on shares of our common stock, if any (other than through a conversion rate adjustment under certain circumstances), prior to the conversion date with respect to a conversion of the Mandatory Convertible Preferred Stock, but your investment in the Mandatory Convertible Preferred Stock may be negatively affected by these events. Upon conversion, you will be entitled to exercise the rights of a holder of the shares of common stock issuable upon conversion only as to matters for which the record date occurs after the date you are deemed to be a record holder of those shares. For example, in the event that an amendment is proposed to our certificate of incorporation requiring stockholder approval and the record date for determining the stockholders of record entitled to vote on the amendment occurs prior to the date you are deemed to be a record holder of the shares of common stock issuable upon conversion of your Mandatory Convertible Preferred Stock, you will not be entitled to vote on the amendment (subject to certain limited exceptions and unless it would adversely affect the special rights, preferences and voting powers of the Mandatory Convertible Preferred Stock), even if your Mandatory

Convertible Preferred Stock has been converted into shares of our common stock prior to the effective date of such change, and you will nevertheless be subject to any changes in the powers, preferences or rights of our common stock. See “Description of Capital Stock” in the accompanying prospectus for further discussion of our common stock.

You will have no voting powers with respect to the Mandatory Convertible Preferred Stock except under limited circumstances.

You will have no voting powers with respect to the Mandatory Convertible Preferred Stock, except with respect to certain amendments to the terms of the Mandatory Convertible Preferred Stock, in the case of certain dividend arrearages, in certain other limited circumstances and except as specifically required by Delaware law or by our certificate of incorporation. You will have no power to vote for any members of our Board of Directors except in the case of certain dividend arrearages. Whenever dividends on any shares of the Mandatory Convertible Preferred Stock have not been declared and paid for the equivalent of six or more dividend periods, whether or not for consecutive dividend periods, the authorized number of directors on our Board of Directors will, at the next annual meeting of stockholders or at a special meeting of stockholders, if any, automatically be increased by two and the holders of such shares of the Mandatory Convertible Preferred Stock, voting together as a single class with holders of other series of our Voting Preferred Stock (as defined herein) then outstanding, will be entitled, at our next annual meeting of stockholders or a special meeting of stockholders, if any, to vote for the election of a total of two additional members of our Board of Directors, subject to the terms and limitations described in “Description of Mandatory Convertible Preferred Stock—Voting Power.”

The Mandatory Convertible Preferred Stock will rank junior to all of our and our subsidiaries’ consolidated liabilities and shares of capital stock, and may rank junior to future classes or series of our capital stock.

In the event of a bankruptcy, liquidation, dissolution or winding-up, our assets will be available to pay obligations on the Mandatory Convertible Preferred Stock only after all of our consolidated liabilities have been paid. In addition, the Mandatory Convertible Preferred Stock will rank (i) structurally junior to all existing and future liabilities and shares of capital stock of our subsidiaries and (ii) junior to each class or series of our capital stock established after the Initial Issue Date the terms of which expressly provide that such class or series will rank senior to the Mandatory Convertible Preferred Stock with respect to dividends and distributions of assets upon liquidation, dissolution or winding up of the Company or certain other events. Your rights to participate in the assets of our subsidiaries upon any bankruptcy, liquidation, dissolution or winding up of any subsidiary will rank junior to the prior claims of that subsidiary’s creditors. In the event of a bankruptcy, liquidation, dissolution or winding-up, there may not be sufficient assets remaining, after paying our and our subsidiaries’ liabilities, to pay amounts due on any or all of the Mandatory Convertible Preferred Stock then outstanding. At June 30, 2023, Apollo had consolidated indebtedness totaling approximately \$6.5 billion outstanding and an additional \$4.9 billion of borrowing capacity under Apollo’s revolving credit facilities. See “Capitalization.” In addition, if we issue subordinated notes or other “hybrid” securities, which we have considered and may issue, the amount of our indebtedness will increase.

The Mandatory Convertible Preferred Stock may not be rated and, if rated, their ratings could be lowered.

We expect that the Mandatory Convertible Preferred Stock will be rated by one or more nationally recognized rating agencies. Generally, rating agencies base their ratings on such material and information, and such of their own investigative studies and assumptions, as they deem appropriate. A rating is not a recommendation to buy, sell or hold the Mandatory Convertible Preferred Stock, and there is no assurance that any rating will apply for any given period of time or that a rating may not be adjusted or withdrawn. A downgrade or potential downgrade in these ratings, the assignment of a new rating that is lower than existing ratings, or a downgrade or potential downgrade in ratings assigned to us, our subsidiaries, the Mandatory Convertible Preferred Stock or any of our other securities could adversely affect the trading price and liquidity of the Mandatory Convertible Preferred Stock. See “—Rating agencies may change rating methodologies.”

We cannot be sure that rating agencies will rate the Mandatory Convertible Preferred Stock or maintain their ratings once issued. Neither we nor any underwriter undertakes any obligation to obtain a rating, maintain the ratings once issued or to advise holders of Mandatory Convertible Preferred Stock of any change in ratings. A failure to obtain a rating or a negative change in our ratings once issued could have an adverse effect on the market price or liquidity of the Mandatory Convertible Preferred Stock.

Rating agencies may change rating methodologies.

The rating agencies that currently or may in the future publish a rating for us or our preferred stock, including the Mandatory Convertible Preferred Stock, may from time to time in the future change the methodologies that they use for analyzing securities with features similar to the Mandatory Convertible Preferred Stock. This may include, for example, changes to the relationship between ratings assigned to securities with features similar to the Mandatory Convertible Preferred Stock and ratings assigned to securities that are junior or senior in ranking, which is sometimes called “notching.” As a result of notching, rating agencies may lower the rating of a rated security in connection with the issuance of a new series of securities that creates a new ranking of such issuer’s securities and is senior in ranking relative to the rated security. If the rating agencies change their practices for rating lower-ranking securities in the future, and the ratings of our preferred stock, including the Mandatory Convertible Preferred Stock, are subsequently lowered or “notched” further, the trading price and liquidity of the Mandatory Convertible Preferred Stock could be adversely affected.

We may be unable to, or may choose not to, pay dividends on the Mandatory Convertible Preferred Stock at current or planned rates or at all.

Any future payments of cash dividends, and the amount of any cash dividends we pay, on our capital stock, including on the shares of Mandatory Convertible Preferred Stock, will be determined by our Board of Directors, or an authorized committee thereof, in its sole discretion and will depend on various factors.

If upon (i) mandatory conversion, (ii) an Early Conversion (as defined herein) at the option of a holder or (iii) a conversion during the Fundamental Change Conversion Period (as defined herein), we have not declared and paid all or any portion of the accumulated and unpaid dividends payable on the outstanding shares of Mandatory Convertible Preferred Stock, the applicable conversion rate will be adjusted so that converting holders receive an additional number of shares of our common stock having a market value generally equal to the amount of such undeclared, accumulated and unpaid dividends, subject to the limitations described under “Description of Mandatory Convertible Preferred Stock—Mandatory Conversion,” “Description of Mandatory Convertible Preferred Stock—Early Conversion at the Option of the Holder” and “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount,” respectively. As a result of such limitations, the market value of such additional number of shares of common stock may be less than the amount of such accumulated and unpaid dividends. In the case of mandatory conversion or Early Fundamental Change Conversion, if these limits to the adjustment of the conversion rate are reached, we will, if we are legally able to do so, and to the extent permitted under the terms of the documents governing our indebtedness, pay the shortfall in cash. To the extent that we are not able to pay such excess amount in cash under applicable law and in compliance with our indebtedness, we will not have any obligation to pay such amount in cash or deliver additional shares of our common stock in respect of such amount. We will not have an obligation to pay the shortfall in cash or deliver shares of our common stock in respect of such shortfall if these limits to the adjustment of the conversion rate are reached in the case of an Early Conversion at the option of the holder.

You may be subject to tax with respect to the Mandatory Convertible Preferred Stock even though you do not receive a corresponding cash distribution.

The conversion rate of the Mandatory Convertible Preferred Stock is subject to adjustment in certain circumstances. See “Description of Mandatory Convertible Preferred Stock—Anti-Dilution Adjustments.” If, as

a result of an adjustment (or failure to make an adjustment), your proportionate interest in our assets or earnings and profits is increased, you may be deemed to have received for U.S. federal income tax purposes a taxable distribution without the receipt of any cash. In addition, we may make distributions to holders of the Mandatory Convertible Preferred Stock that are paid in common stock. Any such distribution may be taxable to the same extent as a cash distribution of the same amount. In these circumstances and possibly others, a holder of the Mandatory Convertible Preferred Stock may be subject to tax even though it has received no cash with which to pay that tax, thus giving rise to an out-of-pocket expense. If you are a Non-U.S. Holder (as defined in “Certain U.S. Federal Income Tax Consequences”), any deemed dividend could be subject to U.S. federal withholding tax at a 30% rate, or such lower rate as may be specified by an applicable treaty, which may be set off against subsequent payments or deliveries with respect to the Mandatory Convertible Preferred Stock. See “Certain U.S. Federal Income Tax Consequences” for a further discussion of the U.S. federal income tax implications.

Certain rights of the holders of the Mandatory Convertible Preferred Stock could delay or prevent an otherwise beneficial takeover or takeover attempt of us and, therefore, may affect the ability of holders of Mandatory Convertible Preferred Stock to exercise their rights associated with a potential Fundamental Change.

Certain rights of the holders of the Mandatory Convertible Preferred Stock could make it more difficult or more expensive for a third party to acquire us. For example, if a Fundamental Change were to occur on or prior to July 31, 2026, holders of the Mandatory Convertible Preferred Stock may have the option to convert their Mandatory Convertible Preferred Stock, in whole or in part, at an increased conversion rate and will also be entitled to receive a Fundamental Change Dividend Make-Whole Amount equal to the present value of all remaining dividend payments on their Mandatory Convertible Preferred Stock from the Fundamental Change Effective Date to, but excluding, July 31, 2026. See “Description of Mandatory Convertible Preferred Stock—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount.” These features of the Mandatory Convertible Preferred Stock could increase the cost of acquiring us or otherwise discourage a third party from acquiring us or removing incumbent management.

The Mandatory Convertible Preferred Stock is a new issue of securities with no established trading market.

The Mandatory Convertible Preferred Stock is a new issue of securities with no established trading market. The liquidity of the trading market in the Mandatory Convertible Preferred Stock, and the market price quoted for the Mandatory Convertible Preferred Stock, may be adversely affected by changes in the overall market for this type of security and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. We intend to apply to list the Mandatory Convertible Preferred Stock on the NYSE under the symbol “APO PR A.” Even if the Mandatory Convertible Preferred Stock is approved for listing on the NYSE, such listing does not guarantee that a trading market for the Mandatory Convertible Preferred Stock will develop or, if a trading market for the Mandatory Convertible Preferred Stock does develop, the depth or liquidity of that market or the ability of the holders to sell the Mandatory Convertible Preferred Stock, or to sell the Mandatory Convertible Preferred Stock at a favorable price. In addition, as shares of the Mandatory Convertible Preferred Stock are converted, the liquidity of the Mandatory Convertible Preferred Stock that remains outstanding may decrease.

Our issuance of preferred stock, including the Mandatory Convertible Preferred Stock, may cause the price of our common stock to decline, which may negatively impact our common stockholders.

Our Board of Directors is authorized to issue series of shares of preferred stock without any action on the part of our stockholders and, with respect to each such series, fix, without stockholder approval (except as may be required by our certificate of incorporation or any certificate of designation relating to any outstanding series of preferred stock), the designation of such series, the powers (including voting powers), preferences and relative, participating, optional and other special rights, and the qualifications, limitations or restrictions thereof, of such series of preferred stock and the number of shares of such series. Any series of preferred stock we may

issue in the future, including the Mandatory Convertible Preferred Stock, will rank senior to all of our common stock with respect to the payment of dividends or upon our liquidation, dissolution, or winding-up. For example, unless accumulated and unpaid dividends have been declared and paid, or set aside for payment, on all outstanding shares of the Mandatory Convertible Preferred Stock, if issued, for all preceding dividend periods, no dividends may be declared or paid on our common stock and we will not be permitted to purchase, redeem or otherwise acquire any of our common stock, subject to limited exceptions. Likewise, in the event of our voluntary or involuntary liquidation, dissolution or winding-up of our affairs, no distribution of our assets may be made to holders of our common stock until we have paid to holders of our preferred stock, including the Mandatory Convertible Preferred Stock, if issued, the applicable liquidation preference plus accumulated and unpaid dividends. If we issue cumulative preferred stock in the future that has preference over our common stock with respect to the payment of dividends or upon our liquidation, dissolution, or winding up, or if we issue preferred stock with voting rights that dilute the voting power of our common stockholders in the limited instances in which they have the right to vote, the market price of our common stock could decrease.

The market price and trading volume of our common stock may be volatile, which will directly affect the market price for the Mandatory Convertible Preferred Stock.

The market price of our common stock may be highly volatile and could be subject to wide fluctuations. In addition, the trading volume in our common stock may fluctuate and cause significant price variations to occur. You may be unable to resell your shares of common stock at or above your purchase price, if at all. Some of the factors that could negatively affect the price of our common stock or result in fluctuations in the price or trading volume of our common stock include: variations in our quarterly operating results or dividends, which variations we expect will be substantial; our policy of taking a long-term perspective on making investment, operational and strategic decisions, which is expected to result in significant and unpredictable variations in our quarterly returns; our creditworthiness, results of operations and financial condition; the credit ratings of the common stock; the prevailing interest rates or rates of return being paid by other companies similar to us and the market for similar securities; failure to meet analysts' earnings estimates; publication of research reports about us or the investment management industry or the failure of securities analysts to cover our common stock; additions or departures of key management personnel; adverse market reaction to any indebtedness we may incur or securities we may issue in the future; actions by stockholders; changes in market valuations of similar companies; speculation in the press or investment community; changes or proposed changes in laws or regulations or differing interpretations thereof affecting our businesses or enforcement of these laws and regulations, or announcements relating to these matters; a lack of liquidity in the trading of our common stock; adverse publicity about the investment management industry generally or individual scandals, specifically; a breach of our computer systems, software or networks, or misappropriation of our proprietary information; and economic, financial, geopolitical, regulatory or judicial events or conditions that affect us or the financial markets.

Furthermore, the stock market may experience extreme volatility that, in some cases, may be unrelated or disproportionate to the operating performance of particular companies. These broad market and industry fluctuations may adversely affect the market price of our common stock, regardless of our actual operating performance. In addition, price volatility may be greater if the public float and trading volume of our common stock is low.

We expect that, generally, the market price of our common stock will significantly affect the market price of the Mandatory Convertible Preferred Stock. This may result in greater volatility in the market price of the Mandatory Convertible Preferred Stock than would be expected for nonconvertible preferred stock.

In addition, we expect that the market price of the Mandatory Convertible Preferred Stock will be influenced by yield and interest rates in the capital markets, the time remaining to the Mandatory Conversion Date, our creditworthiness and the occurrence of certain events affecting us that do not require an adjustment to the Fixed Conversion Rates (as defined herein). Fluctuations in yield rates in particular may give rise to arbitrage opportunities based upon changes in the relative values of the Mandatory Convertible Preferred Stock and our

Table of Contents

common stock. Any such arbitrage could, in turn, affect the market prices of our common stock and the Mandatory Convertible Preferred Stock. The market price of our common stock could also be affected by possible sales of our common stock by investors who view the Mandatory Convertible Preferred Stock as a more attractive means of equity participation in us and by hedging or arbitrage trading activity that we expect to develop involving our common stock. This trading activity could, in turn, affect the market price of the Mandatory Convertible Preferred Stock.

An investment in our shares is not an investment in any of the funds we manage, and the assets and revenues of such funds are not directly available to us.

Our shares are securities of Apollo Global Management, Inc. only. While our historical consolidated and combined financial information includes financial information, including assets and revenues of certain funds we manage on a consolidated basis, and our future financial information will continue to consolidate certain of these funds, such assets and revenues are available to the fund, and not to us except through management fees, performance fees, distributions and other proceeds arising from agreements with funds.

Our certificate of incorporation provides that the Court of Chancery of the State of Delaware is the sole and exclusive forum for certain legal actions between us and our stockholders, which could limit our stockholders' ability to obtain a judicial forum viewed by the stockholders as more favorable for disputes with us or our directors, officers or employees, and the enforceability of the exclusive forum provision may be subject to uncertainty.

Article XIV of our certificate of incorporation provides that, unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall, to the fullest extent permitted by law, be the sole and exclusive forum for: (a) any derivative action or proceeding brought on our behalf; (b) any action asserting a claim of breach of a fiduciary duty owed by any of our current or former directors, officers, other employees or stockholders to us or our stockholders; (c) any action asserting a claim arising pursuant to any provision of the DGCL, the certificate of incorporation or our amended and restated bylaws or as to which the DGCL confers jurisdiction on the Court of Chancery of the State of Delaware; or (d) any action asserting a claim governed by the internal affairs doctrine, except for, as to each of (a) through (d) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction. The exclusive forum provision also provides that it will not apply to claims arising under the Securities Act, the Exchange Act or other federal securities laws for which there is exclusive federal or concurrent federal and state jurisdiction, in which case the U.S. federal district courts shall be the exclusive forum for such claims unless AGM consents in writing to an alternative forum. Stockholders cannot waive, and will not be deemed to have waived under the exclusive forum provision, the Company's compliance with the federal securities laws and the rules and regulations thereunder. Although we believe this exclusive forum provision benefits us by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, this exclusive forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or any of our directors, officers, other employees or stockholders, which may discourage lawsuits with respect to such claims. Further, in the event a court finds the exclusive forum provision contained in the certificate of incorporation to be unenforceable or inapplicable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, operating results and financial condition.

DESCRIPTION OF MANDATORY CONVERTIBLE PREFERRED STOCK

The following description is a summary of certain provisions of our 6.75% Series A Mandatory Convertible Preferred Stock, par value \$0.00001 per share, which we refer to as our “Mandatory Convertible Preferred Stock.” The following summary of the terms of the Mandatory Convertible Preferred Stock is not complete and is subject to, and qualified in its entirety by reference to, the provisions of the certificate of designations governing the terms of the Mandatory Convertible Preferred Stock (the “Certificate of Designations”) and our certificate of incorporation.

As used in this section, the terms the “Company,” “us,” “we” or “our” refer to Apollo Global Management, Inc. and not any of its subsidiaries or affiliates.

General

Our authorized capital stock consists of 100,000,000,000 shares, all with a par value of \$0.00001 per share, of which:

Under our amended and restated certificate of incorporation, our board of directors (the “Board of Directors”) is authorized to provide, out of the unissued shares of preferred stock, for one or more series of preferred stock and, with respect to each series, to fix, without further stockholder approval (except as may be required by our amended and restated certificate of incorporation), the designation of such series, the powers (including voting powers), preferences and relative, participating, optional and other special rights, and the qualifications, limitations or restrictions thereof, of such series of preferred stock and the number of shares of such series. See “Description of Capital Stock—Preferred Stock” in the accompanying prospectus.

When issued, the Mandatory Convertible Preferred Stock and our common stock issued upon the conversion of the Mandatory Convertible Preferred Stock will be fully paid and nonassessable. The holders of the Mandatory Convertible Preferred Stock will have no preemptive or preferential rights to purchase or subscribe for any class of our stock, obligations, warrants or other securities.

Ranking

The Mandatory Convertible Preferred Stock, with respect to dividend rights and/or distribution rights upon our liquidation, winding-up or dissolution, as applicable, will rank:

- senior to (i) our common stock, and (ii) each other class or series of our capital stock established after the first original issue date of shares of the Mandatory Convertible Preferred Stock (which we refer to as the “Initial Issue Date”), the terms of which do not expressly provide that such class or series ranks either (x) senior to the Mandatory Convertible Preferred Stock as to dividend rights and distribution rights upon our liquidation, winding-up or dissolution or (y) on parity with the Mandatory Convertible Preferred Stock as to dividend rights and distribution rights upon our liquidation, winding-up or dissolution (which we refer to collectively as “Junior Stock”);
- on parity with any class or series of our capital stock established after the Initial Issue Date, the terms of which expressly provide that such class or series will rank on parity with the Mandatory Convertible Preferred Stock as to dividend rights and distribution rights upon our liquidation, winding-up or dissolution (which we refer to collectively as “Parity Stock”);
- junior to each class or series of our capital stock established after the Initial Issue Date, the terms of which expressly provide that such class or series will rank senior to the Mandatory Convertible Preferred Stock as to dividend rights or distribution rights upon our liquidation, winding-up or dissolution (which we refer to collectively as “Senior Stock”); and

- junior to our existing and future indebtedness and other liabilities.

In addition, with respect to dividend rights and distribution rights upon our liquidation, winding-up or dissolution, the Mandatory Convertible Preferred Stock will be structurally subordinated to any existing and future indebtedness and other liabilities of each of our subsidiaries. See “Risk Factors—Risks Relating to Ownership of the Mandatory Convertible Preferred Stock and Our Common Stock—The Mandatory Convertible Preferred Stock will rank junior to all of our and our subsidiaries’ consolidated liabilities and may rank junior to future classes or series of our capital stock.”

At June 30, 2023, Apollo had consolidated indebtedness totaling approximately \$6.5 billion outstanding and an additional \$4.9 billion of borrowing capacity under Apollo’s revolving credit facilities.

Listing

We intend to apply to list the Mandatory Convertible Preferred Stock on the NYSE under the symbol “APO PR A.” If the application is approved, we expect trading in the Mandatory Convertible Preferred Stock on the NYSE to begin within 30 days after the Initial Issue Date. In addition, upon listing, we will agree to use our commercially reasonable efforts to keep the Mandatory Convertible Preferred Stock listed on the NYSE. However, there can be no assurance that the Mandatory Convertible Preferred Stock will be listed, and if listed, that it will continue to be listed. Listing the Mandatory Convertible Preferred Stock on the NYSE does not guarantee that a trading market will develop or, if a trading market does develop, the depth or liquidity of that market or the ability of holders to sell their Mandatory Convertible Preferred Stock easily.

Dividends

Subject to the rights of holders of any class or series of any Senior Stock, holders of the Mandatory Convertible Preferred Stock will be entitled to receive, when, as and if declared by our Board of Directors, or an authorized committee thereof, out of funds legally available for payment, in the case of dividends paid in cash, and shares of common stock legally permitted to be issued, in the case of dividends paid in shares of common stock, cumulative dividends at the rate per annum of 6.75% of the Liquidation Preference of \$50.00 per share of the Mandatory Convertible Preferred Stock (equivalent to \$3.375 per annum per share), payable in cash, by delivery of shares of our common stock or through any combination of cash and shares of our common stock, as determined by us in our sole discretion (subject to the limitations described below). See “—Method of Payment of Dividends.” If declared, dividends on the Mandatory Convertible Preferred Stock will be payable quarterly on January 31, April 30, July 31 and October 31 of each year to, and including, July 31, 2026, commencing on October 31, 2023 (each, a “Dividend Payment Date”), at such annual rate, and dividends shall accumulate from the most recent date as to which dividends shall have been paid or, if no dividends have been paid, from the Initial Issue Date of the Mandatory Convertible Preferred Stock, whether or not in any dividend period or periods there have been funds legally available or shares of common stock legally permitted to be issued for the payment of such dividends. If declared, dividends will be payable on the relevant Dividend Payment Date to holders of record of the Mandatory Convertible Preferred Stock as they appear on our stock register at the Close of Business (as defined below) on January 15, April 15, July 15 and October 15, as the case may be, immediately preceding the relevant Dividend Payment Date (each, a “Regular Record Date”), whether or not such holders convert their shares, or such shares are automatically converted, after such Regular Record Date and on or prior to such immediately succeeding Dividend Payment Date; *provided* that the Regular Record Date for any such dividend shall not precede the date on which such dividend was so declared. These Regular Record Dates will apply regardless of whether a particular Regular Record Date is a Business Day. A “Business Day” means any day other than a Saturday or Sunday or any other day on which commercial banks in New York City are authorized or required by law or executive order to close. If a Dividend Payment Date is not a Business Day, payment will be made on the next succeeding Business Day, without any interest or other payment in lieu of interest accruing with respect to this delay.

A full dividend period is the period from, and including, a Dividend Payment Date to, but excluding, the next Dividend Payment Date, except that the initial dividend period will commence on, and include, the Initial

Table of Contents

Issue Date of the Mandatory Convertible Preferred Stock and will end on and exclude the October 31, 2023 Dividend Payment Date. The amount of dividends payable on each share of the Mandatory Convertible Preferred Stock for each full dividend period (after the initial dividend period) will be computed by dividing the annual dividend rate by four. Dividends payable on the Mandatory Convertible Preferred Stock for the initial dividend period and any partial dividend period will be computed based upon the actual number of days elapsed during such period over a 360-day year (consisting of twelve 30-day months). Accordingly, the dividend on the Mandatory Convertible Preferred Stock for the initial dividend period, assuming the Initial Issue Date is August 11, 2023 will be \$0.7500 per share of Mandatory Convertible Preferred Stock (based on the annual dividend rate of 6.75% and a Liquidation Preference of \$50.00 per share) and will be payable, when, as and if declared, on October 31, 2023, to the holders of record thereof on October 15, 2023. The dividend on the Mandatory Convertible Preferred Stock for each subsequent full dividend period, when, as and if declared, will be \$0.8438 per share of the Mandatory Convertible Preferred Stock (based on the annual dividend rate of 6.75% and a Liquidation Preference of \$50.00 per share). Accumulated dividends on shares of the Mandatory Convertible Preferred Stock will not bear interest, nor shall additional dividends be payable thereon, if they are paid subsequent to the applicable Dividend Payment Date.

No dividend will be paid unless and until our Board of Directors, or an authorized committee of our Board of Directors, declares a dividend payable with respect to the Mandatory Convertible Preferred Stock. No dividend will be declared or paid upon, or any sum of cash or number of shares of our common stock set apart for the payment of dividends upon, any outstanding shares of the Mandatory Convertible Preferred Stock with respect to any dividend period unless all dividends for all preceding dividend periods have been declared and paid upon, or a sufficient sum of cash or number of shares of our common stock has been set apart for the payment of such dividends upon, all outstanding shares of the Mandatory Convertible Preferred Stock. Except as described above, dividends on shares of the Mandatory Convertible Preferred Stock converted to common stock will cease to accumulate, and all other rights of holders of the Mandatory Convertible Preferred Stock will terminate, from and after the Mandatory Conversion Date, the Fundamental Change Conversion Date or the Early Conversion Date (each, as defined below), as applicable (other than the right to receive the consideration due upon such conversion as described herein).

Our ability to declare and pay cash dividends and to make other distributions with respect to our capital stock, including the Mandatory Convertible Preferred Stock, may be limited by the terms of our and our subsidiaries' existing and any future indebtedness, including our and our subsidiaries' revolving credit facilities and the indentures governing our subsidiaries' notes. Any credit facilities, indentures or other financing agreements we enter into in the future may contain covenants that restrict our ability to pay cash dividends on our capital stock, including the Mandatory Convertible Preferred Stock. In addition, our ability to declare and pay dividends may be limited by applicable Delaware law. See "Risk Factors—Risks Relating to Ownership of the Mandatory Convertible Preferred Stock and Our Common Stock—We may be unable to, or may choose not to, pay dividends on the Mandatory Convertible Preferred Stock at current or planned rates or at all."

Method of Payment of Dividends

Subject to the limitations described below, we may pay any declared dividend (or any portion of any declared dividend) on the shares of the Mandatory Convertible Preferred Stock (whether or not for a current dividend period or any prior dividend period, including in connection with the payment of declared and unpaid dividends pursuant to the provisions described in "—Mandatory Conversion" and "—Conversion at the Option of the Holder Upon Fundamental Change; Fundamental Change Dividend Make—Whole Amount"), determined in our sole discretion:

- in cash;
- by delivery of shares of our common stock; or
- through any combination of cash and shares of our common stock.

Table of Contents

We will make each payment of a declared dividend on the shares of the Mandatory Convertible Preferred Stock in cash, except to the extent we elect to make all or any portion of such payment in shares of our common stock. We will give the holders of the Mandatory Convertible Preferred Stock notice of any such election and the portion of such payment that will be made in cash and the portion that will be made in shares of our common stock no later than ten Scheduled Trading Days (as defined below) prior to the Dividend Payment Date for such dividend; *provided, however*, that if we do not provide timely notice of this election, we will be deemed to have elected to pay the relevant dividend in cash. All cash payments to which a holder of the Mandatory Convertible Preferred Stock is entitled in connection with a declared dividend on the shares of the Mandatory Convertible Preferred Stock will be rounded to the nearest cent.

If we elect to make any such payment of a declared dividend, or any portion thereof, in shares of our common stock, such shares will be valued for such purpose, in the case of any dividend payment or portion thereof, at 97% of the Average VWAP (as defined below) per share of our common stock over the five consecutive Trading Day (as defined below) period beginning on, and including, the sixth Scheduled Trading Day (as defined below) prior to the applicable Dividend Payment Date (such average, the “Average Price”). If the five Trading Day period to determine the Average Price ends on or after the relevant Dividend Payment Date (whether because a Scheduled Trading Day is not a Trading Day due to the occurrence of a Market Disruption Event (as defined herein) or otherwise), then the Dividend Payment Date will be postponed until the second Business Day after the final Trading Day of such five Trading Day period; *provided* that no interest or other amounts will accrue as a result of such postponement.

No fractional shares of our common stock will be delivered to the holders of the Mandatory Convertible Preferred Stock in payment or partial payment of a dividend. We will instead, to the extent we are legally permitted to do so, pay a cash amount (computed to the nearest cent) to each holder that would otherwise be entitled to receive a fraction of a share of our common stock based on the Average Price with respect to such dividend.

To the extent a shelf registration statement is required in our reasonable judgment in connection with the issuance of, or for resales of, shares of our common stock issued as payment of a dividend on the shares of the Mandatory Convertible Preferred Stock, including dividends paid in connection with a conversion, we will, to the extent a registration statement covering such shares is not currently filed and effective, use our commercially reasonable efforts to file and maintain the effectiveness of such a shelf registration statement until the earlier of such time as all such shares of common stock have been resold thereunder and such time as all such shares would be freely tradable without registration by holders thereof that are not (and were not at any time during the preceding three months) “affiliates” of ours for purposes of the Securities Act of 1933, as amended, and the rules and regulations thereunder (collectively, the “Securities Act”). To the extent applicable, we will also use our commercially reasonable efforts to have such shares of our common stock approved for listing on the NYSE (or if our common stock is not listed on the NYSE, on the principal other U.S. national or regional securities exchange on which our common stock is then listed), and qualified or registered under applicable state securities laws, if required; *provided* that we will not be required to qualify as a foreign corporation or to take any action that would subject us to general service of process in any such jurisdiction where we are not presently qualified or where we are not presently subject to taxation as a foreign corporation and such qualification or action would subject us to such taxation.

Notwithstanding the foregoing, in no event will the number of shares of our common stock to be delivered in connection with any declared dividend, including any declared dividend payable in connection with a conversion, exceed a number equal to:

- the declared dividend, *divided by*
- \$28.87, which amount represents approximately 35% of the Initial Price (as defined below), subject to adjustment in a manner inversely proportional to any anti-dilution adjustment to each Fixed Conversion Rate as set forth below in “—Anti-Dilution Adjustments” (such dollar amount, as adjusted, the “Floor Price”).

To the extent that the amount of any declared dividend exceeds the product of (x) the number of shares of our common stock delivered in connection with such declared dividend and (y) 97% of the Average Price, we will, if we are legally able to do so, and to the extent permitted under the terms of the documents governing our indebtedness, notwithstanding any notice by us to the contrary, pay such excess amount in cash (computed to the nearest cent). Any such payment in cash may not be permitted by our then existing debt instruments. To the extent that we are not able to pay such excess amount in cash under applicable law and in compliance with our indebtedness, we will not have any obligation to pay such amount in cash or deliver additional shares of our common stock in respect of such amount, and such amount will not form a part of the cumulative dividends that may be deemed to accumulate on the shares of the Mandatory Convertible Preferred Stock.

Dividend Stopper

So long as any share of the Mandatory Convertible Preferred Stock remains outstanding, no dividend or distribution shall be declared or paid on our common stock or any other class or series of Junior Stock, and no common stock or any other class or series of Junior Stock or Parity Stock shall be, directly or indirectly, purchased, redeemed or otherwise acquired for consideration by us or any of our subsidiaries unless, in each case, all accumulated and unpaid dividends for all preceding dividend periods have been declared and paid in full in cash, shares of our common stock or a combination thereof, or a sufficient sum of cash or number of shares of our common stock has been set apart for the payment of such dividends, on all outstanding shares of the Mandatory Convertible Preferred Stock. The foregoing limitation shall not apply to: (i) any dividend or distribution payable in shares of common stock or other Junior Stock, together with cash in lieu of any fractional share, (ii) purchases, redemptions or other acquisitions of common stock or other Junior Stock or Parity Stock in connection with the administration of any benefit or other incentive plan, including any employment or compensation agreement, including, without limitation, (x) purchases to offset the Share Dilution Amount (as defined below) pursuant to a publicly announced repurchase plan, *provided* that any purchases to offset the Share Dilution Amount shall in no event exceed the Share Dilution Amount, (y) the forfeiture of unvested shares of restricted stock or share withholdings or other acquisitions or surrender of shares or derivative securities to which the holder may otherwise be entitled upon exercise, delivery or vesting of equity awards (whether in payment of applicable taxes, the exercise price or otherwise), and (z) the payment of cash in lieu of fractional shares; (iii) purchases or deemed purchases or acquisitions of fractional interests in shares of any of our common stock or other Junior Stock pursuant to the conversion or exchange provisions of such shares of other Junior Stock or any securities exchangeable for or convertible into shares of common stock or other Junior Stock; (iv) any dividends or distributions of rights or common stock or other Junior Stock in connection with a stockholders' rights plan or any redemption or repurchase of rights pursuant to any stockholders' rights plan; (v) purchases of common stock or other Junior Stock pursuant to a contractually binding requirement to buy common stock or other Junior Stock, including under a contractually binding stock repurchase plan, in each case, existing prior to the date of this prospectus supplement; (vi) the acquisition by us or any of our subsidiaries of record ownership in common stock or other Junior Stock or Parity Stock for the beneficial ownership of any other persons (other than us or any of our subsidiaries), including as trustees or custodians, and the payment of cash in lieu of fractional shares and (vii) the exchange or conversion of Junior Stock for or into other Junior Stock or of Parity Stock for or into other Parity Stock (with the same or lesser aggregate liquidation preference) or Junior Stock and the payment of cash in lieu of fractional shares.

The phrase "Share Dilution Amount" means the increase in the number of diluted shares of our common stock outstanding (determined in accordance with GAAP and as measured from the Initial Issue Date) resulting from the grant, vesting or exercise of equity-based compensation in respect of current or former directors, employees, consultants, partners and members and equitably adjusted for any stock split, stock dividend, reverse stock split, reclassification or similar transaction.

When dividends on shares of the Mandatory Convertible Preferred Stock (i) have not been declared and paid in full on any Dividend Payment Date (or, in the case of Parity Stock having dividend payment dates different from such Dividend Payment Dates, on a dividend payment date falling within a regular dividend period related

Table of Contents

to such Dividend Payment Date), or (ii) have been declared but a sum of cash or number of shares of our common stock sufficient for payment thereof has not been set aside for the benefit of the holders thereof on the applicable Regular Record Date, no dividends may be declared or paid on any shares of Parity Stock unless dividends are declared on the shares of the Mandatory Convertible Preferred Stock such that the respective amounts of such dividends declared on the shares of the Mandatory Convertible Preferred Stock and such shares of Parity Stock shall be allocated pro rata among the holders of the shares of the Mandatory Convertible Preferred Stock and the holders of any shares of Parity Stock then outstanding. For purposes of calculating the pro rata allocation of partial dividend payments, the Company shall allocate those payments so that the respective amounts of those payments for the declared dividend bear the same ratio to each other as all accumulated and unpaid dividends per share on the shares of the Mandatory Convertible Preferred Stock and all declared and unpaid dividends per share on such shares of Parity Stock bear to each other (subject to their having been declared by our Board of Directors, or an authorized committee thereof, out of legally available funds); *provided, however*, that any unpaid dividends on the Mandatory Convertible Preferred Stock will continue to accumulate except as described herein. For purposes of this calculation, with respect to non-cumulative Parity Stock, we will use the full amount of dividends that would be payable for the most recent dividend period if dividends were declared in full on such non-cumulative Parity Stock.

Subject to the foregoing, and not otherwise, such dividends as may be determined by our Board of Directors, or an authorized committee thereof, may be declared and paid (payable in cash, securities or other property) on any securities, including our common stock and other Junior Stock, from time to time out of any funds legally available for such payment, and holders of the Mandatory Convertible Preferred Stock shall not be entitled to participate in any such dividends.

Redemption

The Mandatory Convertible Preferred Stock will not be redeemable. However, at our option, we may purchase or exchange the Mandatory Convertible Preferred Stock from time to time in the open market, by tender or exchange offer or otherwise, without the consent of, or notice to, holders.

Liquidation Preference

In the event of our voluntary or involuntary liquidation, winding-up or dissolution, each holder of the Mandatory Convertible Preferred Stock will be entitled to receive a Liquidation Preference in the amount of \$50.00 per share of the Mandatory Convertible Preferred Stock (the “Liquidation Preference”), plus an amount (the “Liquidation Dividend Amount”) equal to accumulated and unpaid dividends on such shares, whether or not declared, to, but excluding, the date fixed for liquidation, winding-up or dissolution, such amount to be paid out of our assets legally available for distribution to our stockholders, after satisfaction of debt and other liabilities owed to our creditors and holders of shares of any Senior Stock and before any payment or distribution is made to holders of Junior Stock (including our common stock). If, upon our voluntary or involuntary liquidation, winding-up or dissolution, the amounts payable with respect to (1) the Liquidation Preference plus the Liquidation Dividend Amount on the shares of the Mandatory Convertible Preferred Stock and (2) the liquidation preference of, and the amount of accumulated and unpaid dividends (to, but excluding, the date fixed for liquidation, winding-up or dissolution) on, all Parity Stock are not paid in full, the holders of the Mandatory Convertible Preferred Stock and all holders of any such Parity Stock will share equally and ratably in any distribution of our assets in proportion to their respective liquidation preferences and amounts equal to accumulated and unpaid dividends to which they are entitled. After payment to any holder of the Mandatory Convertible Preferred Stock of the full amount of the Liquidation Preference and the Liquidation Dividend Amount for such holder’s shares of the Mandatory Convertible Preferred Stock, such holder of the Mandatory Convertible Preferred Stock will have no right or claim to any of our remaining assets.

Neither the sale, lease nor exchange of all or substantially all of our assets or business, nor our merger or consolidation into or with any other person, will be deemed to be our voluntary or involuntary liquidation, winding-up or dissolution.

Table of Contents

Our amended and restated certificate of incorporation, including the Certificate of Designations for the Mandatory Convertible Preferred Stock, will not contain any provision requiring funds to be set aside to protect the Liquidation Preference of the Mandatory Convertible Preferred Stock even though it is substantially in excess of the par value thereof.

Voting Power

The holders of the Mandatory Convertible Preferred Stock will not have any voting rights or powers, except as described below and as specifically required by Delaware law or by our amended and restated certificate of incorporation from time to time.

Whenever dividends on any shares of the Mandatory Convertible Preferred Stock have not been declared and paid for the equivalent of six or more dividend periods, whether or not for consecutive dividend periods (a “Nonpayment”), the authorized number of directors on our Board of Directors will, at the next annual meeting of stockholders or at a special meeting of stockholders as provided below, automatically be increased by two and the holders of such shares of the Mandatory Convertible Preferred Stock, voting together as a single class with holders of any and all other series of Voting Preferred Stock (as defined below) then outstanding, will be entitled, at our next annual meeting of stockholders or at a special meeting of stockholders, if any, as provided below, to vote for the election of a total of two additional members of our Board of Directors (the “Preferred Stock Directors”); *provided, however*, that the election of any such Preferred Stock Directors will not cause us to violate the corporate governance requirements of the NYSE (or any other exchange or automated quotation system on which our securities may be listed or quoted) that requires listed or quoted companies to have a majority of independent directors; and *provided, further*, that our Board of Directors shall, at no time, include more than two Preferred Stock Directors. In the event of a Nonpayment, the holders of record of at least 25% of the shares of the Mandatory Convertible Preferred Stock and any other series of Voting Preferred Stock may request that a special meeting of stockholders be called to elect such Preferred Stock Directors (*provided, however*, that if our next annual or a special meeting of stockholders is scheduled to be held within 90 days of the receipt of such request, the election of such Preferred Stock Directors, to the extent otherwise permitted by our amended and restated bylaws, will, instead, be included in the agenda for and will be held at such scheduled annual or special meeting of stockholders). The Preferred Stock Directors will stand for reelection annually, at each subsequent annual meeting of the stockholders, so long as the holders of the Mandatory Convertible Preferred Stock continue to have such voting powers.

At any meeting at which the holders of the Mandatory Convertible Preferred Stock are entitled to elect Preferred Stock Directors, the holders of record of a majority in voting power of the then outstanding shares of the Mandatory Convertible Preferred Stock and all other series of Voting Preferred Stock, present in person or represented by proxy, will constitute a quorum and the vote of the holders of a majority in voting power of such shares of the Mandatory Convertible Preferred Stock and other Voting Preferred Stock so present or represented by proxy at any such meeting at which there shall be a quorum shall be sufficient to elect the Preferred Stock Directors.

As used in this prospectus supplement, “Voting Preferred Stock” means any other class or series of our Parity Stock upon which like voting powers for the election of directors have been conferred and are exercisable.

If and when all accumulated and unpaid dividends on the Mandatory Convertible Preferred Stock have been paid in full, or declared and a sum or number of shares of our common stock sufficient for such payment shall have been set aside for the benefit of the holders thereof on the applicable Regular Record Date (a “Nonpayment Remedy”), the holders of the Mandatory Convertible Preferred Stock shall immediately and, without any further action by us, be divested of the foregoing voting powers, subject to the revesting of such powers in the event of each subsequent Nonpayment. If such voting powers for the holders of the Mandatory Convertible Preferred Stock and all other holders of Voting Preferred Stock have terminated, each Preferred Stock Director then in office shall automatically be disqualified as a director and shall no longer be a director and the term of office of

each Preferred Stock Director so elected will terminate at such time and the authorized number of directors on our Board of Directors shall automatically decrease by two.

Any Preferred Stock Director may be removed at any time, with or without cause, by the holders of record of a majority in voting power of the outstanding shares of the Mandatory Convertible Preferred Stock and any other series of Voting Preferred Stock then outstanding (voting together as a single class) when they have the voting powers described above. In the event that a Nonpayment shall have occurred and there shall not have been a Nonpayment Remedy, any vacancy in the office of a Preferred Stock Director (other than prior to the initial election of Preferred Stock Directors after a Nonpayment) may be filled by the written consent of the Preferred Stock Director remaining in office, except that in the event that such vacancy is created as a result of such Preferred Stock Director being removed, or if no Preferred Stock Director remains in office, then such vacancy may be filled by a vote of the holders of record of a majority in voting power of the outstanding shares of the Mandatory Convertible Preferred Stock and any other series of Voting Preferred Stock then outstanding (voting together as a single class) when they have the voting powers described above; *provided, however*, that the election of any such Preferred Stock Directors to fill such vacancy will not cause us to violate the corporate governance requirements of the NYSE (or any other exchange or automated quotation system on which our securities may be listed or quoted) that requires listed or quoted companies to have a majority of independent directors. The Preferred Stock Directors will each be entitled to one vote per director on any matter that comes before our Board of Directors for a vote.

So long as any shares of the Mandatory Convertible Preferred Stock are outstanding, we will not, without the affirmative vote or consent of the holders of record of at least two-thirds in voting power of the outstanding shares of the Mandatory Convertible Preferred Stock and all other series of Voting Preferred Stock at the time outstanding and entitled to vote thereon, voting together as a single class, given in person or by proxy, by written consent without a meeting or by vote at an annual or special meeting of such stockholders:

- amend or alter the provisions of our amended and restated certificate of incorporation so as to authorize or create, or increase the authorized number of, any class or series of Senior Stock;
- amend, alter or repeal any provision of our amended and restated certificate of incorporation or the Certificate of Designations for the Mandatory Convertible Preferred Stock so as to adversely affect the special rights, preferences or voting powers of the Mandatory Convertible Preferred Stock; or
- consummate a binding share exchange or reclassification involving the shares of the Mandatory Convertible Preferred Stock, a merger or consolidation of us with another entity or a conversion of the Company or domestication in or transfer to a foreign jurisdiction, unless in each case: (i) the shares of the Mandatory Convertible Preferred Stock remain outstanding following the consummation of such binding share exchange, reclassification, merger or consolidation or, in the case of (x) any such merger or consolidation with respect to which we are not the surviving or resulting entity (or the Mandatory Convertible Preferred Stock is otherwise exchanged or reclassified) or (y) any such conversion, domestication or transfer, are converted or reclassified into or exchanged for preference securities of the surviving or resulting entity, of the converted, domesticated or transferred entity or, in either case, such entity's ultimate parent; and (ii) the shares of the Mandatory Convertible Preferred Stock that remain outstanding or such shares of preference securities, as the case may be, have such rights, preferences and voting powers that, taken as a whole, are not materially less favorable to the holders thereof than the rights, preferences and voting powers, taken as a whole, of the Mandatory Convertible Preferred Stock immediately prior to the consummation of such transaction;

provided, however, that in the event that a transaction would trigger voting powers under both the second and the third bullet point above, the third bullet point will govern; *provided, further, however*, that (1) any increase in the number of our authorized but unissued shares of our preferred stock, (2) any increase in the number of authorized or issued shares of the Mandatory Convertible Preferred Stock or (3) the creation and issuance, or increase in the authorized or issued number, of any class or series of Parity Stock or Junior Stock, will be deemed not to adversely affect (or to otherwise cause to be materially less favorable) the rights, preferences or voting powers of

the Mandatory Convertible Preferred Stock and shall not require the affirmative vote or consent of holders of the Mandatory Convertible Preferred Stock. Our amended and restated certificate of incorporation and Delaware law permit us, without the approval of any of our stockholders (including any holders of the Mandatory Convertible Preferred Stock), to establish and issue a new series of preferred stock ranking equally with or junior to the Mandatory Convertible Preferred Stock, which may dilute the voting and other interests of holders of the Mandatory Convertible Preferred Stock. See “Description of Capital Stock—Preferred Stock” in the accompanying prospectus.

As of the date of this prospectus supplement, we had no shares of preferred stock.

If any amendment, alteration, repeal, share exchange, reclassification, merger or consolidation or conversion, domestication or transfer described above would adversely affect the rights, preferences or voting powers of one or more but not all series of Voting Preferred Stock (including the Mandatory Convertible Preferred Stock for this purpose), then only the series of Voting Preferred Stock, the rights, preferences or voting powers of which are adversely affected and entitled to vote, shall vote as a class in lieu of all other series of Voting Preferred Stock.

Without the vote or consent of the holders of the Mandatory Convertible Preferred Stock, so long as such action does not adversely affect the special rights, preferences or voting powers of the Mandatory Convertible Preferred Stock, and limitations and restrictions thereof, we may amend, alter, correct, supplement or repeal any terms of the Mandatory Convertible Preferred Stock for the following purposes:

- to cure any ambiguity, omission or mistake, or to correct or supplement any provision contained in the Certificate of Designations establishing the terms of the Mandatory Convertible Preferred Stock that may be defective or inconsistent with any other provision contained in such Certificate of Designations;
- to make any provision with respect to matters or questions relating to the Mandatory Convertible Preferred Stock that is not inconsistent with the provisions of our amended and restated certificate of incorporation or the Certificate of Designations establishing the terms of the Mandatory Convertible Preferred Stock; or
- to make any other change that does not adversely affect the rights of any holder of the Mandatory Convertible Preferred Stock (other than any holder that consents to such change).

In addition, without the consent of the holders of the Mandatory Convertible Preferred Stock, we may amend, alter, supplement or repeal any terms of the Mandatory Convertible Preferred Stock in order to (i) conform the terms thereof to the description of the terms of the Mandatory Convertible Preferred Stock set forth under “Description of Mandatory Convertible Preferred Stock” in the preliminary prospectus supplement relating to this offering, as supplemented and/or amended by any related pricing term sheet or (ii) file a certificate of correction with respect to the Certificate of Designations to the extent permitted by Section 103(f) of the Delaware General Corporation Law.

In connection with any vote expressly set forth in this section, the number of votes that each share of Mandatory Convertible Preferred Stock (and any Voting Preferred Stock participating in the votes set forth in this section) will have will be equal to the respective per share liquidation preference amounts of the Mandatory Convertible Preferred Stock and such other Voting Preferred Stock.

Mandatory Conversion

Each outstanding share of the Mandatory Convertible Preferred Stock will automatically convert on the Mandatory Conversion Date (as defined below), into a number of shares of our common stock equal to the Conversion Rate described below.

Table of Contents

The “Conversion Rate,” which is the number of shares of our common stock issuable upon conversion of each share of the Mandatory Convertible Preferred Stock on the Mandatory Conversion Date (excluding any shares of our common stock issued in respect of accrued and unpaid dividends, as described below), will be as follows:

- if the Applicable Market Value (as defined below) of our common stock is greater than the Threshold Appreciation Price, which is approximately \$98.97, the Conversion Rate will be 0.5052 shares of our common stock per share of the Mandatory Convertible Preferred Stock (the “Minimum Conversion Rate”);
- if the Applicable Market Value of our common stock is less than or equal to the Threshold Appreciation Price but equal to or greater than the Initial Price, which is approximately \$82.48, the Conversion Rate will be equal to \$50.00, *divided by* the Applicable Market Value of our common stock, rounded to the nearest ten-thousandth of a share; or
- if the Applicable Market Value of our common stock is less than the Initial Price, the Conversion Rate will be 0.6062 shares of our common stock per share of the Mandatory Convertible Preferred Stock (the “Maximum Conversion Rate”).

For the avoidance of doubt, the Conversion Rate per share of the Mandatory Convertible Preferred Stock will in no event exceed the Maximum Conversion Rate, subject to adjustment as described under “—Anti-Dilution Adjustments” below and exclusive of any amounts owing in respect of any Additional Conversion Amount or any accrued and unpaid dividends paid at our election in shares of common stock.

We refer to the Minimum Conversion Rate and the Maximum Conversion Rate collectively as the “Fixed Conversion Rates.” The Fixed Conversion Rates are subject to adjustment as described under “—Anti-Dilution Adjustments” below. The “Threshold Appreciation Price” is calculated by dividing \$50.00 by the Minimum Conversion Rate, and represents approximately 20% appreciation over the Initial Price. The “Initial Price” is calculated by dividing \$50.00 by the Maximum Conversion Rate and initially equals approximately \$82.48, the closing price of our common stock on August 8, 2023.

If we declare a dividend on the Mandatory Convertible Preferred Stock for the dividend period ending on, but excluding, July 31, 2026, we will pay such dividend to the holders of record as of the immediately preceding Regular Record Date, as described above under “—Dividends.” If, on or prior to July 31, 2026 we have not declared a dividend payable in the amount of all or any portion of the accumulated and unpaid dividends on the Mandatory Convertible Preferred Stock, the Conversion Rate will be adjusted so that holders receive an additional number of shares of our common stock equal to:

- the amount of such undeclared, accumulated and unpaid dividends per share of the Mandatory Convertible Preferred Stock (the “Additional Conversion Amount”), *divided by*
- the greater of (x) the Floor Price and (y) 97% of the Average Price (calculated using July 31, 2026 as the applicable Dividend Payment Date).

To the extent that the Additional Conversion Amount exceeds the product of such number of additional shares and 97% of the Average Price, we will, if we are legally able to do so, and to the extent permitted under the terms of the documents governing our indebtedness, declare and pay such excess amount in cash (computed to the nearest cent) pro rata per share to the holders of the Mandatory Convertible Preferred Stock. Any such payment in cash may not be permitted by our then existing debt instruments. To the extent that we are not able to pay such excess amount in cash under applicable law and in compliance with our indebtedness, we will not have any obligation to pay such amount in cash or deliver additional shares of our common stock in respect of such amount, and such amount will not form a part of the cumulative dividends on the shares of the Mandatory Convertible Preferred Stock.

Hypothetical Conversion Values Upon Mandatory Conversion

For illustrative purposes only, the following table shows the number of shares of our common stock that a holder of the Mandatory Convertible Preferred Stock would receive upon mandatory conversion of one share of the Mandatory Convertible Preferred Stock at various Applicable Market Values for our common stock. The table assumes that there will be no conversion adjustments as described above for any Additional Conversion Amount or as described below in “—Anti-Dilution Adjustments” and that dividends on the Mandatory Convertible Preferred Stock will be declared and paid in cash (and not in additional shares of our common stock). The actual Applicable Market Value of our common stock may differ from those set forth in the table below. Given an Initial Price of approximately \$82.48 and a Threshold Appreciation Price of approximately \$98.97, a holder of the Mandatory Convertible Preferred Stock would receive on the Mandatory Conversion Date the number of shares of our common stock per share of the Mandatory Convertible Preferred Stock set forth below, subject to the provisions described below with respect to any fractional share of our common stock:

Assumed Applicable Market Value of our common stock	Number of shares of our common stock to be received upon mandatory conversion	Assumed conversion value (calculated as Applicable Market Value multiplied by the number of shares of our common stock to be received upon mandatory conversion)
\$ 70.00	0.6062	\$ 42.43
\$ 75.00	0.6062	\$ 45.47
\$ 80.00	0.6062	\$ 48.50
\$ 85.00	0.5882	\$ 50.00
\$ 90.00	0.5556	\$ 50.00
\$ 95.00	0.5263	\$ 50.00
\$100.00	0.5052	\$ 50.52
\$110.00	0.5052	\$ 55.57
\$120.00	0.5052	\$ 60.62
\$140.00	0.5052	\$ 70.73
\$160.00	0.5052	\$ 80.83
\$180.00	0.5052	\$ 90.94
\$200.00	0.5052	\$101.04

Accordingly, assuming that the market price of our common stock on the Mandatory Conversion Date is the same as the Applicable Market Value of our common stock, the aggregate market value of our common stock you receive upon mandatory conversion of a share of the Mandatory Convertible Preferred Stock (excluding any shares of our common stock you receive in respect of accrued and unpaid dividends) will be:

- greater than the \$50.00 liquidation preference of the share of the Mandatory Convertible Preferred Stock, if the Applicable Market Value is greater than the Threshold Appreciation Price;
- equal to the \$50.00 liquidation preference of the share of the Mandatory Convertible Preferred Stock, if the Applicable Market Value is less than or equal to the Threshold Appreciation Price and greater than or equal to the Initial Price; and
- less than the \$50.00 liquidation preference of the share of the Mandatory Convertible Preferred Stock, if the Applicable Market Value is less than the Initial Price.

Certain Definitions

“Applicable Market Value” means the Average VWAP per share of our common stock over the Settlement Period (as defined below).

“Close of Business” means 5:00 p.m., New York City time.

Table of Contents

“Mandatory Conversion Date” means the second Business Day immediately following the last Trading Day of the Settlement Period. The Mandatory Conversion Date is expected to be July 31, 2026. If the Mandatory Conversion Date occurs after July 31, 2026 (whether because a Scheduled Trading Day during the Settlement Period is not a Trading Day due to the occurrence of a Market Disruption Event (as defined below) or otherwise), no interest or other amounts will accrue as a result of such postponement.

“Market Disruption Event” means:

- a failure by the Relevant Stock Exchange to open for trading during its regular trading session; or
- the occurrence or existence, prior to 1:00 p.m., New York City time, on any Scheduled Trading Day for our common stock, for more than a one half-hour period in the aggregate during regular trading hours, of any suspension or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise) in our common stock.

“Open of Business” means 9:00 a.m., New York City time.

“Relevant Stock Exchange” means the NYSE or, if our common stock is not then listed on the NYSE, on the principal other U.S. national or regional securities exchange on which our common stock is then listed or, if our common stock is not then listed on a U.S. national or regional securities exchange, on the principal other market on which our common stock is then listed or admitted for trading.

A “Scheduled Trading Day” is any day that is scheduled to be a Trading Day.

“Settlement Period” means the 20 consecutive Trading Day period beginning on, and including, the 21st Scheduled Trading Day immediately preceding July 31, 2026.

A “Trading Day” means a day on which:

- there is no Market Disruption Event; and
- trading in our common stock generally occurs on the Relevant Stock Exchange;

provided, however, that if our common stock is not listed or admitted for trading, “Trading Day” means any Business Day.

“VWAP” per share of our common stock on any Trading Day means the per share volume-weighted average price as displayed on Bloomberg page “APO <equity> AQR” (or its equivalent successor if such page is not available) in respect of the period from the scheduled open of trading until the scheduled close of trading of the primary trading session on such Trading Day (or, if such volume-weighted average price is not available, the market value per share of our common stock on such Trading Day as determined, using a volume-weighted average method, by a nationally recognized independent investment banking firm retained by us for this purpose, which may include any of the underwriters for this offering). The “Average VWAP” per share over a certain period means the arithmetic average of the VWAP per share for each Trading Day in the relevant period.

Early Conversion at the Option of the Holder

Other than during a Fundamental Change Conversion Period (as defined below under “—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount”), holders of the Mandatory Convertible Preferred Stock will have the option to convert their Mandatory Convertible Preferred Stock, in whole or in part (but in no event in increments of less than one share of the Mandatory Convertible Preferred Stock), at any time prior to July 31, 2026 (an “Early Conversion”), into shares of our common stock at the Minimum Conversion Rate of 0.5052 shares of our common stock per share of the Mandatory Convertible Preferred Stock, subject to adjustment as described under “—Anti-Dilution Adjustments” below.

If, as of the Conversion Date (as defined below) of any Early Conversion (the “Early Conversion Date”), we have not declared all or any portion of the accumulated and unpaid dividends for all full dividend periods ending on or prior to the Dividend Payment Date immediately prior to such Early Conversion Date, the conversion rate for such Early Conversion will be adjusted so that holders converting their Mandatory Convertible Preferred Stock at such time receive an additional number of shares of our common stock equal to:

- such amount of undeclared, accumulated and unpaid dividends per share of the Mandatory Convertible Preferred Stock for such prior full dividend periods (the “Early Conversion Additional Amount”), *divided by*
- the greater of (x) the Floor Price and (y) the Average VWAP per share of our common stock over the 20 consecutive Trading Day period (the “Early Conversion Settlement Period”) commencing on, and including, the 21st Scheduled Trading Day immediately preceding the Early Conversion Date (such Average VWAP, the “Early Conversion Average Price”).

To the extent that the Early Conversion Additional Amount exceeds the product of such number of additional shares and the Early Conversion Average Price, we will not have any obligation to pay the shortfall in cash or deliver shares of our common stock in respect of such shortfall.

Except as described above, upon any Early Conversion of any Mandatory Convertible Preferred Stock, we will make no payment or allowance for unpaid dividends on such shares of the Mandatory Convertible Preferred Stock, unless such Early Conversion Date occurs after the Regular Record Date for a declared dividend and on or prior to the immediately succeeding Dividend Payment Date, in which case such dividend will be paid on such Dividend Payment Date to the holder of record of the converted shares of the Mandatory Convertible Preferred Stock as of such Regular Record Date, as described in the section above entitled “—Dividends.”

Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount

General

If a “Fundamental Change” (as defined below) occurs on or prior to July 31, 2026, holders of the Mandatory Convertible Preferred Stock will have the right (the “Fundamental Change Conversion Right”) during the Fundamental Change Conversion Period (as defined below) to:

- (i) convert their shares of the Mandatory Convertible Preferred Stock, in whole or in part (but in no event in increments of less than one share of the Mandatory Convertible Preferred Stock), into a number of shares of our common stock (or Units of Exchange Property as described below) at the conversion rate specified in the table below (the “Fundamental Change Conversion Rate”);
- (ii) with respect to such converted shares, receive a Fundamental Change Dividend Make-Whole Amount (as defined below) payable in cash or shares of our common stock; and
- (iii) with respect to such converted shares, receive the Accumulated Dividend Amount (as defined below) payable in cash or shares of our common stock,

subject, in the case of clauses (ii) and (iii), to certain limitations with respect to the number of shares of our common stock that we will be required to deliver, all as described below. Notwithstanding clauses (ii) and (iii) above, if the Fundamental Change Effective Date (as defined below) or the Fundamental Change Conversion Date (as defined below) falls after the Regular Record Date for a dividend period for which we have declared a dividend and prior to the next Dividend Payment Date, then we will pay such dividend on the relevant Dividend Payment Date to the holders of record on such Regular Record Date, as described in “—Dividends,” and the Accumulated Dividend Amount will not include the amount of such dividend, and the Fundamental Change Dividend Make-Whole Amount will not include the present value of the payment of such dividend.

To exercise the Fundamental Change Conversion Right, holders must submit their shares of the Mandatory Convertible Preferred Stock for conversion at any time during the period (the “Fundamental Change Conversion

Table of Contents

Period”) beginning on, and including, the Fundamental Change Effective Date and ending at the Close of Business on the date that is 20 calendar days after the Fundamental Change Effective Date (or, if applicable as described below, the date that is 20 calendar days after the date of notice of such Fundamental Change) but, in no event later than July 31, 2026. Holders of the Mandatory Convertible Preferred Stock that submit the shares for conversion during the Fundamental Change Conversion Period shall be deemed to have exercised their Fundamental Change Conversion Right. Holders who do not submit their shares for conversion during the Fundamental Change Conversion Period will not be entitled to convert their Mandatory Convertible Preferred Stock at the relevant Fundamental Change Conversion Rate or to receive the relevant Fundamental Change Dividend Make-Whole Amount or the Accumulated Dividend Amount. A Conversion Date occurring during such Fundamental Change Conversion Period is referred to herein as a “Fundamental Change Conversion Date.”

We will notify holders of the Fundamental Change Effective Date no later than the second Business Day immediately following such Fundamental Change Effective Date. If we notify holders of a Fundamental Change later than the second Business Day following the Fundamental Change Effective Date, the Fundamental Change Conversion Period will be extended by a number of days equal to the number of days from, and including, such Fundamental Change Effective Date to, but excluding, the date of the notice; *provided, however*, that the Fundamental Change Conversion Period will not be extended beyond July 31, 2026.

A “Fundamental Change” will be deemed to have occurred, at any time after the Initial Issue Date of the Mandatory Convertible Preferred Stock, if any of the following occurs:

- (i) the consummation of (A) any recapitalization, reclassification or change of our common stock (other than changes resulting from a subdivision or combination or change in par value) as a result of which our common stock would be converted into, or exchanged for, stock, other securities, other property or assets (including cash or a combination thereof); (B) any consolidation, merger or other combination of us or binding share exchange pursuant to which our common stock will be converted into, or exchanged for, stock, other securities or other property or assets (including cash or a combination thereof); or (C) any sale, lease or other transfer or disposition in one transaction or a series of transactions of all or substantially all of the consolidated assets of ours and our subsidiaries taken as a whole, to any person other than a Continuing Apollo Person or one or more of our wholly-owned subsidiaries.
- (ii) any “person” or “group” (as such terms are used for purposes of Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder (the “Exchange Act”), whether or not applicable), other than us, any of our wholly-owned subsidiaries, a Continuing Apollo Person or any of our or any of our wholly-owned subsidiaries’ employee benefit plans (or any person or entity acting solely in its capacity as trustee, agent or other fiduciary or administrator of any such plan), filing a Schedule TO or any schedule, form or report under the Exchange Act disclosing that such person or group has become the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of more than 50% of the total voting power in the aggregate of all classes of capital stock then outstanding entitled to vote generally in elections of our directors; or
- (iii) our common stock (or other common stock constituting Exchange Property (as defined under “—Recapitalizations, Reclassifications and Changes of Our Common Stock”)) ceases to be listed or quoted for trading on the NYSE, the Nasdaq Global Select Market or the Nasdaq Global Market (or another U.S. national securities exchange or any of their respective successors).

“Continuing Apollo Person” means, immediately prior to and immediately following any relevant date of determination, (a) an individual who is an executive or other employee of Apollo Global Management, Inc. and/or its subsidiaries who, as of any date of determination each has devoted substantially all of his or her business and professional time to the activities of Apollo Global Management, Inc. and/or its subsidiaries during the 12 month period immediately preceding such date, (b) any Person in which any one or more of such individuals

Table of Contents

directly or indirectly, singly or as a group, holds a majority of the controlling interests, (c) any Person that is a family member of such individual or individuals or (d) any trust, foundation or other estate planning vehicle for which such individual acts as a trustee or beneficiary (any Person referred to in clause (b), (c) or (d) is referred to as a “Related Party”). Notwithstanding the foregoing, each of the executive officers of Apollo Global Management, Inc. and any Related Party of each such executive officer shall be deemed to be a Continuing Apollo Person.

“Person” means any individual, partnership, firm, corporation, limited liability company, business trust, joint stock company, trust, unincorporated association, joint venture, governmental authority or other entity of whatever nature.

However, a transaction or transactions described in clause (i) or clause (ii) of the definition of “Fundamental Change” above will not constitute a Fundamental Change if at least 90% of the consideration received or to be received by our common stockholders, excluding cash payments for fractional shares or pursuant to statutory appraisal rights, in connection with such transaction or transactions consists of shares of common stock that are listed or quoted on any of the NYSE, the Nasdaq Global Select Market or the Nasdaq Global Market (or any of their respective successors) or will be so listed or quoted when issued or exchanged in connection with such transaction or transactions and as a result of such transaction or transactions such consideration (excluding cash payments for fractional shares or pursuant to statutory appraisal rights) becomes the Exchange Property.

Fundamental Change Conversion Rate

The Fundamental Change Conversion Rate will be determined by reference to the table below and is based on the effective date of such Fundamental Change (the “Fundamental Change Effective Date”) and the price (the “Fundamental Change Stock Price”) paid or deemed paid per share of our common stock in such Fundamental Change. If the holders of our common stock receive only cash in such Fundamental Change, the Fundamental Change Stock Price shall be the cash amount paid per share of common stock in such Fundamental Change. Otherwise, the Fundamental Change Stock Price shall be the Average VWAP per share of our common stock over the ten consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the Fundamental Change Effective Date.

The Fundamental Change Stock Prices set forth in the first row of the table below (*i.e.*, the column headers) will be adjusted as of any date on which the Fixed Conversion Rates of the Mandatory Convertible Preferred Stock are adjusted. The adjusted Fundamental Change Stock Prices will equal (i) the Fundamental Change Stock Prices applicable immediately prior to such adjustment, *multiplied by* (ii) a fraction, the numerator of which is the Minimum Conversion Rate immediately prior to the adjustment giving rise to the Fundamental Change Stock Price adjustment and the denominator of which is the Minimum Conversion Rate as so adjusted. Each of the Fundamental Change Conversion Rates in the table below will be subject to adjustment in the same manner and at the same time as each Fixed Conversion Rate as set forth in “—Anti-Dilution Adjustments.”

The following table sets forth the Fundamental Change Conversion Rate per share of the Mandatory Convertible Preferred Stock for each Fundamental Change Stock Price and Fundamental Change Effective Date set forth below.

Fundamental Change Effective Date	Fundamental Change Stock Price											
	\$30.00	\$45.00	\$60.00	\$82.48	\$90.00	\$95.00	\$98.97	\$115.00	\$130.00	\$145.00	\$160.00	\$175.00
August 11, 2023	0.5014	0.5211	0.5178	0.5048	0.5011	0.4991	0.4976	0.4933	0.4911	0.4900	0.4897	0.4898
July 31, 2024	0.5358	0.5500	0.5429	0.5215	0.5152	0.5117	0.5092	0.5017	0.4978	0.4958	0.4949	0.4947
July 31, 2025	0.5706	0.5802	0.5741	0.5423	0.5315	0.5252	0.5208	0.5085	0.5028	0.5004	0.4996	0.4995
July 31, 2026	0.6062	0.6062	0.6062	0.6062	0.5556	0.5263	0.5052	0.5052	0.5052	0.5052	0.5052	0.5052

The exact Fundamental Change Stock Price and Fundamental Change Effective Date may not be set forth in the table, in which case:

- if the Fundamental Change Stock Price is between two Fundamental Change Stock Price amounts in the table or the Fundamental Change Effective Date is between two Fundamental Change Effective Dates in the table, the Fundamental Change Conversion Rate will be determined by a straight-line interpolation between the Fundamental Change Conversion Rates set forth for the higher and lower Fundamental Change Stock Price amounts and the earlier and later Fundamental Change Effective Dates, as applicable, based on a 365- or 366-day year, as applicable;
- if the Fundamental Change Stock Price is in excess of \$175.00 per share (subject to adjustment in the same manner as the Fundamental Change Stock Prices set forth in the first row of the table above), then the Fundamental Change Conversion Rate will be the Minimum Conversion Rate; and
- if the Fundamental Change Stock Price is less than \$30.00 per share (subject to adjustment in the same manner as the Fundamental Change Stock Prices set forth in the first row of the table above), then the Fundamental Change Conversion Rate will be the Maximum Conversion Rate.

Fundamental Change Dividend Make-Whole Amount and Accumulated Dividend Amount

For any shares of the Mandatory Convertible Preferred Stock that are converted during the Fundamental Change Conversion Period, in addition to the common stock issued upon conversion at the Fundamental Change Conversion Rate, we will, at our option (subject to satisfaction of the requirements described below):

- (a) pay in cash (computed to the nearest cent), to the extent we are legally permitted to do so and to the extent permitted under the terms of the documents governing our indebtedness, an amount equal to the present value, calculated using a discount rate of 6.07% per annum, of all dividend payments (excluding any Accumulated Dividend Amount, and subject to the second sentence under “—General” above) on the Mandatory Convertible Preferred Stock for (i) the partial dividend period, if any, from, and including, the Fundamental Change Effective Date to, but excluding, the next Dividend Payment Date and (ii) all remaining full dividend periods from, and including, the Dividend Payment Date following the Fundamental Change Effective Date to, but excluding, July 31, 2026 (the “Fundamental Change Dividend Make-Whole Amount”);
- (b) increase the number of shares of our common stock (or Units of Exchange Property) to be issued upon conversion by a number equal to (i) the Fundamental Change Dividend Make-Whole Amount, *divided by* (ii) the greater of (x) the Floor Price and (y) 97% of the Fundamental Change Stock Price; or
- (c) pay the Fundamental Change Dividend Make-Whole Amount through any combination of cash and shares of our common stock (or Units of Exchange Property) in accordance with the provisions of clauses (a) and (b) above.

As used herein, the term “Accumulated Dividend Amount” means, with respect to any Fundamental Change, the aggregate amount of undeclared, accumulated and unpaid dividends, if any, for dividend periods prior to the relevant Fundamental Change Effective Date, including (but subject to the second sentence under “—General” above) for the partial dividend period, if any, from, and including, the Dividend Payment Date immediately preceding such Fundamental Change Effective Date to, but excluding, such Fundamental Change Effective Date. For the avoidance of doubt, if the Regular Record Date for a dividend period for which we have, as of the Fundamental Change Effective Date, declared a dividend occurs before or during the related Fundamental Change Conversion Period, then we will pay such dividend on the relevant Dividend Payment Date to the holders of record at the Close of Business on such Regular Record Date, as described in “—Dividends,” and the Accumulated Dividend Amount will not include the amount of such dividend, and the Fundamental Change Dividend Make-Whole Amount will not include the present value of such dividend.

The Accumulated Dividend Amount will be payable at our option (subject to satisfaction of the requirements described below):

- in cash (computed to the nearest cent), to the extent we are legally permitted to do so and to the extent permitted under the terms of the documents governing our indebtedness;
- in an additional number of shares of our common stock (or Units of Exchange Property) equal to (i) the Accumulated Dividend Amount, *divided by* (ii) the greater of (x) the Floor Price and (y) 97% of the Fundamental Change Stock Price; or
- through a combination of cash and shares of our common stock (or Units of Exchange Property) in accordance with the provisions of the preceding two bullets.

We will pay the Fundamental Change Dividend Make-Whole Amount and the Accumulated Dividend Amount in cash, except to the extent we elect on or prior to the second Business Day following the Fundamental Change Effective Date to make all or any portion of such payments in shares of our common stock (or Units of Exchange Property).

In addition, if we elect to deliver common stock (or Units of Exchange Property) in respect of all or any portion of the Fundamental Change Dividend Make-Whole Amount or the Accumulated Dividend Amount, to the extent that the Fundamental Change Dividend Make-Whole Amount or the Accumulated Dividend Amount or the dollar amount of any portion thereof paid in common stock (or Units of Exchange Property) exceeds the product of (x) the number of additional shares we deliver in respect thereof and (y) 97% of the Fundamental Change Stock Price, we will, if we are legally able to do so, and to the extent permitted under the terms of the documents governing our indebtedness, pay such excess amount in cash (computed to the nearest cent). Any such payment in cash may not be permitted by our then existing debt instruments, including any restricted payments covenants. To the extent that we are not able to pay such excess amount in cash under applicable law and in compliance with our indebtedness, we will not have any obligation to pay such amount in cash or deliver additional shares of our common stock in respect of such amount.

However, if we are prohibited from paying or delivering, as the case may be, the Fundamental Change Dividend Make-Whole Amount (whether in cash or in shares of our common stock), in whole or in part, due to limitations of applicable Delaware law, then the Fundamental Change Conversion Rate will instead be increased by a number of shares of common stock equal to the cash amount of the aggregate unpaid and undelivered Fundamental Change Dividend Make-Whole Amount, *divided by* the greater of (i) the Floor Price and (ii) 97% of the Fundamental Change Stock Price. To the extent that the cash amount of the aggregate unpaid and undelivered Fundamental Change Dividend Make-Whole Amount exceeds the product of such number of additional shares and 97% of the Fundamental Change Stock Price, we will not have any obligation to pay the shortfall in cash or deliver additional shares of our common stock in respect of such amount.

No fractional shares of our common stock (or to the extent applicable, Units of Exchange Property) will be delivered to converting holders of the Mandatory Convertible Preferred Stock in respect of the Fundamental Change Dividend Make-Whole Amount or the Accumulated Dividend Amount. We will instead, to the extent we are legally permitted to do so and to the extent permitted under the terms of the documents governing our indebtedness, pay a cash amount (computed to the nearest cent) to each converting holder that would otherwise be entitled to receive a fraction of a share of our common stock (or to the extent applicable, Units of Exchange Property) based on the Average VWAP per share of our common stock (or to the extent applicable, Units of Exchange Property) over the five consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the Fundamental Change Conversion Date. In the event that we cannot pay cash in lieu of a fractional share, we will instead round up to the nearest whole share for each holder.

Not later than the second Business Day following the Fundamental Change Effective Date, we will notify holders of:

- the Fundamental Change Conversion Rate (if we provide notice to holders prior to the anticipated Fundamental Change Effective Date, specifying how the Fundamental Change Conversion Rate will be determined);
- the Fundamental Change Dividend Make-Whole Amount and whether we will pay such amount in cash, shares of our common stock (or to the extent applicable, Units of Exchange Property) or a combination thereof, specifying the combination, if applicable; and
- the Accumulated Dividend Amount as of the Fundamental Change Effective Date and whether we will pay such amount in cash, shares of our common stock (or to the extent applicable, Units of Exchange Property) or a combination thereof, specifying the combination, if applicable.

Our obligation to deliver shares at the Fundamental Change Conversion Rate and pay the Fundamental Change Dividend Make-Whole Amount (whether in cash, our common stock or any combination thereof) could be considered a penalty under state law, in which case the enforceability thereof would be subject to general principles of reasonableness of economic remedies and therefore may not be enforceable in whole or in part.

Conversion Procedures

Upon Mandatory Conversion

Any outstanding shares of the Mandatory Convertible Preferred Stock will mandatorily and automatically convert into shares of common stock on the Mandatory Conversion Date. You will not be required to pay any transfer or similar taxes or duties relating to the issuance or delivery of our common stock upon conversion, but you will be required to pay any tax or duty that may be payable relating to any transfer involved in the issuance or delivery of the common stock in a name other than your own.

A certificate representing the shares of common stock issuable upon conversion will be issued and delivered to the converting holder, or, if the Mandatory Convertible Preferred Stock being converted is in global form, the shares of common stock issuable upon conversion shall be delivered to the converting holder through the facilities of DTC, in each case together with delivery by us to the converting holder of any cash to which the converting holder is entitled, only after all applicable taxes and duties, if any, payable by you have been paid in full, and such shares and cash will be delivered on the later of (i) the Mandatory Conversion Date and (ii) the Business Day after you have paid in full all applicable taxes and duties, if any.

The person or persons entitled to receive the shares of our common stock issuable upon mandatory conversion of the Mandatory Convertible Preferred Stock will be treated as the record holder(s) of such shares as of the Close of Business on the Mandatory Conversion Date. Prior to the Close of Business on the Mandatory Conversion Date, the common stock issuable upon conversion of the Mandatory Convertible Preferred Stock on the Mandatory Conversion Date will not be deemed to be outstanding for any purpose and you will have no rights, powers or preferences with respect to such common stock, including voting powers, rights to respond to tender offers and rights to receive any dividends or other distributions on the common stock, by virtue of holding the Mandatory Convertible Preferred Stock.

Upon Early Conversion or Upon Early Fundamental Change Conversion

If you elect to convert the Mandatory Convertible Preferred Stock prior to the Mandatory Conversion Date, in the manner described in “—Early Conversion at the Option of the Holder” or “—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount” (an “Early Fundamental Change Conversion”), you must observe the following conversion procedures:

- If shares of the Mandatory Convertible Preferred Stock are in global form, to convert the Mandatory Convertible Preferred Stock you must deliver to DTC the appropriate instruction form for conversion pursuant to DTC’s conversion program.
- If shares of the Mandatory Convertible Preferred Stock are held in certificated form, you must comply with certain procedures set forth in the Certificate of Designations for the Mandatory Convertible Preferred Stock.

In either case, if required, you must pay all transfer or similar taxes or duties, if any, as described below.

The “Conversion Date” will be the date on which you have satisfied the foregoing requirements with respect to an Early Conversion or an Early Fundamental Change Conversion.

You will not be required to pay any transfer or similar taxes or duties relating to the issuance or delivery of our common stock if you exercise your conversion rights, but you will be required to pay any tax or duty that may be payable relating to any transfer involved in the issuance or delivery of the common stock in a name other than your own.

A certificate representing shares of common stock issuable upon conversion will be issued and delivered to the converting holder, or, if the Mandatory Convertible Preferred Stock being converted is in global form, the shares of common stock issuable upon conversion shall be delivered through the facilities of DTC, in each case together with delivery by us to the converting holder of any cash to which the converting holder is entitled, only after all applicable taxes and duties, if any, payable by you have been paid in full, and such shares and cash will be delivered on the latest of (i) the second Business Day immediately succeeding the Conversion Date, (ii) if applicable, the second Business Day immediately succeeding the last day of the Early Conversion Settlement Period and (iii) the Business Day after you have paid in full all applicable taxes and duties, if any.

The person or persons entitled to receive the shares of common stock issuable upon an Early Conversion or an Early Fundamental Change Conversion of the Mandatory Convertible Preferred Stock will be treated as the record holder(s) of such shares as of the Close of Business on the applicable Conversion Date. Prior to the Close of Business on the applicable Conversion Date, the shares of common stock issuable upon conversion of any shares of the Mandatory Convertible Preferred Stock will not be deemed to be outstanding for any purpose, and you will have no rights, powers or preferences with respect to such common stock, including voting powers, rights to respond to tender offers for the common stock and rights to receive any dividends or other distributions on the common stock, by virtue of holding the Mandatory Convertible Preferred Stock.

Fractional Shares

No fractional shares of our common stock will be issued to holders of the Mandatory Convertible Preferred Stock upon conversion. In lieu of any fractional shares of our common stock otherwise issuable in respect of the aggregate number of shares of the Mandatory Convertible Preferred Stock of any holder that are converted, that holder will be entitled to receive an amount in cash (computed to the nearest cent) equal to the product of: (i) that same fraction; and (ii) the Average VWAP of our common stock over the five consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the applicable Conversion Date. In the event that we cannot pay cash in lieu of a fractional share, we will instead round up to the nearest whole share for each holder.

Subject to any applicable rules and procedures of DTC, if more than one share of the Mandatory Convertible Preferred Stock is to be automatically converted on the Mandatory Conversion Date or is surrendered for conversion at one time, in each case, by or for the same holder, the number of full shares of our common stock issuable upon conversion thereof shall be computed on the basis of the aggregate number of shares of the Mandatory Convertible Preferred Stock to be automatically converted or so surrendered, as the case may be.

Anti-Dilution Adjustments

Each Fixed Conversion Rate will be adjusted as described below, except that we will not make any adjustments to the Fixed Conversion Rates if holders of the Mandatory Convertible Preferred Stock participate (other than in the case of a share split or share combination), at the same time and upon the same terms as holders of our common stock and solely as a result of holding the Mandatory Convertible Preferred Stock, in any of the transactions described below without having to convert their Mandatory Convertible Preferred Stock as if they held a number of shares of common stock equal to (i) the Maximum Conversion Rate as of the record date for such transaction, *multiplied by* (ii) the number of shares of the Mandatory Convertible Preferred Stock held by such holder.

- (1) If we exclusively issue shares of our common stock as a dividend or distribution on shares of our common stock, or if we effect a share split or share combination, each Fixed Conversion Rate will be adjusted based on the following formula:

$$CRI = CR0 \times \frac{OS1}{OS0}$$

where,

- CR0 = such Fixed Conversion Rate in effect immediately prior to the Close of Business on the record date (as defined below) of such dividend or distribution, or immediately prior to the Open of Business on the effective date of such share split or share combination, as applicable;
- CR1 = such Fixed Conversion Rate in effect immediately after the Close of Business on such record date or immediately after the Open of Business on such effective date, as applicable;
- OS0 = the number of shares of our common stock outstanding immediately prior to the Close of Business on such record date or immediately prior to the Open of Business on such effective date, as applicable, before giving effect to such dividend, distribution, share split or share combination; and
- OS1 = the number of shares of our common stock outstanding immediately after giving effect to such dividend, distribution, share split or share combination.

Any adjustment made under this clause (1) shall become effective immediately after the Close of Business on the record date for such dividend or distribution, or immediately after the Open of Business on the effective date for such share split or share combination, as applicable. If any dividend or distribution of the type described in this clause (1) is declared but not so paid or made, each Fixed Conversion Rate shall be immediately readjusted, effective as of the date our Board of Directors or a committee thereof determines not to pay such dividend or distribution, to such Fixed Conversion Rate that would then be in effect if such dividend or distribution had not been declared. For the purposes of this clause (1), the number of shares of our common stock outstanding immediately prior to the Close of Business on the record date or immediately prior to the Open of Business on the relevant effective date, as the case may be, and the number of shares of our common stock outstanding immediately after giving effect to such dividend, distribution, share split or share combination shall, in each case, not include shares that we hold in treasury. We will not pay any dividend or make any distribution on shares of our common stock that we hold in treasury.

“effective date” as used in this clause (1) means the first date on which the shares of our common stock trade on the Relevant Stock Exchange, regular way, reflecting the relevant share split or share combination, as applicable.

“record date” means, with respect to any dividend, distribution or other transaction or event in which the holders of our common stock (or other applicable security) have the right to receive any cash, securities or other property or in which our common stock (or such other security) is exchanged for or converted into any combination of cash, securities or other property, the date fixed for determination of holders of our common stock (or such other security) entitled to receive such cash, securities or other property (whether such date is fixed by our Board of Directors or a duly authorized committee thereof, statute, contract or otherwise).

- (2) If we issue to all or substantially all holders of our common stock any rights, options or warrants entitling them, for a period of not more than 45 calendar days after the announcement date of such issuance, to subscribe for or purchase shares of our common stock at a price per share that is less than the Average VWAP per share of our common stock for the ten consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the date of announcement of such issuance, each Fixed Conversion Rate will be increased based on the following formula:

$$CRI = CR0 \times \frac{OS0 + X}{OS0 + Y}$$

where,

- CR0 = such Fixed Conversion Rate in effect immediately prior to the Close of Business on the record date for such issuance;
CR1 = such Fixed Conversion Rate in effect immediately after the Close of Business on such record date;
OS0 = the number of shares of our common stock outstanding immediately prior to the Close of Business on such record date;
X = the total number of shares of our common stock issuable pursuant to such rights, options or warrants; and
Y = the number of shares of our common stock equal to (i) the aggregate price payable to exercise such rights, options or warrants *divided by* (ii) the Average VWAP per share of our common stock over the ten consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the date of announcement of the issuance of such rights, options or warrants.

Any increase made under this clause (2) will be made successively whenever any such rights, options or warrants are issued and shall become effective immediately after the Close of Business on the record date for such issuance. To the extent that such rights, options or warrants are not exercised prior to their expiration or shares of common stock are not delivered after the exercise of such rights, options or warrants, each Fixed Conversion Rate shall be decreased to such Fixed Conversion Rate that would then be in effect had the increase with respect to the issuance of such rights, options or warrants been made on the basis of delivery of only the number of shares of common stock actually delivered, if any. If such rights, options or warrants are not so issued, each Fixed Conversion Rate shall be immediately readjusted, effective as of the date our Board of Directors or a committee thereof determines not to issue such rights, options or warrants, to such Fixed Conversion Rate that would then be in effect if such record date for such issuance had not occurred.

For the purpose of this clause (2), in determining whether any rights, options or warrants entitle the holders of our common stock to subscribe for or purchase shares of our common stock at less than such Average VWAP

Table of Contents

per share for the ten consecutive trading day period ending on, and including, the Trading Day immediately preceding the date of announcement of such issuance, and in determining the aggregate offering price of such shares of our common stock, there shall be taken into account any consideration received by us for such rights, options or warrants and any amount payable on exercise or conversion thereof, the value of such consideration, if other than cash, to be determined by our Board of Directors or a committee thereof.

- (3)(A) If we distribute shares of our capital stock, evidences of our indebtedness, other assets or property of ours or rights, options or warrants to acquire our capital stock or other securities, to all or substantially all holders of our common stock, excluding:
- dividends, distributions or issuances as to which the provisions set forth in clause (1) or (2) shall apply; dividends or distributions paid exclusively in cash as to which the provisions set forth in clause (4) below shall apply;
 - any dividends and distributions upon conversion of, or in exchange for, our common stock in connection with a recapitalization, reclassification, change, consolidation, merger or other combination, share exchange, or sale, lease or other transfer or disposition resulting in the change in the conversion consideration as described below under “—Recapitalizations, Reclassifications and Changes of Our Common Stock”;
 - except as otherwise described below, rights issued pursuant to a shareholder rights plan adopted by us; and
 - spin-offs as to which the provisions set forth below in clause (3)(B) shall apply;

then each Fixed Conversion Rate will be increased based on the following formula:

$$CRI = CR0 \times \frac{SP0}{SP0 - FMV}$$

where,

CR0	=	such Fixed Conversion Rate in effect immediately prior to the Close of Business on the record date for such distribution;
CRI	=	such Fixed Conversion Rate in effect immediately after the Close of Business on such record date;
SP0	=	the Average VWAP per share of our common stock over the ten consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the ex-date (as defined below) for such distribution; and
FMV	=	the fair market value (as determined by our Board of Directors or a committee thereof in good faith) of the shares of capital stock, evidences of indebtedness, assets, property, rights, options or warrants so distributed, expressed as an amount per share of our common stock on the ex-date for such distribution.

“ex-date” means the first date on which the shares of our common stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive the issuance, dividend or distribution in question, from us or, if applicable, from the seller of our common stock on such exchange or market (in the form of due bills or otherwise) as determined by such exchange or market.

Any increase made under clause (3)(A) above will become effective immediately after the Close of Business on the record date for such distribution. If such distribution is not so paid or made, each Fixed Conversion Rate shall be immediately readjusted, effective as of the date our Board of Directors or a committee thereof determines not to pay such dividend or distribution, to be such Fixed Conversion Rate that would then be in effect if such distribution had not been declared.

Notwithstanding the foregoing, if “FMV” (as defined above) is equal to or greater than “SP0” (as defined above), or if the difference is less than \$1.00, in lieu of the foregoing increase, each holder shall receive, in respect of each share of the Mandatory Convertible Preferred Stock, at the same time and upon the same terms as holders of our common stock, the amount and kind of our capital stock, evidences of our indebtedness, other assets or property of ours or rights, options or warrants to acquire our capital stock or other securities that such holder would have received if such holder owned a number of shares of common stock equal to the Maximum Conversion Rate in effect on the record date for the distribution.

If we issue rights, options or warrants that are only exercisable upon the occurrence of certain triggering events, then:

- we will not adjust the Fixed Conversion Rates pursuant to the foregoing in this clause (3)(A) until the earliest of these triggering events occurs; and
- we will readjust the Fixed Conversion Rates to the extent any of these rights, options or warrants are not exercised before they expire or are terminated without exercise by any holder thereof; *provided* that the rights, options or warrants trade together with our common stock and will be issued in respect of future issuances of the shares of our common stock.

(3)(B) With respect to an adjustment where there has been a payment of a dividend or other distribution on our common stock of shares of capital stock of any class or series, or similar equity interest, of or relating to a subsidiary or other business unit, that are, or, when issued, will be, listed or admitted for trading on a U.S. national securities exchange, which we refer to as a “spin-off,” each Fixed Conversion Rate will be increased based on the following formula:

$$CR1 = CR0 \times \frac{FMV0 + MP0}{MP0}$$

where,

- CR0 = such Fixed Conversion Rate in effect immediately prior to the Open of Business on the ex-date for the spin-off;
- CR1 = such Fixed Conversion Rate in effect immediately after the Open of Business on the ex-date for the spin-off;
- FMV0 = the Average VWAP per share of the capital stock or similar equity interest distributed to holders of our common stock applicable to one share of our common stock over the ten consecutive Trading Day period commencing on, and including, the ex-date for the spin-off (the “valuation period”); and
- MP0 = the Average VWAP per share of our common stock over the valuation period.

The increase to each Fixed Conversion Rate under the preceding paragraph will be calculated as of the Close of Business on the last Trading Day of the valuation period but will be given retroactive effect as of immediately after the Open of Business on the ex-date of the spin-off. Because we will make the adjustment to each Fixed Conversion Rate with retroactive effect, we will delay the settlement of any conversion of the Mandatory Convertible Preferred Stock where any date for determining the number of shares of our common stock issuable to a holder occurs during the valuation period until the second Business Day after the last Trading Day of such valuation period. If such dividend or distribution is not so paid, each Fixed Conversion Rate shall be decreased, effective as of the date our Board of Directors or a committee thereof determines not to make or pay such dividend or distribution, to be such Fixed Conversion Rate that would then be in effect if such dividend or distribution had not been declared.

Table of Contents

- (4) If any cash dividend or distribution is made to all or substantially all holders of our common stock other than a regular, quarterly cash dividend that does not exceed \$0.43 per share (the “Initial Dividend Threshold”), each Fixed Conversion Rate will be adjusted based on the following formula:

$$CRI = CR0 \times \frac{SP0 - T}{SP0 - C}$$

where,

- CR0 = such Fixed Conversion Rate in effect immediately prior to the Close of Business on the record date for such dividend or distribution;
- CR1 = such Fixed Conversion Rate in effect immediately after the Close of Business on the record date for such dividend or distribution;
- SP0 = the Average VWAP per share of our common stock over the ten consecutive Trading Day period ending on, and including, the Trading Day immediately preceding the ex-date for such distribution;
- T = the Initial Dividend Threshold; provided that if the dividend or distribution is not a regular quarterly cash dividend, the Initial Dividend Threshold will be deemed to be zero; and
- C = the amount in cash per share we distribute to all or substantially all holders of our common stock.

The Initial Dividend Threshold is subject to adjustment in a manner inversely proportional to adjustments to each Fixed Conversion Rate *provided* that no adjustment will be made to the Initial Dividend Threshold for any adjustment to each Fixed Conversion Rate under this clause (4).

Any increase made under this clause (4) shall become effective immediately after the Close of Business on the record date for such dividend or distribution. If such dividend or distribution is not so paid, each Fixed Conversion Rate shall be decreased, effective as of the date our Board of Directors or a committee thereof determines not to make or pay such dividend or distribution, to be such Fixed Conversion Rate that would then be in effect if such dividend or distribution had not been declared.

Notwithstanding the foregoing, if “C” (as defined above) is equal to or greater than “SP0” (as defined above), or if the difference is less than \$1.00, in lieu of the foregoing increase, each holder shall receive, for each share of the Mandatory Convertible Preferred Stock, at the same time and upon the same terms as holders of shares of our common stock, the amount of cash that such holder would have received if such holder owned a number of shares of our common stock equal to the Maximum Conversion Rate on the record date for such cash dividend or distribution.

- (5) If we or any of our subsidiaries make a payment in respect of a tender or exchange offer for our common stock (and excluding a tender offer solely to holders of fewer than 100 shares of our common stock), to the extent that the cash and value of any other consideration included in the payment per share of common stock exceeds the Average VWAP per share of our common stock over the ten consecutive Trading Day period (the “averaging period”) commencing on, and including, the Trading Day next succeeding the last date on which tenders or exchanges may be made pursuant to such tender or exchange offer (the “expiration date”), each Fixed Conversion Rate will be increased based on the following formula:

$$CRI = CR0 \times \frac{AC + (SP1 \times OSI)}{OS0 \times SP1}$$

where,

- CR0 = such Fixed Conversion Rate in effect immediately prior to the Close of Business on the expiration date;
- CR1 = such Fixed Conversion Rate in effect immediately after the Close of Business on the expiration date;
- AC = the aggregate value of all cash and any other consideration (as determined by our Board of Directors or a committee thereof in good faith) paid or payable for shares purchased in such tender or exchange offer;
- OS0 = the number of shares of our common stock outstanding immediately prior to the expiration date (prior to giving effect to the purchase of all shares accepted for purchase or exchange in such tender or exchange offer);
- OS1 = the number of shares of our common stock outstanding immediately after the expiration date (after giving effect to the purchase of all shares accepted for purchase or exchange in such tender or exchange offer); and
- SP1 = the Average VWAP of our common stock over the averaging period.

The increase to each Fixed Conversion Rate under the preceding paragraph will be calculated at the Close of Business on the last Trading Day of the averaging period but will be given retroactive effect as of immediately after the Close of Business on the expiration date. Because we will make the adjustment to each Fixed Conversion Rate with retroactive effect, we will delay the settlement of any conversion of the Mandatory Convertible Preferred Stock where any date for determining the number of shares of our common stock issuable to a holder occurs during the averaging period until the second Business Day after the last Trading Day of the averaging period. For the avoidance of doubt, no adjustment under this clause (5) will be made if such adjustment would result in a decrease in any Fixed Conversion Rate; except as set forth below.

In the event that we or one of our subsidiaries is obligated to purchase shares of common stock pursuant to any such tender offer or exchange offer, but we or such subsidiary is permanently prevented by applicable law from effecting any such purchases, or all such purchases are rescinded, then each Fixed Conversion Rate shall again be adjusted to be such Fixed Conversion Rate that would then be in effect if such tender offer or exchange offer had not been made (or had been made only in respect of the purchases that have been made and not rescinded).

For the avoidance of doubt, for purposes of this clause (5), the term “tender offer” is used as such term is used in the Exchange Act and the term “exchange offer” means an exchange offer that constitutes a tender offer.

We may, to the extent permitted by law and the rules of NYSE or any other securities exchange on which our common stock or the Mandatory Convertible Preferred Stock is then listed, increase each Fixed Conversion Rate by any amount for a period of at least 20 Business Days if such increase is irrevocable during such 20 Business Days and our Board of Directors, or a committee thereof, determines that such increase would be in our best interest. In addition, we may make such increases in each Fixed Conversion Rate as we deem advisable in order to avoid or diminish any income tax to holders of our common stock resulting from any dividend or distribution of shares of our common stock (or issuance of rights or warrants to acquire shares of our common stock) or from any event treated as such for income tax purposes or for any other reason. We may only make such a discretionary adjustment if we make the same proportionate adjustment to each Fixed Conversion Rate.

Holders of the Mandatory Convertible Preferred Stock may, in certain circumstances, including a distribution of cash dividends to holders of our shares of common stock, be deemed to have received a

distribution subject to U.S. Federal income tax as a dividend as a result of an adjustment or the nonoccurrence of an adjustment to the Fixed Conversion Rates. See “Certain United States Federal Income and Estate Tax Consequences.”

If we have a rights plan in effect upon conversion of the Mandatory Convertible Preferred Stock into common stock, you will receive, in addition to any shares of common stock received in connection with such conversion, the rights under the rights plan. However, if, prior to any conversion, the rights have separated from the shares of common stock in accordance with the provisions of the applicable rights plan, each Fixed Conversion Rate will be adjusted at the time of separation as if we distributed to all or substantially all holders of our common stock, shares of our capital stock, evidences of indebtedness, assets, property, rights, options or warrants as described in clause (3)(A) above, subject to readjustment in the event of the expiration, termination or redemption of such rights. We do not currently have a stockholder rights plan in effect.

Adjustments to the Fixed Conversion Rates will be calculated to the nearest 1/10,000th of a share of our common stock. No adjustment to any Fixed Conversion Rate will be required unless the adjustment would require an increase or decrease of at least 1% of the Fixed Conversion Rate; *provided, however*, that if an adjustment is not made because the adjustment does not change the Fixed Conversion Rates by at least 1%, then such adjustment will be carried forward and taken into account in any future adjustment. Notwithstanding the foregoing, on each date for determining the number of shares of our common stock issuable to a holder upon any conversion of the Mandatory Convertible Preferred Stock, we will give effect to all adjustments that we have otherwise deferred pursuant to this sentence, and those adjustments will no longer be carried forward and taken into account in any future adjustment.

The Fixed Conversion Rates will not be adjusted:

- upon the issuance of any shares of our common stock pursuant to any present or future plan providing for the reinvestment of dividends or interest payable on our securities and the investment of additional optional amounts in common stock under any plan;
- upon the issuance of any shares of our common stock or warrants, options, units or other rights to or securities exercisable for the purchase or issuance of those shares pursuant to any present or future retirement, deferred compensation, incentive, equity or other benefit plan or program of or assumed by us or any of our subsidiaries;
- upon the issuance of any shares of our common stock pursuant to any option, warrant, right or exercisable, exchangeable or convertible security not described in the preceding bullet and outstanding as of the Initial Issue Date;
- for a change in the par value of our common stock;
- for stock repurchases that are not tender or exchange offers referred to in clause (5) of the adjustments above, including structured or derivative transactions or pursuant to a stock repurchase program approved by our Board of Directors;
- as a result of a tender offer that satisfies the exception described in clause (5) above for offers solely to holders of fewer than 100 shares of our common stock;
- as a result of a tender or exchange offer by a person other than us or one or more of our subsidiaries;
- for accumulated dividends on the Mandatory Convertible Preferred Stock, except as described above under “—Mandatory Conversion,” “—Early Conversion at the Option of the Holder” and “—Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount”; or
- for any other issuance of shares of our common stock or any securities convertible into or exchangeable for shares of our common stock or the right to purchase shares of our common stock or such convertible or exchangeable securities, except as described above.

Table of Contents

Except as otherwise provided above, we will be responsible for making all calculations called for under the Mandatory Convertible Preferred Stock. These calculations include, but are not limited to, determinations of the Fundamental Change Stock Price, the VWAPs, the Average VWAPs and the Fixed Conversion Rates of the Mandatory Convertible Preferred Stock and shall be made in good faith.

We will be required, within ten Business Days after the Fixed Conversion Rates are adjusted, to provide or cause to be provided written notice of the adjustment to the holders of the Mandatory Convertible Preferred Stock. We will also be required to deliver a statement setting forth in reasonable detail the method by which the adjustment to each Fixed Conversion Rate was determined and setting forth each adjusted Fixed Conversion Rate.

For the avoidance of doubt, if an adjustment is made to the Fixed Conversion Rates, no separate inversely proportionate adjustment will be made to the Initial Price or the Threshold Appreciation Price because the Initial Price is equal to \$50.00 *divided by* the Maximum Conversion Rate (as adjusted in the manner described herein) and the Threshold Appreciation Price is equal to \$50.00 *divided by* the Minimum Conversion Rate (as adjusted in the manner described herein).

Whenever the terms of the Mandatory Convertible Preferred Stock require us to calculate the VWAP per share of our common stock over a span of multiple days, our Board of Directors or an authorized committee thereof will make appropriate adjustments in good faith (including, without limitation, to the Applicable Market Value, the Early Conversion Average Price, the Fundamental Change Stock Price and the Average Price (as the case may be)) to account for any adjustments to the Fixed Conversion Rates (as the case may be) that become effective, or any event that would require such an adjustment if the ex-date, effective date, record date or expiration date (as the case may be) of such event occurs, during the relevant period used to calculate such prices or values (as the case may be).

If:

- the record date for a dividend or distribution on shares of our common stock occurs after the end of the 20 consecutive Trading Day period used for calculating the Applicable Market Value and before the Mandatory Conversion Date; and
- that dividend or distribution would have resulted in an adjustment of the number of shares issuable to the holders of the Mandatory Convertible Preferred Stock had such record date occurred on or before the last Trading Day of such 20-Trading Day period,

then we will deem the holders of the Mandatory Convertible Preferred Stock to be holders of record of our common stock for purposes of that dividend or distribution. In this case, the holders of the Mandatory Convertible Preferred Stock would receive the dividend or distribution on our common stock together with the number of shares of our common stock issuable upon mandatory conversion of the Mandatory Convertible Preferred Stock.

Recapitalizations, Reclassifications and Changes of Our Common Stock

In the event of:

- any consolidation or merger of us with or into another person or any conversion of the Company or domestication in or transfer to a foreign jurisdiction;
- any sale, transfer, lease or conveyance to another person of all or substantially all of our property and assets;
- any reclassification of our common stock into securities, including securities other than our common stock; or
- any statutory exchange of our securities with another person (other than in connection with a merger or acquisition or conversion of the Company or domestication in or transfer to a foreign jurisdiction),

Table of Contents

in each case, as a result of which our common stock would be converted into, or exchanged for, stock, other securities or other property or assets (including cash or any combination thereof) (each, a “Reorganization Event”), each share of the Mandatory Convertible Preferred Stock outstanding immediately prior to such Reorganization Event shall, without the consent of the holders of the Mandatory Convertible Preferred Stock, become convertible into the kind of stock, other securities or other property or assets (including cash or any combination thereof) that such holder would have been entitled to receive if such holder had converted its Mandatory Convertible Preferred Stock into common stock immediately prior to such Reorganization Event (such stock, other securities or other property or assets (including cash or any combination thereof), the “Exchange Property,” with each “Unit of Exchange Property” meaning the kind and amount of Exchange Property that a holder of one share of common stock is entitled to receive).

If the transaction causes our common stock to be converted into, or exchanged for, the right to receive more than a single type of consideration (determined based in part upon any form of stockholder election), the Exchange Property into which the Mandatory Convertible Preferred Stock will be convertible will be deemed to be the weighted average of the types and amounts of consideration actually received by the holders of our common stock. We will notify holders of the Mandatory Convertible Preferred Stock of the weighted average referred as soon as practicable after such determination is made.

The number of “Units of Exchange Property” we will deliver for each share of the Mandatory Convertible Preferred Stock converted or as a payment of dividends on the Mandatory Convertible Preferred Stock, as applicable, following the effective date of such Reorganization Event will be determined as if references to our common stock in the description of the conversion rate applicable upon mandatory conversion, Early Conversion and Early Fundamental Change Conversion and/or the description of the relevant dividend payment provisions, as the case may be, were to Units of Exchange Property (without interest thereon and without any right to dividends or distributions thereon which have a record date prior to the date on which holders of the Mandatory Convertible Preferred Stock become holders of the underlying shares of our common stock). For the purpose of determining which bullet of the definition of conversion rate in the second paragraph under “—Mandatory Conversion” will apply upon mandatory conversion, and for the purpose of calculating the conversion rate if the second bullet is applicable, the value of a Unit of Exchange Property will be determined in good faith by our Board of Directors or an authorized committee thereof (which determination will be final), except that if a Unit of Exchange Property includes common stock or American Depositary Receipts, or “ADRs,” that are traded on a U.S. national securities exchange, the value of such common stock or ADRs will be the average over the 20 consecutive Trading Day period used for calculating the Applicable Market Value of the volume-weighted average prices for such common stock or ADRs, as displayed on the applicable Bloomberg screen (as determined in good faith by our Board of Directors or an authorized committee thereof (which determination will be final)); or, if such price is not available, the average market value per share of such common stock or ADRs over such period as determined, using a volume-weighted average method, by a nationally recognized independent investment banking firm retained by us for this purpose. The provisions of this paragraph will apply to successive Reorganization Events, and the provisions summarized under “—Anti-Dilution Adjustments” will apply to any shares of capital stock or ADRs of us or any successor received by the holders of shares of our common stock in any such Reorganization Event.

In connection with any adjustment to each Fixed Conversion Rate described above, we will also adjust the Initial Dividend Threshold (as defined under “—Anti-Dilution Adjustments”) based on the number of shares of common stock comprising the Exchange Property and (if applicable) the value of any non-stock consideration comprising the Exchange Property. If the Exchange Property is composed solely of non-stock consideration, the Initial Dividend Threshold will be zero.

We (or any successor to us) will, as soon as reasonably practicable (but in any event within 20 calendar days) after the occurrence of any Reorganization Event provide written notice to the holders of the Mandatory Convertible Preferred Stock of such occurrence and of the kind and amount of cash, securities or other property that constitute the Exchange Property. Failure to deliver such notice will not affect the operation of the provisions described in this section.

It is possible that certain consolidations, mergers, combinations or other transactions could result in tax gains or losses to the holders either as a result of the transaction or the conversion thereafter. Holders are encouraged to consult with their own tax advisors regarding the tax consequences of the ownership, disposition and conversion of the Mandatory Convertible Preferred Stock.

Notices

We will send all notices or communications to holders of the Mandatory Convertible Preferred Stock pursuant to the Certificate of Designations in writing by first class mail, postage prepaid, to the holders' respective addresses shown on the register for the Mandatory Convertible Preferred Stock. However, in the case of Mandatory Convertible Preferred Stock in the form of global securities, we are permitted to send notices or communications to holders pursuant to DTC's procedures, and notices and communications that we send in this manner will be deemed to have been properly sent to such holders in writing.

Reservation of Shares

We will at all times reserve and keep available out of the authorized and unissued shares of common stock, solely for issuance upon conversion of the Mandatory Convertible Preferred Stock, the maximum number of shares of our common stock as shall be issuable from time to time upon the conversion of all the shares of the Mandatory Convertible Preferred Stock then outstanding.

Transfer Agent, Registrar and Conversion and Dividend Disbursing Agent

American Stock Transfer & Trust Company, LLC is the transfer agent, registrar and conversion and dividend disbursing agent for the Mandatory Convertible Preferred Stock.

Book-Entry, Delivery and Form

The Mandatory Convertible Preferred Stock will be issued in global form. DTC or its nominee will be the sole registered holder of the Mandatory Convertible Preferred Stock. Ownership of beneficial interests in the Mandatory Convertible Preferred Stock in global form will be limited to persons who have accounts with DTC ("Participants") or persons who hold interests through such Participants. Ownership of beneficial interests in the Mandatory Convertible Preferred Stock in global form will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of Participants) and the records of Participants (with respect to interests of persons other than Participants).

So long as DTC, or its nominee, is the registered owner or holder of a global certificate representing the shares of the Mandatory Convertible Preferred Stock, DTC or such nominee, as the case may be, will be considered the sole holder of the shares of the Mandatory Convertible Preferred Stock represented by such global certificate for all purposes under the Certificate of Designations establishing the terms of the Mandatory Convertible Preferred Stock. No beneficial owner of an interest in the shares of the Mandatory Convertible Preferred Stock in global form will be able to transfer that interest except in accordance with the applicable procedures of DTC in addition to those provided for under the Certificate of Designations establishing the terms of the Mandatory Convertible Preferred Stock.

Payments of dividends on the global certificate representing the shares of the Mandatory Convertible Preferred Stock will be made to DTC or its nominee, as the case may be, as the registered holder thereof. None of us, the transfer agent, registrar, conversion or dividend disbursing agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global certificate representing the shares of the Mandatory Convertible Preferred Stock or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Table of Contents

We expect that DTC or its nominee, upon receipt of any payment of dividends in respect of a global certificate representing the shares of the Mandatory Convertible Preferred Stock, will credit Participants' accounts with payments in amounts proportionate to their respective beneficial ownership interests in the aggregate Liquidation Preference of such global certificate representing the shares of the Mandatory Convertible Preferred Stock as shown on the records of DTC or its nominee, as the case may be. We also expect that payments by Participants to owners of beneficial interests in such global certificate representing the shares of the Mandatory Convertible Preferred Stock held through such Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such Participants.

Transfers between Participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds.

We understand that DTC is:

- a limited purpose trust company organized under the laws of the State of New York;
- a "banking organization" within the meaning of New York Banking Law;
- a member of the Federal Reserve System;
- a "clearing corporation" within the meaning of the Uniform Commercial Code; and
- a "Clearing Agency" registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC was created to hold securities for its Participants and facilitate the clearance and settlement of securities transactions between Participants through electronic book-entry changes in accounts of its Participants, thereby eliminating the need for physical movement of certificates. Participants include:

- securities brokers and dealers;
- banks and trust companies; and
- clearing corporations and certain other organizations.

Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (indirect Participants).

Although DTC is expected to follow the foregoing procedures in order to facilitate transfers of interests in a global security among its Participants, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of us, the transfer agent, registrar, conversion or dividend disbursing agent will have any responsibility for the performance by DTC or its Participants or indirect Participants of their respective obligations under the rules and procedures governing their operations.

If DTC is at any time unwilling or unable to continue as a depository for the shares of the Mandatory Convertible Preferred Stock in global form or DTC ceases to be registered as a clearing agency under the Exchange Act, and in either case a successor depository is not appointed by us within 90 days, we will issue certificated shares in exchange for the global securities. Beneficial interests in the Mandatory Convertible Preferred Stock in global form held by any direct or indirect participant may also be exchanged for certificated shares upon request to DTC by such direct participant (for itself or on behalf of an indirect participant), to the transfer agent in accordance with their respective customary procedures.

The information in this section concerning DTC and its book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a discussion of certain U.S. federal income tax consequences generally applicable, as of the date hereof, of the purchase, ownership, disposition, and conversion of the Mandatory Convertible Preferred Stock and the ownership and disposition of any common stock received in respect of the Mandatory Convertible Preferred Stock. The discussion is limited to beneficial owners who will hold the common stock or Mandatory Convertible Preferred Stock as “capital assets” within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”).

This discussion does not describe all of the tax consequences that may be relevant to beneficial owners in light of their particular circumstances, including alternative minimum tax and Medicare contribution tax consequences, or to beneficial owners subject to special rules, such as:

- banks or other financial institutions;
- insurance companies;
- traders, brokers or dealers in securities or currencies;
- traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;
- persons holding Mandatory Convertible Preferred Stock or common stock as part of a hedge, “straddle,” integrated or conversion transaction;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;
- U.S. Holders (as defined below) which hold Mandatory Convertible Preferred Stock, or the common stock, through a non-U.S. broker or other non-U.S. intermediary;
- foreign governments or international organizations;
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes (or holders of interests in such entities) or other pass-through entities or holders of interests therein;
- U.S. expatriates and former long-term U.S. residents;
- a person who acquired Mandatory Convertible Preferred Stock or common stock as compensation or otherwise in connection with the performance of services;
- tax-exempt organizations;
- persons required for U.S. federal income tax purposes to conform the timing of income accruals with respect to the Mandatory Convertible Preferred Stock or the common stock to their financial statements under Section 451 of the Code;
- “controlled foreign corporations” or “passive foreign investment companies”;
- corporations that accumulate earnings to avoid U.S. federal income taxes;
- common trust funds;
- hybrid entities;
- real estate investment trusts or regulated investment companies; or
- persons that own or are deemed to own 5% or more of the Mandatory Convertible Preferred Stock or our common stock (by vote or value).

This summary is based on the Code, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations as of the date hereof, changes to any of which or interpretations thereof may affect the tax consequences described herein (possibly with retroactive effect). We have not sought any ruling from the Internal Revenue Service (the “IRS”) or opinion of counsel with respect to the statements made and conclusions reached in this summary, and there can be no assurance that the IRS or a court will agree with these summary statements and conclusions.

This summary addresses only U.S. federal income tax consequences. Persons considering the purchase of Mandatory Convertible Preferred Stock are urged to consult their tax advisors with regard to the application of the U.S. federal income or other U.S. federal tax laws (including estate and gift tax laws) to their particular situations as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

As used herein, the term “U.S. Holder” means a beneficial owner of Mandatory Convertible Preferred Stock or common stock that is for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state thereof or the District of Columbia; or
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust (i) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined under the Code) have the authority to control all substantial decisions, or (ii) the trust has a valid election in effect under the applicable U.S. Treasury regulations to be treated as a United States person under the Code.

As used herein, the term “Non-U.S. Holder” means a beneficial owner of the Mandatory Convertible Preferred Stock that is neither a U.S. Holder nor a partnership for U.S. federal income tax purposes.

If an entity that is classified as a partnership for U.S. federal income tax purposes holds Mandatory Convertible Preferred Stock or common stock, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and upon the activities of the partnership. Partnerships holding Mandatory Convertible Preferred Stock or common stock and partners in such partnerships should consult their own tax advisors as to the particular U.S. federal income tax consequences applicable to them.

Tax Considerations Applicable to U.S. Holders

Taxation of Distributions

Distributions paid on our Mandatory Convertible Preferred Stock or shares of our common stock will be treated as dividends to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles) and will be includible in gross income by a U.S. Holder upon receipt. If a distribution exceeds our current and accumulated earnings and profits, the excess will be first treated as a tax-free return of the U.S. Holder’s investment, up to the U.S. Holder’s adjusted tax basis, in the Mandatory Convertible Preferred Stock or shares of our the common stock. Any remaining excess will be treated as capital gain and will be treated as described under “—Sale or Other Taxable Disposition of Our Stock” below. Subject to applicable limitations and restrictions, dividends paid to non-corporate U.S. Holders will be treated as “qualified dividend income” (as defined in the Code) taxable at favorable rates applicable to long-term capital gains. Subject to applicable limitations and restrictions, dividends paid to corporate U.S. Holders will be eligible for the dividends-received deduction. U.S. Holders should consult their own tax advisors regarding the application of reduced tax rates and the dividends-received deduction in their particular circumstances.

If we make a distribution on our Mandatory Convertible Preferred Stock in the form of shares of our common stock, although there is some uncertainty, we believe that such distribution will be taxable for U.S.

federal income tax purposes in the same manner as distributions described above. The amount of such distribution and a U.S. Holder's tax basis in such common stock will equal the fair market value of such common stock on the distribution date, and a U.S. Holder's holding period for such common stock will begin on the day following the distribution date. Because such distribution would not give rise to any cash from which any applicable withholding tax could be satisfied, if we (or an applicable withholding agent) pay backup withholding on behalf of a U.S. Holder (because such U.S. Holder failed to establish an exemption from backup withholding), we expect that the applicable withholding agent will withhold such taxes from shares of common stock or current or subsequent payments of cash to such U.S. Holder. U.S. Holders should consult with their tax advisors regarding the tax consequences of a common stock distribution on our Mandatory Convertible Preferred Stock.

Extraordinary Dividends

Dividends that exceed certain thresholds in relation to a U.S. Holder's tax basis in the Mandatory Convertible Preferred Stock or common stock could be characterized as "extraordinary dividends" under the Code. A corporate U.S. Holder that has held our Mandatory Convertible Preferred Stock or common stock for two years or less before the dividend announcement date and that receives an extraordinary dividend will generally be required to reduce its tax basis in the stock with respect to which such dividend was made by the nontaxed portion of such dividend. If the amount of the reduction exceeds the U.S. Holder's tax basis in such stock, the excess is taxable as capital gain realized on the sale or other taxable disposition of the Mandatory Convertible Preferred Stock or common stock and will be treated as described under "—Sale or Other Taxable Disposition of Our Stock" below. A non-corporate U.S. Holder that receives an extraordinary dividend will generally be required to treat any loss on the sale of our Mandatory Convertible Preferred Stock or common stock as long-term capital loss to the extent that any extraordinary dividends received by such non-corporate U.S. Holder would otherwise qualify as a dividend discussed above under "—Taxation of Distributions."

Adjustments to Conversion Rate

The conversion rate of our Mandatory Convertible Preferred Stock is subject to adjustment under specified circumstances. In such circumstances, a U.S. Holder that holds our Mandatory Convertible Preferred Stock may be deemed to have received a constructive distribution if the adjustment has the effect of increasing the U.S. Holder's proportionate interest in our assets or earnings and profits. In addition, the failure to make certain adjustments to the Mandatory Convertible Preferred Stock may cause a U.S. Holder of our common stock to be deemed to have received a constructive distribution from us, even though the U.S. Holder has not received any cash or property as a result of such adjustments. Such U.S. Holder would be subject to the rules discussed above under "—Taxation of Distributions." Adjustments to the conversion rate made pursuant to a bona fide reasonable adjustment formula which has the effect of preventing the dilution of the interest of the holders of the Mandatory Convertible Preferred Stock generally will not be deemed to result in a constructive distribution. Certain of the possible adjustments in the terms of the Mandatory Convertible Preferred Stock (including, without limitation, adjustments in respect of taxable dividends to our common stockholders) will not qualify as being made pursuant to a bona fide reasonable adjustment formula.

If an adjustment that does not qualify as being pursuant to a bona fide reasonable adjustment formula is made, a U.S. Holder of Mandatory Convertible Preferred Stock will be deemed to have received a constructive distribution from us, even though such U.S. Holder has not received any cash or property as a result of such adjustment. The tax consequences of the receipt of a distribution from us are described above under "—Taxation of Distributions." Because constructive distributions deemed received by a U.S. Holder would not give rise to any cash from which any applicable withholding could be satisfied, if we (or an applicable withholding agent) pay backup withholding on behalf of a U.S. Holder (because the U.S. Holder failed to establish an exemption from backup withholding), we expect that the applicable withholding agent will withhold such taxes from payments of cash or shares of common stock payable to the U.S. Holder. However, it is unclear whether a distribution treated as a dividend deemed paid to a non-corporate U.S. Holder would be eligible for the lower applicable long-term capital gains rates as described above under "—Taxation of Distributions." It is also unclear

whether corporate holders would be entitled to claim the dividends received deduction with respect to any such constructive dividends. Generally, a U.S. Holder's adjusted tax basis in the Mandatory Convertible Preferred Stock will be increased to the extent any such constructive distribution is treated as a dividend. U.S. Holders should consult their tax advisors on the impact a constructive distribution may have on their holding period in the Mandatory Convertible Preferred Stock.

The IRS has proposed Treasury Regulations addressing the amount and timing of constructive distributions as well as obligations of withholding agents and filing and notice obligations of the issuers in respect of such constructive distributions. If adopted as proposed, the Treasury Regulations would generally provide, among other things, that (i) the amount of a constructive distribution is the excess of the fair market value of the right to acquire common stock immediately after the conversion rate adjustment over the fair market value of the right to acquire common stock (determined immediately after the conversion rate adjustment) without the adjustment, and (ii) the constructive distribution occurs at the earlier of the date the adjustment occurs under the terms of the Mandatory Convertible Preferred Stock and the date of the actual distribution of cash or property that results in the constructive distribution. The final Treasury Regulations will be effective for deemed distributions occurring on or after the date of adoption, but holders of Mandatory Convertible Preferred Stock and withholding agents may rely on them prior to that date under certain circumstances.

Sale or Other Taxable Disposition of Our Stock

Upon the sale or the other taxable disposition of shares of Mandatory Convertible Preferred Stock (other than pursuant to a conversion into common stock or a Fundamental Change conversion described below) or common stock, a U.S. Holder generally will recognize taxable gain or loss equal to the difference between the amount realized on the sale or other taxable disposition (not including any proceeds attributable to declared and unpaid dividends, which will be taxable as described in "—Taxation of Distributions" above to U.S. Holders of record who have not previously included such dividends in income) and the holder's adjusted tax basis in such shares. Gain or loss realized on the sale or other taxable disposition generally will be capital gain or loss and will be long-term capital gain or loss if at the time of the sale or other taxable disposition the Mandatory Convertible Preferred Stock or the common stock has been held for more than one year. For non-corporate taxpayers, long-term capital gains are generally eligible for reduced rates of taxation. The deductibility of capital losses is subject to significant limitations under the Code.

Conversion of Mandatory Convertible Preferred Stock into Common Stock

Except as provided below, a U.S. Holder generally will not recognize any income, gain or loss upon the conversion of our Mandatory Convertible Preferred Stock into our common stock, except that any cash or common stock received in respect of accrued and unpaid dividends that have been declared will be taxable as described above under "—Taxation of Distributions," with any common stock received in respect of such dividends treated as if the U.S. Holder had received cash equal to the fair market value of any such common stock determined as of the date of conversion.

Because payments of common stock that are treated as dividends will not give rise to any cash from which any applicable withholding tax could be satisfied, if we (or an applicable withholding agent) pay backup withholding on behalf of a U.S. Holder (because such U.S. Holder failed to establish an exemption from backup withholding), we may, at our option, or an applicable withholding agent may, withhold such taxes from shares of common stock or current or subsequent payments of cash to such U.S. Holder.

Cash received upon conversion in lieu of a fractional common share generally will be treated as a payment in a taxable exchange for such fractional common share, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted tax basis allocable to the fractional common share deemed exchanged. This gain or loss will be long-term capital gain or loss if the U.S. Holder has held the Mandatory Convertible Preferred Stock for more than one year at the time of conversion.

The tax treatment of a U.S. Holder's receipt of any cash or common stock paid upon conversion in respect of accrued and unpaid dividends that have not been declared, or paid in respect of any make-whole dividend, is uncertain. Although not free from doubt, we believe the receipt of such cash or common stock should be treated as additional consideration received by the U.S. Holder upon conversion of the Mandatory Convertible Preferred Stock into common stock. Accordingly, the receipt of cash should be taxable to the extent of any gain realized by the U.S. Holder. For this purpose, gain generally would equal the excess, if any, of (i) the sum of the fair market value of our common stock received upon conversion (including any fractional common share for which cash is received) and the cash received (other than amounts of cash or common stock received in respect of accrued and unpaid dividends that have been declared) over (ii) the U.S. Holder's tax basis in our Mandatory Convertible Preferred Stock immediately prior to conversion. The character of such gain recognized (which will be the lesser of such gain and such cash) is uncertain. If the receipt of the cash attributable to dividends to be paid in respect of a portion of the then-current dividend period or future dividends is considered to have the effect of a dividend (i.e., it is not considered "not essentially equivalent to a dividend" as described below under "—Fundamental Change Conversion"), such gain (to the extent recognized) would be taxable as dividend income, to the extent of our current and accumulated earnings and profits. Alternatively, such gain could be capital gain. To the extent the amount of cash received in respect of accrued but unpaid dividends that have not been declared, or in respect of any make-whole dividend, exceeded the gain realized by a U.S. Holder, the excess amount would not be taxable to such U.S. Holder but would reduce its adjusted tax basis in our common stock.

U.S. Holders should be aware that the tax treatment described above in respect of the payments of cash or common stock made in respect of accrued and unpaid dividends that have not been declared and any make-whole dividends is not certain and may be challenged by the IRS, including on grounds that the amount received attributable to the accrued and unpaid dividends that have not been declared and any make-whole dividends represents a taxable dividend to the extent we have earnings and profits at the time of conversion, as described above under "—Taxation of Distributions," which may exceed the amount of gain otherwise recognized on conversion.

Except as discussed in the last sentence of this paragraph, a U.S. Holder's adjusted tax basis in shares of common stock received upon conversion of the Mandatory Convertible Preferred Stock (and any fractional shares of our common stock treated as received and then exchanged for cash) will equal the adjusted tax basis of the converted shares of the Mandatory Convertible Preferred Stock, increased by any gain recognized on the conversion and reduced by any cash received that was treated as additional consideration received in the conversion as discussed above, and the holding period of such shares of common stock will include the holding period of the converted shares of Mandatory Convertible Preferred Stock. A U.S. Holder's adjusted tax basis in common stock received may be further reduced under the rules described above under "—Extraordinary Dividends." Common stock received in payment of accrued but unpaid dividends that have been declared and taxed as a dividend upon receipt, if any, will have an adjusted tax basis equal to their fair market value on the date of conversion, and a new holding period which will commence on the day after the conversion.

In the event a U.S. Holder's Mandatory Convertible Preferred Stock is converted pursuant to certain transactions (including our consolidation or merger into another person), the tax treatment of such a conversion will depend upon the facts underlying the particular transaction triggering such a conversion. U.S. Holders should consult their own tax advisors to determine the specific tax treatment of a conversion under such circumstances.

Fundamental Change Conversion

If, as a result of a Fundamental Change conversion, a U.S. Holder receives from us a combination of cash and shares of our common stock pursuant to the payment of the Fundamental Change Make-Whole Amount, we intend to treat the Fundamental Change conversion as a recapitalization for U.S. federal income tax purposes. As a result, no loss would be recognized upon such Fundamental Change conversion, but the U.S. Holder would be required to recognize any gain in an amount equal to the lesser of (1) the cash payment (excluding cash received

in lieu of a fractional share of Mandatory Convertible Preferred Stock and cash received attributable to accrued but unpaid dividends that have been declared) and (2) the excess of (i) the fair market value of shares of our common stock and cash received in the Fundamental Change conversion (excluding shares of common stock or cash received attributable to accrued but unpaid dividends that have been declared) over (ii) the U.S. Holder's adjusted tax basis in the Mandatory Convertible Preferred Stock at the time of conversion. The character of such gain recognized (which will be the lesser of such gain and such cash) is uncertain. Any gain recognized will be taxed as capital gain as long as it is "not essentially equivalent to a dividend" with respect to the U.S. Holder, and otherwise the Fundamental Change conversion will be taxed in the same manner as a distribution as described above under "—Taxation of Distributions." If a U.S. Holder owns none or only an insubstantial amount of our voting stock (actually or constructively, based on certain attribution rules), and does not exercise any control or management over our affairs, it is likely that the gain recognized from a Fundamental Change conversion would be considered "not essentially equivalent to a dividend" and would be treated as capital gain as described above under "—Sale or Other Taxable Disposition of Our Stock." The U.S. Holder's adjusted tax basis in shares of our common stock received upon conversion of Mandatory Convertible Preferred Stock would be the same as its adjusted tax basis in the Mandatory Convertible Preferred Stock, increased by the amount of gain recognized, if any, and reduced by the amount of the cash payment (other than any cash attributable to accrued but unpaid dividends that have been declared). A U.S. Holder's holding period for the shares of our common stock received upon conversion of a Mandatory Convertible Preferred Stock would include the holding period for such Mandatory Convertible Preferred Stock.

Cash received in lieu of a fractional share of our common stock generally would be treated as a payment in exchange for the fractional share. Accordingly, assuming the Fundamental Change conversion is not "essentially equivalent to a dividend," the receipt of cash in lieu of a fractional share generally would result in capital gain or loss measured by the difference between the cash received for the fractional share and the adjusted tax basis in the fractional share. Shares of common stock and cash received that are attributable to accrued but unpaid dividends that have been declared will be taxable as described under "—Taxation of Distributions" above as if the U.S. Holder had received cash in respect of such dividends equal to the fair market value of such common stock on the date of the Fundamental Change conversion. It is also possible that the receipt of the cash or common stock attributable to accrued but unpaid dividends that have not been declared, or to any make-whole dividend, may be considered to represent a dividend and would be taxable as described above under "Taxation of Distributions." If a U.S. Holder receives solely cash pursuant to the payment of the Fundamental Change Make-Whole Amount, assuming the Fundamental Change conversion is not "essentially equivalent to a dividend," such payment will be treated as described above under "—Sale or Other Taxable Disposition of Our Stock."

Backup Withholding and Information Reporting

Information returns are required to be filed with the IRS in connection with distributions on our Mandatory Convertible Preferred Stock or our common stock and the proceeds from a sale or other disposition of such stock, unless a U.S. Holder is an exempt recipient. A U.S. Holder may also be subject to U.S. backup withholding on these payments if the U.S. Holder fails to provide its taxpayer identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder will generally be allowed as a credit against the U.S. Holder's U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS. A U.S. Holder that does not provide its correct taxpayer identification number may also be subject to penalties imposed by the IRS. U.S. Holders should consult their tax advisors concerning the application of information reporting and backup withholding rules.

Tax Considerations Applicable to Non-U.S. Holders

Taxation of Distributions

Distributions or other payments that are treated as dividends (see "—Tax Considerations Applicable to U.S. Holders —Taxation of Distributions" and "—Conversion of Mandatory Convertible Preferred Stock into

Common Stock”), including distributions on our Mandatory Convertible Preferred Stock in the form of shares of our common stock and deemed distributions described above under “—Tax Considerations Applicable to U.S. Holders—Adjustments to Conversion Rate,” generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Dividends paid to Non-U.S. Holders will generally be subject to withholding tax at a 30% rate or (subject to the discussion below under “—FATCA”) a reduced rate specified by an applicable income tax treaty. To the extent any distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a tax-free return of capital to the extent of the U.S. Holder’s adjusted tax basis in its Mandatory Convertible Preferred Stock or common stock (determined separately for each share) which will not be subject to tax, and thereafter will be treated as capital gain (and thus treated in the manner described in “—Gain on Disposition of Mandatory Convertible Preferred Stock or Common Stock” below).

In order to obtain a reduced rate of withholding, you will be required to provide a properly executed IRS Form W-8BEN or IRS Form W-8BEN-E (or other applicable or successor form) certifying your entitlement to benefits under a relevant income tax treaty. A Non-U.S. Holder that is eligible for a reduced rate of U.S. withholding tax under an income tax treaty may generally obtain a refund or credit of any excess amounts withheld by timely filing an appropriate claim with the IRS. Non-U.S. Holders are urged to consult their tax advisors regarding their entitlement to benefits under a relevant income tax treaty.

If dividends paid to you are effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, are attributable to a permanent establishment or fixed base maintained by you in the United States), you will generally be taxed on the dividends in the same manner as if you were a United States person under the Code. In this case, you will be exempt from the withholding tax discussed in the preceding paragraph, although you will be required to provide a properly executed IRS Form W-8ECI (or successor form) in order to claim an exemption from withholding. You should consult your tax advisor with respect to other U.S. tax consequences of the ownership and disposition of our Mandatory Convertible Preferred Stock or our common stock, including the possible imposition of a “branch profits” tax at a rate of 30% (or a lower treaty rate) if you are a corporation.

Because deemed distributions or distributions made in common stock to a Non-U.S. Holder would not give rise to any cash from which any applicable withholding tax could be satisfied, we expect that the applicable withholding agent will withhold such taxes from shares of common stock or current or subsequent payments of cash to such Non-U.S. Holder, or other funds or assets of such Non-U.S. Holder.

Gain on Disposition of Mandatory Convertible Preferred Stock or Common Stock

Subject to the discussions above under “—Taxation of Distributions,” and below under “—Information Reporting and Backup Withholding” and “—FATCA,” you generally will not be subject to U.S. federal income or withholding tax on gain realized on a sale or other taxable disposition of our Mandatory Convertible Preferred Stock or our common stock unless:

- the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment or fixed base maintained by you in the United States),
- you are a nonresident alien present in the United States for 183 days or more in the taxable year of the disposition and certain other requirements are met, in which case the you will be subject to a 30% tax (or such lower rate as may be specified by an applicable income tax treaty) on the net gain derived from the disposition, which may be offset by U.S.-source capital losses, if any; provided you have timely filed U.S. federal income tax returns with respect to such losses; or
- we are or have been a “United States real property holding corporation,” as defined in the Code, at any time within the five-year period preceding the disposition or your holding period, whichever period is shorter, and our common stock has ceased to be regularly traded on an established securities market prior to the beginning of the calendar year in which the sale or disposition occurs.

We believe that we are not, and do not anticipate becoming, a “United States real property holding corporation” for U.S. federal income tax purposes.

If you recognize gain on a sale or other taxable disposition of our Mandatory Convertible Preferred Stock or our common stock that is effectively connected with your conduct of a trade or business in the United States (and if required by an applicable income tax treaty, is attributable to a permanent establishment or fixed base maintained by you in the United States), you will generally be taxed on such gain in the same manner as a United States person under the Code. To the extent any gain is recognized by a Non-U.S. Holder described in the second bullet above, such gain (net of certain U.S.-source capital losses) will be subject to U.S. federal income tax at a rate of 30% (or lower applicable income tax treaty rate); provided that the Non-U.S. Holder has timely filed U.S. federal income tax returns with respect to such losses. You should consult your tax advisor with respect to other U.S. tax consequences of the ownership and disposition of our Mandatory Convertible Preferred Stock or our common stock, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) if you are a corporation.

Conversion of Mandatory Convertible Preferred Stock into Common Stock and Fundamental Change Conversion

A Non-U.S. Holder generally will not recognize gain or loss upon the conversion of our Mandatory Convertible Preferred Stock into our common stock or upon a Fundamental Change conversion, except that (1) cash received upon conversion in lieu of a fractional common share generally will result in gain or loss (measured by the difference between the cash received in lieu of the fractional share of our common stock and the Non-U.S. Holder’s adjusted tax basis in the fractional share of our common stock) and be treated as described above under “—Gain on Disposition of Mandatory Convertible Preferred Stock or Common Stock,” (2) cash or common stock received in respect of accrued and unpaid dividends that have been declared should be treated in the manner described above under “—Tax Considerations Applicable to U.S. Holders —Conversion of Mandatory Convertible Preferred Stock into Common Stock” and (3) cash or common stock received in respect of accrued and unpaid dividends or make-whole dividends that have not been declared should be treated in the manner described above under “—Tax Considerations Applicable to U.S. Holders—Conversion of Mandatory Convertible Preferred Stock into Common Stock.” In the case of payments described in (2), a Non-U.S. Holder should expect a withholding agent to withhold tax from such amounts, as described above under “—Taxation of Distributions.” In the case of payments described in (3), the tax treatment of such amounts is uncertain, and therefore a withholding agent may withhold 30% of such amount as described under “—Taxation of Distributions.” Non-U.S. Holders should consult their tax advisors to determine the specific tax consequences to them.

Adjustments to Conversion Rate

As described above under “—Tax Considerations Applicable to U.S. Holders—Adjustments to Conversion Rate,” certain adjustments to the conversion rate (or failures to make certain adjustments to the conversion rate) of the Mandatory Convertible Preferred Stock that result in an increase in the proportionate interest of a Non-U.S. Holder in our assets or earnings and profits could result in deemed distributions to the Non-U.S. Holder that are taxed as described under “—Taxation of Distributions.” Because deemed distributions would not give rise to any cash from which any applicable withholding tax could be satisfied, an applicable withholding agent will generally withhold the U.S. federal tax on such a deemed distribution from cash dividends, shares of our common stock or sale proceeds subsequently paid or credited to such Non-U.S. Holder (or other assets of the Non-U.S. Holder held by such withholding agent).

Backup Withholding and Information Reporting

Information returns are required to be filed with the IRS in connection with payments of dividends on our Mandatory Convertible Preferred Stock and our common stock. Unless a Non-U.S. Holder complies with certification procedures to establish that it is not a United States person (as defined in the Code), information

returns may also be filed with the IRS in connection with the proceeds from a sale or other disposition of our Mandatory Convertible Preferred Stock or our common stock. A Non-U.S. Holder may be subject to backup withholding on payments on our Mandatory Convertible Preferred Stock or our common stock or on the proceeds from a sale or other disposition of our common stock unless the Non-U.S. Holder complies with certification procedures to establish that it is not a U.S. person or otherwise establishes an exemption. The provision of a properly executed applicable IRS Form W-8 certifying non-U.S. status will permit you to avoid backup withholding. Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against a Non-U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Information reporting and backup withholding generally will apply to the proceeds of a disposition of the Mandatory Convertible Preferred Stock or common stock by a non-U.S. Holder effected by or through the U.S. office of any broker, U.S. or foreign, unless the holder certifies its status as a non-U.S. Holder and satisfies certain other requirements, or otherwise establishes an exemption. Generally, information reporting and backup withholding will not apply to a payment of disposition proceeds to a non-U.S. Holder where the transaction is effected outside the United States through a non-U.S. office of a broker. However, for information reporting purposes, dispositions effected through a non-U.S. office of a broker with substantial U.S. ownership or operations generally will be treated in a manner similar to dispositions effected through a U.S. office of a broker. Non-U.S. Holders should consult their tax advisors regarding the application of the information reporting and backup withholding rules to them. Copies of information returns may be made available to the tax authorities of the country in which the non-U.S. Holder resides or is incorporated under the provisions of a specific treaty or agreement.

FATCA

Provisions of the Code commonly referred to as "FATCA" require withholding of 30% on payments of dividends on our Mandatory Convertible Preferred Stock and our common stock to "foreign financial institutions" (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied, or an exemption applies. An intergovernmental agreement between the United States and an applicable non-U.S. country may modify these requirements. If FATCA withholding is imposed, a beneficial owner that is not a foreign financial institution generally may obtain a refund of any amounts withheld by filing a U.S. federal income tax return (which may entail significant administrative burden). Beneficial owners should consult their tax advisors regarding the effects of FATCA on their investment in our Mandatory Convertible Preferred Stock or our common stock.

Proposed Treasury Regulations would eliminate possible FATCA withholding on the gross proceeds from a sale or other disposition of our Mandatory Convertible Preferred Stock and our common stock, and may be relied upon by taxpayers until final Treasury Regulations are issued. Investors are urged to consult their tax advisors regarding the effects of FATCA on their investment in our Mandatory Convertible Preferred Stock or our common stock.

The preceding discussion of certain U.S. federal income tax considerations is for prospective investors' information only. It is not tax advice. Prospective investors should consult their own tax advisors regarding the particular U.S. federal, state, local, and non-U.S. tax consequences of the purchasing, owning, converting, and disposing of the Mandatory Convertible Preferred Stock or common stock, including the consequences of any proposed changes in applicable laws.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase of the Mandatory Convertible Preferred Stock by (i) employee benefit plans subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), (ii) plans described in Section 4975 of the Code which are subject to Section 4975 of the Code (including an individual retirement account (“IRA”) and a Keogh plan) or provisions under other U.S. or non-U.S. federal, state, local or other laws or regulations that are similar to the fiduciary responsibility or prohibited transaction provisions of Title I of ERISA or Section 4975 of the Code (collectively, “Similar Laws”), and (iii) entities whose underlying assets are considered to include “plan assets” of any of the foregoing described in clauses (i) and (ii), pursuant to ERISA or otherwise (each of the foregoing described in clause (i), (ii) and (iii) referred to herein as a “Plan”).

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (each, a “Covered Plan”) and prohibit certain transactions involving the assets of a Covered Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises discretionary authority or control over the administration of a Covered Plan or the management or disposition of the assets of a Covered Plan, or who renders investment advice for a fee or other compensation to a Covered Plan, is generally considered to be a fiduciary of the Covered Plan.

When considering an investment in the Mandatory Convertible Preferred Stock with the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Laws relating to a fiduciary’s duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any applicable Similar Laws.

Prohibited Transaction Issues

Whether or not the underlying assets of Apollo Global Management, Inc., as issuer of the common stock and the Mandatory Convertible Preferred Stock, were deemed to include “plan assets,” as described below, we, certain of our subsidiaries and the underwriters, the Transfer Agent and Registrar, and our and their respective affiliates may be each considered a “party in interest” within the meaning of ERISA, or a “disqualified person” within the meaning of Section 4975 of the Code, with respect to many Covered Plans, as well as other arrangements subject to Section 4975 of the Code, including individual retirement accounts and Keogh plans. Prohibited transactions within the meaning of ERISA or the Code could arise, for example, if the Mandatory Convertible Preferred Stock are acquired by or with the assets of a Covered Plan with respect to which we or any of our subsidiaries or our affiliates and the other persons referenced above is a party in interest or disqualified person, unless the transaction qualifies for an exemption from the prohibited transaction rules of Title I of ERISA and Section 4975 of the Code. A violation of these prohibited transaction rules could result in an excise tax or other liabilities under ERISA and/or Section 4975 of the Code, unless relief is available under an applicable statutory or administrative exemption.

Exemptive relief from the prohibited transaction rules under Section 406 of ERISA and Section 4975 of the Code may be available for direct or indirect prohibited transactions resulting from the purchase, holding or disposition of the Mandatory Convertible Preferred Stock. Those exemptions include Prohibited Transaction Class Exemption (“PTCE”) 96-23 (for certain transactions determined by in-house asset managers), PTCE 95-60 (for certain transactions involving insurance company general accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 90-1 (for certain transactions involving insurance company separate accounts), and PTCE 84-14 (for certain transactions determined by independent qualified professional asset managers). In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide exemptive relief for certain arm’s-length transactions with a person (other than a fiduciary or an affiliate of a fiduciary that has or exercises discretionary authority or control or renders investment advice with respect to the

assets involved in the transaction) that is a party in interest or disqualified person solely by reason of providing services to Covered Plans or being an affiliate of such a service provider (the “Service Provider Exemption”). Each of the above-noted exemptions contains conditions and limitations on its application. Fiduciaries of Covered Plans considering acquiring Mandatory Convertible Preferred Stock in reliance on these or any other exemption should carefully review the exemption in consultation with its legal advisors to assure it is applicable. There can be no assurance that any of these class exemptions, the Service Provider Exemption or any other exemption will be available with respect to any particular transaction involving the Mandatory Convertible Preferred Stock.

Plan Asset Issues

Regulations promulgated under ERISA by the U.S. Department of Labor, as modified by Section 3(42) of ERISA (the “Plan Asset Regulations”), generally provide that, when a Covered Plan acquires an equity interest in an entity that is neither a “publicly offered security” (within the meaning of the Plan Asset Regulations) nor a security issued by an investment company registered under the Investment Company Act of 1940, the Covered Plan’s assets include both the equity interest and an undivided interest in each of the underlying assets of the entity, unless it is established either that equity participation in the entity by “benefit plan investors” is not significant or that the entity is an “operating company,” in each case as defined in the Plan Asset Regulations. For purposes of the Plan Asset Regulations, equity participation in an entity by benefit plan investors will not be significant if they hold, in the aggregate, less than 25% of the total value of each class of such entity’s equity, excluding equity interests held by persons (other than benefit plan investors) with discretionary authority or control over the assets of the entity or who provide investment advice for a fee (direct or indirect) with respect to such assets, and any affiliates thereof.

For purposes of the Plan Asset Regulations, an “operating company” includes any entity that is primarily engaged, directly or through a majority owned subsidiary or subsidiaries, in the production of a product or service other than the investment of capital. For a description of the Company’s business, please refer to the “Summary” section of this prospectus supplement. In addition, for purposes of the Plan Asset Regulations, a “publicly offered security” is a security that is (a) “freely transferable”, (b) part of a class of securities that is “widely held,” and (c) (i) sold to the Covered Plan as part of an offering of securities to the public pursuant to an effective registration statement under the Securities Act and the class of securities to which such security is a part is registered under the Exchange Act within 120 days after the end of the fiscal year of the issuer during which the offering of such securities to the public has occurred, or (ii) is part of a class of securities that is registered under Section 12 the Exchange Act. The Mandatory Convertible Preferred Stock is being offered pursuant to a registered offering under the Securities Act and the Mandatory Convertible Preferred Stock will be registered under the Exchange Act. The Plan Asset Regulations provide that a security is “widely held” only if it is part of a class of securities that is owned by 100 or more investors independent of the issuer and one another. A security will not fail to be “widely held” because the number of independent investors falls below 100 subsequent to the initial offering thereof as a result of events beyond the control of the issuer. It is anticipated that our Mandatory Convertible Preferred Stock will be “widely held” within the meaning of the Plan Asset Regulations, although no assurance can be given in this regard. The Plan Asset Regulations provide that whether a security is “freely transferable” is a factual question to be determined on the basis all the relevant facts and circumstances. It is anticipated that our Mandatory Convertible Preferred Stock will be “freely transferable” within the meaning of the Plan Asset Regulations, although no assurance can be given in this regard.

Although no assurances can be given in this regard, we anticipate that either (i) the Company should qualify as an “operating company” within the meaning of the Plan Asset Regulations or (ii) the Mandatory Convertible Preferred Stock we are selling hereunder should qualify as a “publicly offered security” within the meaning of the Plan Asset Regulations.

Plans that are, or whose assets constitute the assets of, governmental plans, certain church plans and non-United States plans, while not subject to the fiduciary responsibility or prohibited transaction provisions of

Title I of ERISA or Section 4975 of the Code, may nevertheless be subject to Similar Laws. Fiduciaries of any such Plans should consult with their legal advisors before purchasing the Mandatory Convertible Preferred Stock.

Certain Restrictions

Due to the foregoing requirements, the Mandatory Convertible Preferred Stock may not be purchased or held by any Plan, any entity whose underlying assets include plan assets by reason of any Plan's investment in the entity or by reason of any Plan's investment in the entity, or any person investing the assets of any Plan, unless such purchase, holding and disposition will not constitute a non-exempt prohibited transaction under Section 406 of ERISA and Section 4975 of the Code or a violation of any applicable Similar Law.

Accordingly, each purchaser and subsequent transferee, including any fiduciary purchasing the Mandatory Convertible Preferred Stock with the assets of any Plan will be deemed to have represented by its purchase or holding of the Mandatory Convertible Preferred Stock that either (a) it is not a Plan and is not purchasing or holding such shares on behalf of or with the assets of any Plan or (b) its purchase, holding and disposition of the Mandatory Convertible Preferred Stock will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or a similar violation of any applicable Similar Law.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering purchasing our shares on behalf of or with the assets of any Plan consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code or any Similar Laws to such an investment and whether an exemption would be available for the purchase, holding and disposition of the Mandatory Convertible Preferred Stock.

Purchasers of our shares have exclusive responsibility for ensuring that their purchase and holding of our shares do not violate the prohibited transaction rules of Section 406 of ERISA or Section 4975 of the Code or any applicable Similar Law, as described above.

The underwriting agreement provides that the obligations of the underwriters to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the shares if they purchase any of the shares. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The representatives have advised us that the underwriters propose initially to offer the shares to the public at the public offering price set forth on the cover page of this prospectus supplement and to dealers at that price less a concession not in excess of \$0.75 per share. After the initial offering of the shares to the public, if all of the shares of Mandatory Convertible Preferred Stock are not sold at the initial public offering price, the underwriters may change the offering price, the concession or any other term of the offering.

Table of Contents

We have granted the underwriters the option, exercisable within 30 days from the date of this prospectus supplement, to purchase up to an additional 3,750,000 shares of Mandatory Convertible Preferred Stock at the public offering price, less the underwriting discount, solely to cover over-allotments, if any. If the underwriters exercise this option, each will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the table above.

The following table shows the public offering price, underwriting discount and proceeds before expenses to us. The information assumes either no exercise or full exercise by the underwriters of their option to purchase additional shares.

	Per Share	Without Option	With Option
Public offering price	\$ 50.00	\$ 1,250,000,000	\$ 1,437,500,000
Underwriting discount	\$ 1.25	\$ 31,250,000	\$ 35,937,500
Proceeds, before expenses, to us	\$ 48.75	\$ 1,218,750,000	\$ 1,401,562,500

The estimated offering expenses payable by us (excluding the underwriting discount) are approximately \$1.4 million, which includes legal, accounting and printing costs and various other fees associated with registering the shares, including in connection with the qualification of this offering with FINRA by counsel to the underwriters.

We have agreed that, with limited exceptions, for a period of 30 days from the date of this prospectus supplement, we will not, without the prior written consent of the representatives, (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, or file with the SEC a registration statement under the Securities Act relating to any shares of our common stock or any securities convertible into or exercisable or exchangeable for the common stock or any such similar, parity or senior securities, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, or (ii) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the common stock or any such similar, parity or senior securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of common stock or any such similar, parity or senior securities, in cash or otherwise. For the avoidance of doubt, nothing in the agreement restricts AGM and its subsidiaries from offering or issuing debt securities. The agreement does not apply to any existing employee benefit plans or the issuance of shares of common stock pursuant to the conversion terms of the Mandatory Convertible Preferred Stock. The representatives in their sole discretion may release any of the securities subject to this lock-up agreement at any time.

Each of our directors and officers within the meaning of Section 16 of the Exchange Act have also entered into lock-up agreements with the underwriters prior to the commencement of this offering pursuant to which each of these persons, with limited exceptions, for a period of 30 days after the date of this prospectus, may not, without the prior written consent of the representatives, (1) offer, sell, contract to sell, or otherwise dispose of (or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition of) any shares of our capital stock or any securities convertible into, or exercisable or exchangeable for such capital stock, (2) publicly file or participate in the public filing of a registration statement with the SEC in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, and related rules and regulations, any shares of our capital stock or any securities convertible into, or exercisable or exchangeable for such capital stock or (3) publicly announce an intention to effect any such transaction, subject to customary carve-outs. The representatives may, in their sole discretion and at any time or from time to time before the termination of the 30-day period, release all or any portion of the securities subject to lock-up agreements.

Notwithstanding the above, the underwriters have agreed that the lock-up agreement entered into with our directors and officers within the meaning of Section 16 of the Exchange Act will not apply with respect to shares

Prior to this offering, there has been no public market for our Mandatory Convertible Preferred Stock. We intend to apply to list the Mandatory Convertible Preferred Stock on the NYSE under the symbol "APO PR A." Our common stock is listed on the NYSE under the symbol "APO." If the application is approved, we expect trading in the Mandatory Convertible Preferred Stock on the NYSE to begin within 30 days after the Mandatory Convertible Preferred Stock is first issued. Listing the Mandatory Convertible Preferred Stock on the NYSE does not guarantee that a trading market will develop or, if a trading market does develop, the depth of that market or the ability of holders to sell their shares easily.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

Price Stabilization, Short Positions

Until the distribution of the shares is completed, SEC rules may limit the underwriters from bidding for and purchasing our Mandatory Convertible Preferred Stock or common stock. However, the underwriters may engage in transactions that stabilize the price of the Mandatory Convertible Preferred Stock or common stock, such as bids or purchases to peg, fix or maintain that price.

In connection with the offering, the underwriters may purchase and sell our Mandatory Convertible Preferred Stock or common stock in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. "Covered" short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares described above. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option granted to them. "Naked" short sales are sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our Mandatory Convertible Preferred Stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of Mandatory Convertible Preferred Stock or common stock made by the underwriters in the open market prior to the completion of the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our Mandatory Convertible Preferred Stock or preventing or retarding a decline in the market price of our Mandatory Convertible Preferred Stock. As a result, the price of our Mandatory Convertible Preferred Stock may be higher than the price that might otherwise exist in the open market. The underwriters may conduct these transactions on the NYSE, in the over-the-counter market or otherwise.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our Mandatory Convertible Preferred Stock. In addition, neither we nor any of the underwriters make any representation that the representative will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Passive Market Making

In connection with this offering, the underwriters may engage in passive market making transactions in the Mandatory Convertible Preferred Stock or common stock on the NYSE in accordance with Rule 103 of Regulation M under the Exchange Act during a period before the commencement of offers or sales of Mandatory Convertible Preferred Stock and extending through the completion of distribution. A passive market maker must display its bid at a price not in excess of the highest independent bid of that security. However, if all independent bids are lowered below the passive market maker's bid, that bid must then be lowered when specified purchase limits are exceeded. Passive market making may cause the price of our Mandatory Convertible Preferred Stock to be higher than the price that otherwise would exist in the open market in the absence of those transactions. The underwriters are not required to engage in passive market making and may end passive market making activities at any time.

Other Relationships

The underwriters and their respective affiliates have performed commercial banking, investment banking and advisory services for us from time to time for which they have received customary fees and reimbursement of expenses. The underwriters and their respective affiliates may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and instruments of ours or our affiliates. Certain of the underwriters and their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities. Any such short positions could adversely affect future trading prices of our Mandatory Convertible Preferred Stock. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or financial instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

Affiliates of certain of the underwriters are lenders, and in some cases agents or managers for the lenders, under certain of our and our affiliates' debt agreements. In particular, affiliates of Goldman Sachs & Co. LLC, Morgan Stanley & Co. LLC, Wells Fargo Securities, LLC, Barclays Capital Inc., Citigroup Global Markets Inc., J.P. Morgan Securities LLC, UBS Securities LLC, RBC Capital Markets, LLC, BMO Capital Markets Corp., BNP Paribas Securities Corp., BofA Securities, Inc., Mizuho Securities USA LLC, MUFG Securities Americas Inc., SG Americas Securities, LLC and U.S. Bancorp Investments, Inc. are lenders or agents under our existing credit facilities.

Conflicts of Interest

Apollo Global Securities, LLC is an indirect subsidiary of AGM. Rule 5121 imposes certain requirements on a FINRA member participating in the public offering of securities of an issuer if there is a conflict of interest and/or if that issuer controls, is controlled by, or is under common control with, the FINRA member. As a result of the above, Apollo Global Securities, LLC will be deemed to have a "conflict of interest" within the meaning of Rule 5121. Accordingly, this offering is being made in compliance with the requirements of Rule 5121. Apollo Global Securities, LLC will not sell any of our securities to a discretionary account unless it has received specific written approval from the account holder in accordance with Rule 5121. The appointment of a "qualified independent underwriter" is not necessary in connection with this offering as the securities offered are investment grade rated securities.

ABOUT THIS PROSPECTUS

To understand the terms of the securities offered by this prospectus, you should carefully read this prospectus and any applicable prospectus supplement. You should also read the documents referred to under the heading “Where You Can Find More Information” for information on us and the business conducted by us.

This prospectus is part of a registration statement on Form S-3 that we filed with the SEC using a “shelf” registration process. Under this shelf registration process, we may offer and sell from time to time any of the following securities, in one or more series, up to an indeterminable total dollar amount:

- debt securities, which may be guaranteed by one or more of our subsidiaries;
- shares of Common Stock;
- shares of preferred stock (the “Preferred Stock”);
- depositary shares;
- warrants;
- subscription rights;
- purchase contracts; and
- purchase units.

In addition, the selling stockholders may offer and sell shares of our Common Stock from time to time. Information about selling stockholders, where applicable, will be set forth in a prospectus supplement, in a post-effective amendment or in filings we will make with the SEC which will be incorporated into this prospectus by reference.

The securities may be sold for U.S. dollars, foreign-denominated currency or currency units. Amounts payable with respect to any securities may be payable in U.S. dollars or foreign-denominated currency or currency units as specified in the applicable prospectus supplement.

This prospectus provides you with a general description of the securities we may offer. Each time we or the selling stockholders offer securities, we will provide you with a prospectus supplement that will describe the specific amounts, prices and terms of the securities being offered. The prospectus supplement may also add, update or change information contained or incorporated by reference in this prospectus. If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information in the prospectus supplement.

The prospectus supplement will, if applicable, also contain information about any material U.S. Federal income tax considerations relating to the securities covered by the prospectus supplement.

We or the selling stockholders may sell these securities to underwriters who will sell the securities to the public on terms fixed at the time of sale. In addition, the securities may be sold by us or the selling stockholders directly or through dealers, brokers or agents designated from time to time, which agents may be affiliates of ours. If we, directly or through agents, solicit offers to purchase the securities, we and the selling stockholders reserve the sole right to accept and, together with any agents, brokers, dealers and underwriters, reserve the right to reject, in whole or in part, any proposed purchase of securities. If any agents, brokers, dealers or underwriters are involved in the sale of any securities, the applicable prospectus supplement will set forth the names of any underwriters, brokers, dealers or agents, together with the terms of the offering, the compensation of any underwriters, brokers, dealers or agents and the net proceeds to us or the selling stockholders.

Any underwriters, brokers, dealers or agents participating in the offering may be deemed “underwriters” within the meaning of the Securities Act of 1933, as amended, which we refer to in this prospectus as the “Securities Act.”

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus may contain forward-looking statements that are within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. These statements include, but are not limited to, discussions related to AGM's expectations regarding the performance of its business, liquidity and capital resources and the other non-historical statements in the discussion and analysis. These forward-looking statements are based on management's beliefs, as well as assumptions made by, and information currently available to, management. When used in this prospectus, the words "believe," "anticipate," "estimate," "expect," "intend," "may," "will," "could," "should," "might," "target," "project," "plan," "seek," "continue" and similar expressions are intended to identify forward-looking statements. Although management believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that these expectations will prove to have been correct. It is possible that actual results will differ, possibly materially, from the anticipated results indicated in these statements. ("AHL") to maintain or improve financial strength ratings, the impact of AHL's reinsurers failing to meet their assumed obligations, AHL's ability to manage its business in a highly regulated industry, changes in our regulatory environment and tax status, and litigation risks, among others. We believe these factors include but are not limited to those described under the section entitled "Risk Factors" in this prospectus, any prospectus supplement and the documents incorporated by reference herein and therein, including the factors described in our 2022 10-K, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this prospectus and in our other filings. RISK FACTORS

Any investment in our securities involves a high degree of risk. You should carefully consider the specific risks described in the 202210-K, and the various risk factors incorporated by reference in the applicable prospectus supplement, together with all the other information contained in the applicable prospectus supplement or incorporated by reference in this prospectus and the applicable prospectus supplement. See “Incorporation of Documents by Reference” and “Where You Can Find More Information.” These risk factors may be amended, supplemented or superseded from time to time in the applicable prospectus supplement and by other reports we file with the SEC in the future. If any of these risks were to occur, the Company’s business, financial condition or operating results could be harmed, which may reduce our ability to pay dividends on or redeem shares of our capital stock. In addition, the trading price of our securities may be adversely affected. You may lose all or part of your investment.

USE OF PROCEEDS

We intend to use the net proceeds we receive from the sale of the securities offered by this prospectus for general corporate purposes, unless we specify otherwise in the applicable prospectus supplement. General corporate purposes may include additions to working capital, capital expenditures, repayment of debt, the financing of possible acquisitions and investments or stock repurchases.

We will not receive any proceeds from the resale of shares of our Common Stock by selling stockholders under this prospectus or any prospectus supplement.

DESCRIPTION OF DEBT SECURITIES

We may issue debt securities either separately, or together with, or upon the conversion or exercise of or in exchange for, other securities described in this prospectus. The following description of the terms of our senior debt securities and subordinated debt securities (together, the “debt securities”) sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. Unless otherwise noted, the general terms and provisions of our debt securities discussed below apply to both our senior debt securities and our subordinated debt securities. The particular terms of any debt securities and the extent, if any, to which such general provisions will not apply to such debt securities will be described in the prospectus supplement relating to such debt securities.

Our debt securities may be issued from time to time in one or more series and may be guaranteed by one or more of our subsidiaries. The senior debt securities will be issued from time to time in series under an indenture between us, one or more guarantors, if any, and a trustee named therein, as Senior Indenture Trustee (as amended or supplemented from time to time, the “senior indenture”). The subordinated debt securities will be issued from time to time under a subordinated indenture to be entered into between us, one or more guarantors, if any, and a trustee named therein, as Subordinated Indenture Trustee (the “subordinated indenture” and, together with the senior indenture, the “indentures”). The Senior Indenture Trustee and the Subordinated Indenture Trustee are both referred to, individually, as the “Trustee.” The senior debt securities will constitute our unsecured and unsubordinated obligations and the subordinated debt securities will constitute our unsecured and subordinated obligations. A detailed description of the subordination provisions is provided below under the caption “—Ranking and Subordination—Subordination.” In general, however, if we declare bankruptcy, holders of the senior debt securities will be paid in full before the holders of subordinated debt securities will receive anything.

The statements set forth below are brief summaries of certain provisions contained in the indentures, which summaries do not purport to be complete and are qualified in their entirety by reference to the indentures, forms of which are filed as an exhibit to the registration statement of which this prospectus forms a part. Terms used herein that are otherwise not defined shall have the meanings given to them in the indentures. Such defined terms shall be incorporated herein by reference.

The indentures will not limit the amount of debt securities which may be issued under the applicable indenture and debt securities may be issued under the applicable indenture up to the aggregate principal amount which may be authorized from time to time by us. Any such limit applicable to a particular series will be specified in the prospectus supplement relating to that series.

The applicable prospectus supplement will disclose the terms of each series of debt securities in respect to which such prospectus is being delivered, including the following:

- the designation and issue date of the debt securities;
- the date or dates on which the principal of the debt securities is payable;
- the rate or rates (or manner of calculation thereof), if any, per annum at which the debt securities will bear interest, if any;
- the date or dates, if any, from which interest will accrue and the interest payment date or dates for the debt securities;
- any limit upon the aggregate principal amount of the debt securities which may be authenticated and delivered under the applicable indenture;
- the period or periods within which the redemption price or prices or the repayment price or prices, as the case may be, and the terms and conditions upon which the debt securities may be redeemed at the Company’s option or the option of the holder of such debt securities;

Table of Contents

- the obligation, if any, of the Company to purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder of such debt securities and the period or periods within which, the price or prices at which and the terms and conditions upon which such debt securities will be purchased, in whole or in part, pursuant to such obligation;
- if other than denominations of \$2,000 and any integral multiple of \$1,000, the denominations in which the debt securities will be issuable;
- provisions, if any, with regard to the conversion or exchange of the debt securities, at the option of the holders of such debt securities or the Company, as the case may be, for or into new securities of a different series, shares of our Common Stock or other securities;
- if other than U.S. dollars, the currency or currencies or units based on or related to currencies in which the debt securities will be denominated and in which payments of principal of, and any premium and interest on, such debt securities shall or may be payable;
- if the principal of (and premium, if any) or interest, if any, on the debt securities are to be payable, at the election of the Company or a holder of such debt securities, in a currency (including a composite currency) other than that in which such debt securities are stated to be payable, the period or periods within which, and the terms and conditions upon which, such election may be made;
- if the amount of payments of principal of (and premium, if any) or interest, if any, on the debt securities may be determined with reference to an index based on a currency (including a composite currency) other than that in which such debt securities are stated to be payable, the manner in which such amounts shall be determined;
- provisions, if any, related to the exchange of the debt securities, at the option of the holders of such debt securities, for other securities of the same series of the same aggregate principal amount or of a different authorized series or different authorized denomination or denominations, or both;
- the portion of the principal amount of the debt securities, if other than the principal amount thereof, which shall be payable upon declaration of acceleration of the maturity thereof as more fully described under the section “—Events of Default, Notice and Waiver” below;
- whether the debt securities will be issued in the form of global securities and, if so, the identity of the depositary with respect to such global securities;
- if the debt securities will be guaranteed, the terms and conditions of such guarantees and provisions for the accession of the guarantors to certain obligations under the applicable indenture;
- with respect to subordinated debt securities only, the amendment or modification of the subordination provisions in the subordinated indenture with respect to the debt securities; and
- any other specific terms.

We may issue debt securities of any series at various times and we may reopen any series for further issuances from time to time without notice to existing holders of securities of that series.

Some of the debt securities may be issued as original issue discount debt securities. Original issue discount debt securities bear no interest or bear interest at below-market rates. These are sold at a discount below their stated principal amount. If we issue these securities, the applicable prospectus supplement will describe any special tax, accounting or other information which we think is important. We encourage you to consult with your own competent tax and financial advisors on these important matters.

Unless we specify otherwise in the applicable prospectus supplement, the covenants contained in the indentures will not provide special protection to holders of debt securities if we enter into a highly leveraged transaction, recapitalization or restructuring.

Unless otherwise set forth in the applicable prospectus supplement, interest on outstanding debt securities will be paid to holders of record on the date that is 15 days prior to the date such interest is to be paid, or, if not a business day, the next preceding business day. Unless otherwise specified in the applicable prospectus supplement, debt securities will be issued in fully registered form only. Unless otherwise specified in the applicable prospectus supplement, the principal amount of the debt securities will be payable at the corporate trust office of the Trustee in New York, New York. The debt securities may be presented for transfer or exchange at such office unless otherwise specified in the applicable prospectus supplement, subject to the limitations provided in the applicable indenture, without any service charge, but we may require payment of a sum sufficient to cover any tax or other governmental charges payable in connection therewith.

Guarantees

Our payment obligations under any series of the debt securities may be guaranteed by one or more of our subsidiaries. The guarantors of any series of guaranteed debt securities may differ from the guarantors of any other series of guaranteed debt securities. In the event we issue a series of guaranteed debt securities, the specific guarantors of the debt securities of that series will be identified in the applicable prospectus supplement and a description of some of the terms of guarantees of those debt securities will be set forth in the applicable prospectus supplement.

Unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, each guarantor of the debt securities of such series will fully and unconditionally, jointly and severally, guarantee the due and punctual payment of the principal of, and premium, if any, and interest, if any, on and any other amounts payable with respect to, each debt security of such series and the due and punctual performance of all of our other obligations under the applicable indenture with respect to the debt securities of such series, all in accordance with the terms of such debt securities and the applicable indenture. If a series of debt securities is so guaranteed by any of our subsidiaries, such subsidiaries will execute an indenture, a supplemental indenture, or notation of guarantee as further evidence of their guarantee. The applicable prospectus supplement will describe the terms of any guarantee by our subsidiaries or any other persons.

Notwithstanding the foregoing, unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, the applicable indenture may contain provisions to the effect that the obligations of each guarantor under its guarantee may be limited to the maximum amount that will not result in such guarantee obligations constituting a fraudulent conveyance or fraudulent transfer under federal or state law, after giving effect to all other contingent and fixed liabilities of that subsidiary and any collections from or payments made by or on behalf of any other guarantor in respect to its obligations under its guarantee.

Ranking and Subordination

Ranking

The senior debt securities will be our unsecured, senior obligations, and will rank equally with our other unsecured and unsubordinated obligations. Any guarantees of the senior debt securities will be unsecured and senior obligations of each of the guarantors, and will rank equally with all other unsecured and unsubordinated obligations of such guarantor. The subordinated debt securities will be our unsecured, subordinated obligations and the guarantees of the subordinated debt securities will be unsecured and subordinated obligations of each of the guarantors.

The debt securities and the related guarantees will effectively rank junior in right of payment to any of our or the guarantors' existing and future secured obligations to the extent of the value of the assets securing such obligations. The debt securities and the guarantees will be effectively subordinated to all existing and future liabilities, including indebtedness and trade payables, of our non-guarantor subsidiaries. Unless otherwise set forth in the prospectus supplement relating to such series of debt securities, the indentures will not limit the amount of indebtedness or other liabilities that can be incurred by our non-guarantor subsidiaries.

Furthermore, we are a holding company with no material business operations. Our ability to service our respective indebtedness and other obligations is dependent primarily upon the earnings and cash flow of our subsidiaries and the distribution or other payment to us of such earnings or cash flow. In addition, certain indebtedness of our subsidiaries contains, and future agreements relating to any indebtedness of our subsidiaries may contain, significant restrictions on the ability of our subsidiaries to pay dividends or otherwise make distributions to us.

Subordination

If issued, the indebtedness evidenced by the subordinated debt securities will be subordinate to the prior payment in full of all our Senior Indebtedness (as defined below). During the continuance beyond any applicable grace period of any default in the payment of principal, premium, interest or any other payment due on any of our Senior Indebtedness, we may not make any payment of principal of, or premium, if any, or interest on the subordinated debt securities. In addition, upon any payment or distribution of our assets upon any dissolution, winding up, liquidation or reorganization, the payment of the principal of, or premium, if any, and interest on the subordinated debt securities will be subordinated to the extent provided in the subordinated indenture in right of payment to the prior payment in full of all our Senior Indebtedness. Because of this subordination, if we dissolve or otherwise liquidate, holders of our subordinated debt securities may receive less, ratably, than holders of our Senior Indebtedness. The subordination provisions do not prevent the occurrence of an event of default under the subordinated indenture.

The subordination provisions also apply in the same way to each guarantor with respect to the Senior Indebtedness of such guarantor.

The term “Senior Indebtedness” of a person means with respect to such person the principal of, premium, if any, interest on, and any other payment due pursuant to any of the following, whether outstanding on the date of the subordinated indenture or incurred by that person in the future:

- all of the indebtedness of that person for borrowed money, including any indebtedness secured by a mortgage or other lien which is (1) given to secure all or part of the purchase price of property subject to the mortgage or lien, whether given to the vendor of that property or to another lender, or (2) existing on property at the time that person acquires it;
- all of the indebtedness of that person evidenced by notes, debentures, bonds or other similar instruments sold by that person for money;
- all of the lease obligations which are capitalized on the books of that person in accordance with GAAP (as defined herein);
- all indebtedness of others of the kinds described in the first two bullet points above and all lease obligations of others of the kind described in the third bullet point above that the person, in any manner, assumes or guarantees or that the person in effect guarantees through an agreement to purchase, whether that agreement is contingent or otherwise; and
- all renewals, extensions or refundings of indebtedness of the kinds described in the first, second or fourth bullet point above and all renewals or extensions of leases of the kinds described in the third or fourth bullet point above;

unless, in the case of any particular indebtedness, lease, renewal, extension or refunding, the instrument or lease creating or evidencing it or the assumption or guarantee relating to it expressly provides that such indebtedness, lease, renewal, extension or refunding is not superior in right of payment to the subordinated debt securities. Our senior debt securities, and any unsubordinated guarantee obligations of ours or any guarantor to which we and the guarantors are a party, including the guarantors’ guarantees of our debt securities and other indebtedness for borrowed money, constitute Senior Indebtedness for purposes of the subordinated indenture.

Table of Contents

Pursuant to the subordinated indenture, the subordinated indenture may not be amended, at any time, to alter the subordination provisions of any outstanding subordinated debt securities without the consent of the requisite holders of each outstanding series or class of Senior Indebtedness (as determined in accordance with the instrument governing such Senior Indebtedness) that would be adversely affected.

Certain Covenants

Limitation on Consolidation, Merger, Conveyance or Transfer on Certain Terms

For so long as any debt securities are outstanding, except as described in the applicable prospectus supplement relating to such debt securities, the Company will not consolidate with or merge into any other Person or convey or transfer its properties and assets substantially as an entirety to any Person, unless:

(1) the Person formed by such consolidation or into which the Company is merged or the Person that acquires by conveyance or transfer the properties and assets of the Company substantially as an entirety shall be organized and existing under the laws of the United States of America or any State or the District of Columbia, and will expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, the due and punctual payment of the principal of (and premium, if any) and interest on all the debt securities and the performance of every covenant of the applicable indenture (as supplemented from time to time) on the part of the Company to be performed or observed;

(2) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time, or both, would become an Event of Default, shall have happened and be continuing; and

(3) we have delivered to the Trustee an officers' certificate and an opinion of counsel each stating that such consolidation, merger, conveyance or transfer and such supplemental indenture comply with this covenant and that all conditions precedent provided for relating to such transaction have been complied with.

Upon any consolidation or merger, or any conveyance or transfer of the properties and assets of the Company substantially as an entirety as set forth above, the successor Person formed by such consolidation or into which the Company is merged or to which such conveyance or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of the Company under the applicable indenture with the same effect as if such successor had been named as the Company in the applicable indenture. In the event of any such conveyance or transfer, the Company as the predecessor shall be discharged from all obligations and covenants under the applicable indenture and the debt securities issued under such indenture and may be dissolved, wound up or liquidated at any time thereafter.

Except as described in this prospectus and any applicable prospectus supplement, the indentures and the debt securities do not contain any covenants or other provisions designed to afford holders of debt securities protection in the event of a recapitalization or highly leveraged transaction involving the Company.

Any covenants of the Company pertaining to a series of debt securities will be set forth in the applicable prospectus supplement.

Certain Definitions

The following are certain of the terms defined in the indentures:

"GAAP" means generally accepted accounting principles as such principles are in effect in the United States as of the date of the applicable indenture.

Table of Contents

“*Person*” means any individual, corporation, limited liability company, partnership, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

“*Security Register*” means the register or registers we shall keep or cause to be kept, in which, we shall provide for the registration of debt securities, or of debt securities of a particular series, and of transfers of debt securities or of debt securities of such series.

“*Significant Subsidiary*” means any Subsidiary which would be a “significant subsidiary” as defined in Article 1, Rule 1-02 of Regulation S-X, promulgated pursuant to the Securities Act, as in effect on the date of the applicable indenture.

“*Subsidiary*” means, with respect to any Person, any corporation more than 50% of the voting stock of which is owned directly or indirectly by such Person, and any partnership, association, joint venture or other entity in which such Person owns more than 50% of the equity interests or has the power to elect a majority of the board of directors or other governing body.

Defeasance

Except as otherwise set forth in the prospectus supplement relating to the debt securities, each indenture will provide that we, at our option,

(a) will be discharged from any and all obligations in respect of any series of debt securities (except in each case for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated senior debt securities, maintain paying agencies and hold moneys for payment in trust), or

(b) need not comply with the covenants described above under “—Certain Covenants,” and any other restrictive covenants described in a prospectus supplement relating to such series of debt securities, the guarantors will be released from the guarantees and certain Events of Default (as defined below) (other than those arising out of the failure to pay interest or principal on the debt securities of a particular series and certain events of bankruptcy, insolvency and reorganization) will no longer constitute Events of Default with respect to such series of debt securities,

in each case if we deposit with the Trustee, in trust, money or the equivalent in securities of the government which issued the currency in which the debt securities are denominated or government agencies backed by the full faith and credit of such government, or a combination thereof, which through the payment of interest thereon and principal thereof in accordance with their terms will provide money in an amount sufficient to pay all the principal (including any mandatory sinking fund payments) of, and interest on, such series on the dates such payments are due in accordance with the terms of such series.

To exercise any such option, we are required, among other things, to deliver to the Trustee an opinion of counsel to the effect that the deposit and related defeasance would not cause the beneficial owners of the debt securities of such series to recognize income, gain or loss for U.S. Federal income tax purposes and, in the case of a discharge pursuant to clause (a) above, such opinion of counsel must be based on a change in U.S. Federal income tax law or a ruling to such effect received from or published by the United States Internal Revenue Service.

In addition, we are required to deliver to the Trustee an officers’ certificate stating that such deposit was not made by us with the intent of preferring the holders over other creditors of ours or with the intent of defeating, hindering, delaying or defrauding creditors of ours or others.

Events of Default, Notice and Waiver

Except as otherwise set forth in the applicable prospectus supplement, each indenture will provide that, if an Event of Default specified therein with respect to any series of debt securities issued thereunder shall have

happened and be continuing, either the Trustee thereunder or the holders of 33 1/3% in aggregate principal amount of the outstanding debt securities of such series (or 33 1/3% in aggregate principal amount of all outstanding debt securities under such indenture, in the case of certain Events of Default affecting all series of debt securities issued under such indenture) may declare the principal of all the debt securities of such series to be due and payable.

“Events of Default” in respect of any series will be defined in the indentures as being:

- default for 30 days in payment of any interest installment with respect to such series;
- default in payment of principal of, or premium, if any, on, or any sinking or purchase fund or analogous obligation with respect to, debt securities of such series when due at their stated maturity, by declaration or acceleration, when called for redemption or otherwise;
- default for 90 days after written notice to us by the Trustee thereunder or by holders of 33 1/3% in aggregate principal amount of the outstanding debt securities of such series in the performance, or breach, of any covenant or warranty pertaining to debt securities of such series; and
- certain events of bankruptcy, insolvency and reorganization with respect to us or any Significant Subsidiary of ours which is organized under the laws of the United States or any political sub-division thereof or the entry of an order ordering the winding up or liquidation of our affairs.

Any additions, deletions or other changes to the Events of Default which will be applicable to a series of debt securities will be described in the prospectus supplement relating to such series of debt securities.

Each indenture will provide that the Trustee thereunder will, within 90 days after the occurrence of a default with respect to the debt securities of any series issued under such indenture, give to the holders of the debt securities of such series notice of all uncured and unwaived defaults known to it; provided, however, that, except in the case of default in the payment of principal of, premium, if any, or interest, if any, on any of the debt securities of such series, the Trustee thereunder will be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of the holders of the debt securities of such series. The term “default” for the purpose of this provision means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to debt securities of such series.

Each indenture will contain provisions entitling the Trustee under such indenture, subject to the duty of the Trustee during an Event of Default to act with the required standard of care, to be indemnified to its reasonable satisfaction by the holders of the debt securities before proceeding to exercise any right or power under the applicable indenture at the request of holders of such debt securities.

Each indenture will provide that the holders of a majority in aggregate principal amount of the outstanding debt securities of any series issued under such indenture may direct the time, method and place of conducting proceedings for remedies available to the Trustee or exercising any trust or power conferred on the Trustee in respect of such series, subject to certain conditions.

Except as otherwise set forth in the applicable prospectus supplement, in certain cases, the holders of a majority in principal amount of the outstanding debt securities of any series may waive, on behalf of the holders of all debt securities of such series, any past default or Event of Default with respect to the debt securities of such series except, among other things, a default not theretofore cured in payment of the principal of, or premium, if any, or interest, if any, on any of the senior debt securities of such series or payment of any sinking or purchase fund or analogous obligations with respect to such senior debt securities.

Each indenture will include a covenant that we will file annually with the Trustee a certificate of no default or specifying any default that exists.

Modification of the Indentures

Except as set forth in the applicable prospectus supplement, we and the Trustee may, without the consent of the holders of the debt securities issued under the indenture governing such debt securities, enter into indentures supplemental to the applicable indenture for, among others, one or more of the following purposes:

(1) to evidence the succession of another Person to the Company or any guarantor, and the assumption by such successor of the Company's or any guarantor's obligations under the applicable indenture and the debt securities of any series or the guarantees relating thereto;

(2) to add to the covenants of the Company or any guarantor, or to surrender any rights or powers of the Company or any guarantor for the benefit of the holders of debt securities of any or all series issued under such indenture;

(3) to cure any ambiguity, to correct or supplement any provision in the applicable indenture which may be inconsistent with any other provision therein, or to make any other provisions with respect to matters or questions arising under such indenture;

(4) to add to the applicable indenture any provisions that may be expressly permitted by the Trust Indenture Act of 1939, as amended, or "the Act," excluding the provisions referred to in Sections 316(a)(2) and 316(b) of the Act as in effect at the date as of which the applicable indenture was executed or any corresponding provision in any similar federal statute hereafter enacted;

(5) to establish the form or terms of any series of debt securities to be issued under the applicable indenture, to provide for the issuance of any series of debt securities and/or to add to the rights of the holders of debt securities;

(6) to evidence and provide for the acceptance of any successor Trustee with respect to one or more series of debt securities or to add or change any of the provisions of the applicable indenture as shall be necessary to facilitate the administration of the trusts thereunder by one or more trustees in accordance with the applicable indenture;

(7) to provide any additional Events of Default;

(8) to provide for uncertificated securities in addition to or in place of certificated securities; provided that the uncertificated securities are issued in registered form for certain federal tax purposes;

(9) to provide for the terms and conditions of converting those debt securities that are convertible into shares of Common Stock or another security;

(10) to secure any series of debt securities;

(11) to add guarantors in respect of the debt securities;

(12) to make any change necessary to comply with any requirement of the SEC in connection with the qualification of the applicable indenture or any supplemental indenture under the Act; and

(13) to make any other change that does not adversely affect the rights of the holders of the debt securities.

No supplemental indenture for the purpose identified in clauses (2), (3), (5) or (7) above may be entered into if to do so would adversely affect the rights of the holders of debt securities of any series issued under the same indenture in any material respect.

Table of Contents

Except as set forth in the applicable prospectus supplement, each indenture will contain provisions permitting us and the Trustee under such indenture, with the consent of the holders of a majority in principal amount of the outstanding debt securities of all series issued under such indenture to be affected voting as a single class, to execute supplemental indentures for the purpose of adding any provisions to or changing or eliminating any of the provisions of the applicable indenture or modifying the rights of the holders of the debt securities of such series to be affected, except that no such supplemental indenture may, without the consent of the holders of affected debt securities, among other things:

(1) change the maturity of the principal of, or the maturity of any premium on, or any installment of interest on, any such debt security, or reduce the principal amount or the interest or any premium of any such debt securities, or change the method of computing the amount of principal or interest on any such debt securities on any date or change any place of payment where, or the currency in which, any debt securities or any premium or interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the maturity of principal or premium, as the case may be;

(2) reduce the percentage in principal amount of any such debt securities the consent of whose holders is required for any supplemental indenture, waiver of compliance with certain provisions of the applicable indenture or certain defaults under the applicable indenture;

(3) modify any of the provisions of the applicable indenture related to (i) the requirement that the holders of debt securities issued under such indenture consent to certain amendments of the applicable indenture, (ii) the waiver of past defaults and (iii) the waiver of certain covenants, except to increase the percentage of holders required to make such amendments or grant such waivers;

(4) impair or adversely affect the contractual right of any holder to institute suit for the enforcement of any payment on, or with respect to, such senior debt securities on or after the maturity of such debt securities; or

(5) amend or modify the terms of any guarantees in a manner adverse to the holders.

In addition, the subordinated indenture provides that we may not make any change in the terms of the subordination of the subordinated debt securities of any series in a manner adverse in any material respect to the holders of any series of subordinated debt securities without the consent of each holder of subordinated debt securities that would be adversely affected.

Pursuant to the subordinated indenture, the subordinated indenture may not be amended, at any time, to alter the subordination provisions of any outstanding subordinated debt securities without the consent of the requisite holders of each outstanding series or class of Senior Indebtedness (as determined in accordance with the instrument governing such Senior Indebtedness) that would be adversely affected.

The Trustee

The Trustee named under each indenture and its affiliates may also provide banking, trustee and other services for, and transact other banking business with, us in the normal course of business.

Governing Law

The indentures will be governed by, and construed in accordance with, the laws of the State of New York.

Global Securities

We may issue debt securities through global securities. A global security is a security, typically held by a depositary, that represents the beneficial interests of a number of purchasers of the security. If we do issue global securities, the following procedures will apply.

We will deposit global securities with the depositary identified in the applicable prospectus supplement. After we issue a global security, the depositary will credit on its book-entry registration and transfer system the respective principal amounts of the debt securities represented by the global security to the accounts of persons who have accounts with the depositary. These account holders are known as “participants.” The underwriters or agents participating in the distribution of the debt securities will designate the accounts to be credited. Only a participant or a person who holds an interest through a participant may be the beneficial owner of a global security. Ownership of beneficial interests in the global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depositary and its participants.

We and the Trustee will treat the depositary or its nominee as the sole owner or holder of the debt securities represented by a global security. Except as set forth below, owners of beneficial interests in a global security will not be entitled to have the debt securities represented by the global security registered in their names. They also will not receive or be entitled to receive physical delivery of the debt securities in definitive form and will not be considered the owners or holders of the debt securities.

Principal, any premium and any interest payments on debt securities represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee as the registered owner of the global security. None of us, the Trustee or any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security or the maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

We expect that the depositary, upon receipt of any payments, will immediately credit participants’ accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the depositary’s records. We also expect that payments by participants to owners of beneficial interests in the global security will be governed by standing instructions and customary practices, as is the case with the securities held for the accounts of customers registered in “street names,” and will be the responsibility of the participants.

If the depositary is at any time unwilling or unable to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue registered securities in exchange for the global security. In addition, we may at any time in our sole discretion determine not to have any of the debt securities of a series represented by global securities. In that event, we will issue debt securities of that series in definitive form in exchange for the global securities.

DESCRIPTION OF GUARANTEES

Certain of our subsidiaries named as additional registrants in this registration statement may fully and unconditionally guarantee, on a senior or subordinated, secured or unsecured basis, the Company's obligations under the debt securities, on a joint and several basis, subject to customary release provisions, which will be described in a prospectus supplement relating to the offering of such guaranteed debt securities.

DESCRIPTION OF CAPITAL STOCK

The following is a description of the terms of our capital stock. This description is a summary only and is qualified by reference to the relevant provisions of the Delaware General Corporation Law (“DGCL”), and our amended and restated certificate of incorporation, as amended (the “certificate of incorporation”), and amended and restated bylaws (the “bylaws”), which are incorporated by reference in this prospectus.

General

Our certificate of incorporation authorizes 100,000,000,000 shares, which is divided into two classes as follows:

- 90,000,000,000 shares of Common Stock, par value of \$0.00001 per share; and
- 10,000,000,000 shares of Preferred Stock, par value of \$0.00001 per share, which may be designated from time to time in accordance with our certificate of incorporation.

Common Stock

Economic Rights

Dividends. Subject to preferences that apply to any shares of our Preferred Stock outstanding at the time, the holders of our Common Stock (the “Common Stockholders”) are entitled to receive dividends out of funds legally available therefor if our board of directors, in its sole discretion, determines to declare and pay dividends and then only at the times and in the amounts that our board of directors may determine.

Liquidation. If we become subject to an event giving rise to our dissolution, the assets legally available for distribution to our stockholders would be distributable ratably among the Common Stockholders and any participating Preferred Stock outstanding at that time ranking on parity with our Common Stock with respect to such distribution, subject to prior satisfaction of all outstanding debt and liabilities and the preferential rights of, and the payment of liquidation preferences, if any, on any outstanding shares of our Preferred Stock.

Voting Rights

Except as required by the DGCL or as expressly otherwise provided in our certificate of incorporation, each Common Stockholder is entitled to vote on any matter submitted to our stockholders generally. Each holder of a share of our Common Stock is entitled, in respect of each share of our Common Stock that is outstanding in his, her or its name on our books, to one vote on all matters on which Common Stockholders are entitled to vote. Common Stockholders have no voting, approval or consent rights in respect of any amendments to our certificate of incorporation (including any certificate of designation relating to any series of our Preferred Stock) that relates solely to the terms of one or more outstanding series of our Preferred Stock on which the holders of such affected series of our Preferred Stock are entitled to vote.

Our certificate of incorporation provides that the number of authorized shares of any class of stock, including our Common Stock, may be increased or decreased (but not below the number of shares of such class then outstanding) by the affirmative vote of the holders of a majority in voting power of the then outstanding shares of capital stock entitled to vote thereon.

No Preemptive or Similar Rights

Our shares of Common Stock are not entitled to preemptive rights and are not subject to conversion, redemption or sinking fund provisions.

Preferred Stock

Our board of directors is authorized, subject to limitations prescribed by Delaware law, to provide, out of the unissued shares of our Preferred Stock, for one or more series of our Preferred Stock, to fix the designation, powers (including voting powers), preferences and relative, participating, optional and other special rights of, and the qualifications, limitations or restrictions thereof, such series of our Preferred Stock and the number of shares of such series, in each case without further vote or action by our stockholders (except as may be required by the terms of our certificate of incorporation and any certificate of designation relating to any series of our Preferred Stock then outstanding). Our board of directors can also increase (but not above the total number of shares of our Preferred Stock then authorized and available for issuance and not committed for other issuance) or decrease (but not below the number of shares of such series then outstanding) the number of shares of any series of our Preferred Stock. Our board of directors may authorize the issuance of our Preferred Stock with voting or conversion rights that could dilute or have a detrimental effect on the proportion of voting power held by, or other relative rights of, the Common Stockholders. The issuance of our Preferred Stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could, among other things, have the effect of delaying, deferring or preventing a change in the control of us and might adversely affect the market price of our Common Stock.

There are no shares of our Preferred Stock outstanding.

Anti-Takeover Provisions

Our certificate of incorporation and bylaws and the DGCL contain provisions, which are summarized in the following paragraphs, that are intended to enhance the likelihood of continuity and stability in the composition of our board of directors and to discourage certain types of transactions that may involve an actual or threatened acquisition of our Company. These provisions are intended to avoid costly takeover battles, reduce our vulnerability to a hostile change in control or other unsolicited acquisition proposal, and enhance the ability of our board of directors to maximize stockholder value in connection with any unsolicited offer to acquire us. However, these provisions may have the effect of delaying, deterring or preventing a merger or acquisition of our Company by means of a tender offer, a proxy contest or other takeover attempt that a stockholder might consider in its best interest, including attempts that might result in a premium over the prevailing market price for the shares of Common Stock held by stockholders.

Authorized but Unissued Capital Stock

Delaware law does not require stockholder approval for any issuance of shares that are authorized and available for issuance. However, the listing requirements of the NYSE which would apply so long as the shares of our Common Stock remain listed on the NYSE, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or the then outstanding number of shares of our Common Stock. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital and to facilitate acquisitions and employee benefit plans.

Our board of directors may generally issue shares of one or more series of Preferred Stock on terms designed to discourage, delay or prevent a change of control of us or the removal of our management. Moreover, our authorized but unissued shares of Preferred Stock will be available for future issuances in one or more series without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital or to facilitate acquisitions.

One of the effects of the existence of authorized and unissued and unreserved Common Stock or Preferred Stock may be to enable our board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of our management and possibly

deprive our stockholders of opportunities to sell their shares of Common Stock at prices higher than prevailing market prices.

Business Combinations

We are subject to Section 203 of the DGCL. In general, Section 203 prohibits a publicly-held Delaware corporation from engaging, under certain circumstances, in a “business combination” with an “interested stockholder” for a period of three years following the time that the stockholder became an interested stockholder, unless:

- prior to such time, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding (but not for purposes of determining the number of shares owned by the interested stockholder) (i) shares owned by persons who are directors and also officers and (ii) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to such time, the business combination is approved by the board and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least sixty-six and two-thirds (66 2/3)% of the outstanding voting stock which is not owned by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder (other than on a pro rata basis with other stockholders). Subject to certain exceptions, an “interested stockholder” is a person who, together with that person’s affiliates and associates, “owns” or if such person is an affiliate or associate of the corporation, within three years prior to the determination of interested stockholder status, did “own” 15% or more of a corporation’s outstanding voting stock.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an “interested stockholder” to effect various business combinations with a corporation for a three-year period. Accordingly, Section 203 could have an anti-takeover effect with respect to certain transactions our board of directors does not approve in advance or certain transactions with “interested stockholders” who have not been approved by the board of directors prior to becoming an interested stockholder. The provisions of Section 203 may encourage companies interested in acquiring us to negotiate in advance with our board of directors to avoid the restrictions on business combinations that would apply if the stockholder became an interested stockholder. However, Section 203 also could discourage attempts that might result in a premium over the market price for the shares of Common Stock held by stockholders. These provisions also may have the effect of preventing changes in our board of directors and may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Election of Directors

Directors are elected at an annual meeting of our stockholders. Subject to the rights of the holders of any series of Preferred Stock with respect to any director elected by holders of Preferred Stock, in an uncontested election, directors will be elected by a majority of the votes cast by the holders of our outstanding shares of capital stock present in person or represented by proxy and entitled to vote on the election of directors at such annual meeting. In a contested election, directors are elected by a plurality of the votes cast by the holders of our outstanding shares of capital stock present in person or represented by proxy and entitled to vote on the election.

Table of Contents

of directors at such annual meeting. However, if a director is not re-elected by a majority of the votes cast, such director shall offer to tender his or her resignation to our board of directors and the Nominating and Corporate Governance Committee of the board of directors will make a recommendation to the board of directors on whether to accept or reject the resignation, or whether other action should be taken. In this case, the board of directors (excluding the director tendering his or her resignation) will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within ninety (90) days from the date of the certification of the election results. The time, date and place of the annual meeting will be fixed by the board of directors.

Removal of Directors

Any director or the whole board of directors (other than a director elected by holders of Preferred Stock) may be removed, with or without cause, at any time, by the affirmative vote of the holders of a majority in voting power of the outstanding shares of our Common Stock and any full voting Preferred Stock entitled to vote thereon, voting together as a class.

Vacancies; Newly Created Directorships

In addition, our certificate of incorporation also provides that, subject to the terms and conditions of our Stockholders Agreement (as defined below) and the rights granted to one or more series of our Preferred Stock then outstanding, any vacancies on our board of directors may only be filled by the affirmative vote of a majority of the remaining directors, even if less than a quorum, or by a sole remaining director. Our certificate of incorporation further provides that, subject to the rights granted to one or more series of our Preferred Stock then outstanding, any newly created directorship on the board of directors that results from an increase in the number of directors may only be filled by the affirmative vote of a majority of the directors in office, provided that a quorum is present. However, if there are no directors in office, then an election of directors may be held in accordance with the DGCL.

Requirements for Advance Notification of Stockholder Proposals and Nominations; Proxy Access

Our bylaws establish advance notice procedures with respect to stockholder proposals and stockholder nominations of persons for election to our board of directors. Generally, to be timely, a stockholder's notice of a stockholder proposal or nomination must be received at our principal executive offices not less than 90 days or more than 120 days prior to the first anniversary date of the immediately preceding annual meeting of stockholders. Our bylaws also specify requirements as to the form and content of a stockholder's notice. Our bylaws allow our board of directors to adopt rules and regulations for the conduct of meetings, which may have the effect of precluding the conduct of certain business or nominations at a meeting if the rules and regulations are not followed. These provisions may deter, delay or discourage a potential acquirer from attempting to influence or obtain control of our Company.

Our bylaws also contain a "proxy access" provision that permits a stockholder or group of up to 20 stockholders owning 3% or more of our outstanding Common Stock continuously for at least three years to nominate and include in our proxy materials director nominees up to the greater of two or 20% of the number of directors on our board (subject to certain adjustments and other conditions), provided the stockholder(s) and the nominee(s) satisfy the requirements specified in our bylaws. For purposes of this provision, the period of time that a stockholder is deemed to have continuously owned shares of Common Stock is generally deemed to include any period during which the stockholder held Common Shares of AHL converted into such shares, Apollo Operating Group units exchanged for such shares or Class A Shares of Apollo Asset Management, Inc. ("AAM") converted into such shares (or any Class A Common Shares of Apollo Global Management, LLC that were converted into such AAM Class A Shares as a result of Apollo Global Management, LLC's conversion to AGM).

Table of Contents

Special Stockholder Meetings

Our certificate of incorporation provides that, subject to the rights of the holders of any series of our Preferred Stock, special meetings of our stockholders may be called at any time only by or at the direction of our board of directors or by our secretary upon proper written request in accordance with the procedures set forth in our bylaws of stockholders who beneficially own 25% or more of the voting power of the outstanding shares of our Common Stock.

Stockholder Action by Written Consent

Pursuant to Section 228 of the DGCL, any action required or permitted to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of our stock entitled to vote thereon were present and voted and such written consent or consents are delivered in accordance with Section 228 of the DGCL, unless our certificate of incorporation provides otherwise. Our certificate of incorporation does not permit our common stockholders to act by written consent lieu of a meeting of stockholders.

Choice of Forum

Unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (the “Court of Chancery”) will, to the fullest extent permitted by law, be the sole and exclusive forum for:

- (i) any derivative action or proceeding brought on our behalf;
- (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our current or former directors, officers, other employees or stockholders to us or our stockholders;
- (iii) any action asserting a claim arising pursuant to any provision of the DGCL, our certificate of incorporation or the bylaws or as to which the DGCL confers jurisdiction on the Court of Chancery; or
- (iv) any action asserting a claim related to or involving us that is governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten (10) days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction. The exclusive forum provision also provides that it will not apply to claims arising under the Securities Act, the Exchange Act or other federal securities laws for which there is exclusive federal or concurrent federal and state jurisdiction, for which the federal district courts of the United States of America will be the exclusive forum for the resolution of such claims. Stockholders cannot waive, and will not be deemed to have waived under the exclusive forum provision, our compliance with the federal securities laws and the rules and regulations thereunder. However, the enforceability of similar forum provisions in other corporations’ certificates of incorporation have been challenged in legal proceedings and it is possible that a court could find these types of provisions to be unenforceable.

Stockholders Agreement

On January 1, 2022, AGM entered into a Stockholders Agreement with Leon D. Black, Marc J. Rowan, Joshua J. Harris (collectively, the “Former Managing Partners”) and certain affiliates of the Former Managing Partners (the “Stockholders Agreement”). The Stockholders Agreement provides, among other things:

- AGM will nominate each Former Managing Partner (or his designee, as applicable) as part of the director slate of the AGM board of directors (the “Board”), for so long as such Former Managing Partner, together with the members of his family group, beneficially owns at least \$400 million in value or 10 million in number of shares of AGM Common Stock (the “Ownership Threshold”);
- each Former Managing Partner (or his designee, as applicable), will, if requested by the Board, resign from the Board in the event that such Former Managing Partner no longer meets the Ownership Threshold;
- each Former Managing Partner, together with the members of his family group, agrees to vote all of his or their respective shares of AGM Common Stock in favor of the election of the other Former Managing Partners (or their designees, as applicable);
- AGM will recommend that its stockholders vote in favor of the Former Managing Partners (or their designees, as applicable) and AGM will otherwise take reasonable action to support their nomination and election (including by filling vacancies on the Board, if necessary);
- each Former Managing Partner (but not his designee) will be entitled to a seat on the executive committee of the Board so long as such Former Managing Partner serves on the Board;
- AGM will not make any non-pro rata distributions or payments to any Former Managing Partners without the consent of the other Former Managing Partners;
- each Former Managing Partner and AGM agree not to take actions inconsistent with the terms of the Stockholders Agreement or in a manner that is discriminatory as to one or more of the Former Managing Partners, and will agree to oppose any such actions if proposed by others;
- each Former Managing Partner will have customary information rights regarding AGM’s business, so long as such Former Managing Partner, together with the members of his family group, meets an ownership threshold equal to 50% of the Ownership Threshold; and
- each Former Managing Partner will be entitled to the use of office space at AGM’s offices and administrative and logistics support provided by AGM; provided, that such Former Managing Partner continues to (a) provide services to AGM (other than as a member of the Board), (b) serve on the executive committee of the Board or (c) serve as the chairman of the Board or of any committee of the Board.

The Stockholders Agreement also grants to each Former Managing Partner (and his permitted transferees) the right, under certain circumstances and subject to certain restrictions, to require AGM to register under the Securities Act, shares of Common Stock held or acquired by them. Under the Stockholders Agreement, each Former Managing Partner (and his permitted transferees) (i) has “demand” registration rights that require AGM to register under the Securities Act the shares of Common Stock that he holds or acquires, (ii) may require AGM to make available registration statements permitting sales of shares of Common Stock he holds or acquires in the market from time to time over an extended period and (iii) has the ability to exercise certain piggyback registration rights in connection with registered offerings requested by other registration rights holders or initiated by AGM. AGM has agreed to indemnify each Former Managing Partner (and his permitted transferees, together with certain related parties) against any losses or damages resulting from any untrue statement or omission of material fact in any registration statement or prospectus pursuant to which such holder sells shares of Common Stock, unless such liability arose from the holder’s misstatement or omission, and each Former Managing Partner (and his permitted transferees) has agreed to indemnify AGM against all losses caused by his (or their) misstatements or omissions.

Listing

Our shares of Common Stock are listed on the NYSE under the symbol “APO.”

Transfer Agent and Registrar

The transfer agent and registrar for our Common Stock and our Preferred Stock is American Stock Transfer & Trust Company.

We will be entitled to recognize the person in whose name any shares are registered on the books of the transfer agent as of the opening of business on a particular business day as owner, or record holder, of such shares, and accordingly shall not be bound to recognize any equitable or other claim to or interest in such shares on the part of any other person, regardless of whether we have actual or other notice thereof, except as otherwise provided by law, including any applicable rule, regulation, guideline or requirement of any national securities exchange on which such shares are listed for trading. Without limiting the foregoing, when a person is acting as nominee, agent or in some other representative capacity for another person in acquiring and/or holding the shares, as between us on the one hand and such other person on the other, such representative person shall be deemed the record holder of such share.

DESCRIPTION OF DEPOSITARY SHARES

This section describes the general terms and provisions of the depositary shares we may issue. The applicable prospectus supplement will describe the specific terms of the depositary shares offered by that prospectus supplement and any general terms outlined in this section that will not apply to those depositary shares.

We may issue depositary receipts representing interests in a particular series of Preferred Stock which are called depositary shares. We will deposit the series of Preferred Stock which are the subject of depositary shares with a depositary to be named in the applicable prospectus supplement, which will hold the shares of Preferred Stock for the benefit of the holders of the depositary shares, in accordance with a deposit agreement between the depositary and us. The holders of depositary shares will be entitled to all the rights and preferences of the shares of Preferred Stock to which the depositary shares relate, including dividend, voting, conversion, redemption and liquidation rights, to the extent of their interests in the Preferred Stock.

While the deposit agreement relating to a particular series of Preferred Stock may have provisions applicable solely to that series of Preferred Stock, all deposit agreements relating to shares of Preferred Stock we issue will include the following provisions.

Distributions

Each time we pay a cash distribution with regard to shares of Preferred Stock of a series, the depositary will distribute to the holder of record of each depositary share relating to that series of Preferred Stock an amount equal to the distribution per depositary share the depositary receives. If there is a distribution of property other than cash, the depositary either will distribute the property to the holders of depositary shares in proportion to the depositary shares held by each of them, or the depositary will, if we approve, sell the property and distribute the net proceeds to the holders of the depositary shares in proportion to the depositary shares held by them.

Withdrawal of Preferred Stock

A holder of depositary shares will be entitled to receive, upon surrender of depositary receipts representing depositary shares, the number of whole or fractional shares of the applicable series of Preferred Stock, and any money or other property, to which the depositary shares relate.

Redemption of Depositary Shares

Whenever we redeem shares of Preferred Stock held by a depositary, the depositary will be required to redeem, on the same redemption date, depositary shares constituting, in total, the number of shares of Preferred Stock held by the depositary which we redeem, subject to the depositary's receiving the redemption price of those shares of Preferred Stock. If fewer than all the depositary shares relating to a series are to be redeemed, the depositary shares to be redeemed will be selected by lot or by another method we determine to be equitable.

Voting

Any time we send a notice of meeting or other materials relating to a meeting to the holders of a series of Preferred Stock to which depositary shares relate, we will provide the depositary with sufficient copies of those materials so they can be sent to all holders of record of the applicable depositary shares, and the depositary will send those materials to the holders of record of the depositary shares on the record date for the meeting. The depositary will solicit voting instructions from holders of depositary shares and will vote or not vote the shares of Preferred Stock to which the depositary shares relate in accordance with those instructions.

Liquidation Preference

Upon our liquidation, dissolution or winding up, the holder of a depositary share will be entitled to what the holder of the depositary share would have received if the holder had owned the number of shares of Preferred Stock (or fraction of a share) which is represented by the depositary share.

Conversion

If a series of Preferred Stock are convertible into shares of Common Stock or other of our securities or property, holders of depositary shares relating to that series of Preferred Stock will, if they surrender depositary receipts representing depositary shares and appropriate instructions to convert them, receive the shares of Common Stock or other securities or property into which the number of shares of Preferred Stock (or fractions of shares) to which the depositary shares relate could at the time be converted.

Amendment and Termination of the Deposit Agreement

We and the depositary may amend the deposit agreement, except that an amendment which materially and adversely affects the rights of holders of depositary shares, or would be materially and adversely inconsistent with the rights granted to the holders of the shares of Preferred Stock to which they relate, must be approved by holders of at least two-thirds of the outstanding depositary shares. No amendment will impair the right of a holder of depositary shares to surrender the depositary receipts evidencing those depositary shares and receive the shares of Preferred Stock to which they relate, except as required to comply with law. We may terminate the deposit agreement with the consent of holders of a majority of the depositary shares to which it relates. Upon termination of the deposit agreement, the depositary will make the whole or fractional shares of Preferred Stock to which the depositary shares issued under the deposit agreement relate available to the holders of those depositary shares. The deposit agreement will automatically terminate if:

- All outstanding depositary shares to which it relates have been redeemed or converted; and/or
- The depositary has made a final distribution to the holders of the depositary shares issued under the deposit agreement upon our liquidation, dissolution or winding up

Miscellaneous

There will be provisions in the deposit agreement: (1) requiring the depositary to forward to holders of record of depositary shares any reports or communications from us which the depositary receives with respect to the shares of Preferred Stock to which the depositary shares relate; (2) regarding compensation of the depositary; (3) regarding resignation of the depositary; (4) limiting our liability and the liability of the depositary under the deposit agreement (usually to failure to act in good faith, gross negligence or willful misconduct); and (5) indemnifying the depositary against certain possible liabilities.

DESCRIPTION OF WARRANTS

We may issue warrants, in one or more series, for the purchase of equity or debt securities. We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. We will issue each series of warrants under separate warrant agreements to be entered into between us and a bank or trust company to be named in the applicable prospectus supplement, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

Warrants

The warrants will be evidenced by warrant certificates. Unless otherwise specified in the prospectus supplement, the warrant certificates may be traded separately from the debt securities or equity securities, if any, with which the warrant certificates were issued. Warrant certificates may be exchanged for new warrant certificates of different denominations at the office of an agent that we will appoint. Until a warrant is exercised, the holder of a warrant does not have any of the rights of a holder of our equity or debt securities and is not entitled to any payments on any equity or debt securities issuable upon exercise of the warrants.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

- the title of the warrants;
- the designation, amount and terms of the securities for which the warrants are exercisable;
- the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each other security;
- the price or prices at which the warrants will be issued;
- the aggregate number of warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;
- if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;
- if applicable, a discussion of the material U.S. Federal income tax considerations applicable to the exercise of the warrants;
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants;
- the date on which the right to exercise the warrants will commence, and the date on which the right will expire;
- the maximum or minimum number of warrants that may be exercised at any time;
- information with respect to book-entry procedures, if any; and
- any other material terms of the warrants.

Exercise of Warrants

Each warrant will entitle the holder of warrants to purchase for cash the amount of equity or debt securities, at the exercise price stated or determinable in the prospectus supplement for the warrants. Warrants may be exercised at any time up to the close of business on the expiration date shown in the applicable prospectus supplement, unless otherwise specified in such prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void. Warrants may be exercised as described in the applicable prospectus supplement. When the warrant holder makes the payment and properly completes and signs the warrant certificate at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as possible, forward the equity or debt securities that the warrant holder has purchased. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificate, we will issue a new warrant certificate for the remaining warrants.

DESCRIPTION OF SUBSCRIPTION RIGHTS

We may issue subscription rights to purchase shares of Common Stock, shares of Preferred Stock or other securities. These subscription rights may be issued independently or together with any other security offered by us and may or may not be transferable by the securityholder receiving the subscription rights in such offering. In connection with any offering of subscription rights, we may enter into a standby arrangement with one or more underwriters or other purchasers pursuant to which the underwriters or other purchasers may be required to purchase any securities remaining unsubscribed for after such offering.

The applicable prospectus supplement will describe the specific terms of any offering of subscription rights for which this prospectus is being delivered, including the following:

- the price, if any, for the subscription rights;
- the exercise price payable for each share of Common Stock, share of Preferred Stock or other security upon the exercise of the subscription right;
- the number of subscription rights issued to each securityholder;
- the number and terms of each share of Common Stock, share of Preferred Stock or other security that may be purchased per each subscription right;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the subscription rights or the exercise price of the subscription rights;
- the extent to which the subscription rights are transferable;
- any other terms of the subscription rights, including the terms, procedures and limitations relating to the exchange and exercise of the subscription rights;
- the date on which the right to exercise the subscription rights shall commence, and the date on which the subscription rights shall expire;
- the extent to which the subscription rights may include an over-subscription privilege with respect to unsubscribed securities; and
- if applicable, the material terms of any standby underwriting or purchase arrangement entered into by us in connection with the offering of subscription rights.

The description in the applicable prospectus supplement of any subscription rights we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable subscription rights certificate or subscription rights agreement, which will be filed with the SEC if we offer subscription rights. For more information on how you can obtain copies of any subscription rights certificate if we offer subscription rights, see “Incorporation of Documents by Reference” and “Where You Can Find More Information.” We urge you to read the applicable subscription rights certificate and any applicable prospectus supplement in their entirety.

DESCRIPTION OF PURCHASE CONTRACTS AND PURCHASE UNITS

We may issue purchase contracts for the purchase or sale of equity securities issued by us or debt or equity securities issued by third parties as specified in the applicable prospectus supplement. Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase on specified dates, such securities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the securities otherwise deliverable, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract. The price per security and the number of securities may be fixed at the time the purchase contracts are entered into or may be determined by reference to a specific formula set forth in the applicable purchase contracts.

The purchase contracts may be issued separately or as part of units consisting of a purchase contract and debt securities or debt obligations of third parties, including U.S. treasury securities, or any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the securities under the purchase contracts, which we refer to herein as "purchase units." The purchase contracts may require holders to secure their obligations under the purchase contracts in a specified manner. The purchase contracts also may require us to make periodic payments to the holders of the purchase contracts or the purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded on some basis.

The applicable prospectus supplement will describe the terms of any purchase contract or purchase unit and will contain a summary of certain material U.S. Federal income tax consequences applicable to the purchase contracts and purchase units.

SELLING STOCKHOLDERS

Information about selling stockholders, where applicable, will be set forth in a prospectus supplement, in a post-effective amendment or in filings we will make with the SEC which will be incorporated into this prospectus by reference.

PLAN OF DISTRIBUTION

We or the selling stockholders may offer and sell the securities in any one or more of the following ways:

- to or through underwriters, brokers or dealers;
- directly to one or more other purchasers;
- through a block trade in which the broker or dealer engaged to handle the block trade will attempt to sell the securities as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- through agents on a best-efforts basis;
- in “at the market” offerings, as defined in Rule 415 under the Securities Act, at negotiated prices, at prices prevailing at the time of sale or at prices related to such prevailing market prices, including sales made directly on a national securities exchange or sales made through a market maker other than on an exchange or other similar offerings through sales agents;
- trading plans entered into by the selling stockholders pursuant to Rule 10b5-1 under the Exchange Act that are in place at the time of an offering pursuant to this prospectus and any applicable prospectus supplement hereto that provide for periodic sales of their securities on the basis of parameters described in such trading plans; or
- otherwise through a combination of any of the above methods of sale.

In addition, we or any selling stockholders may enter into option, share lending or other types of transactions that require us to deliver securities to an underwriter, broker or dealer, who will then resell or transfer the securities under this prospectus. We or any selling stockholders may also enter into hedging transactions with respect to our securities. For example, we may:

- enter into transactions involving short sales of securities by underwriters, brokers or dealers;
- sell securities short and deliver the shares to close out short positions;
- enter into option or other types of transactions that require us to deliver securities to an underwriter, broker or dealer, who will then resell or transfer the securities under this prospectus; or
- loan or pledge securities to an underwriter, broker or dealer, who may sell the loaned securities or, in the event of default, sell the pledged securities.

Any selling stockholder will act independently of us in making decisions with respect to the timing, manner and size of each sale of shares of Common Stock covered by this prospectus.

We or any selling stockholders may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of securities, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of securities. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, we or the selling stockholders may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

Table of Contents

Shares of Common Stock may also be exchanged for satisfaction of the selling stockholders' obligations or other liabilities to their creditors. Such transactions may or may not involve brokers or dealers.

In some instances, we or the selling stockholders may provide a prospectus supplement in connection with certain sales of securities. The prospectus supplement will name any underwriter, dealer or agent involved in such offer and sale of the securities and will also set forth the terms of the offering, including:

- the purchase price of the securities and the proceeds we will receive from the sale of the securities;
- any underwriting discounts and other items constituting underwriters' compensation;
- any public offering or purchase price and any discounts or commissions allowed or re-allowed or paid to dealers;
- any commissions allowed or paid to agents;
- any other offering expenses;
- any securities exchanges on which the securities may be listed;
- the method of distribution of the securities;
- the terms of any agreement, arrangement or understanding entered into with the underwriters, brokers or dealers; and
- any other information we think is important.

If underwriters or dealers are used in the sale, the securities will be acquired by the underwriters or dealers for their own account. The securities may be sold from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices;
- at varying prices determined at the time of sale; or
- at negotiated prices.

Such sales may be effected:

- in transactions on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in transactions in the over-the-counter market;
- in block transactions in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction, or in crosses, in which the same broker acts as an agent on both sides of the trade;
- through the writing of options; or
- through other types of transactions.

The securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in the applicable prospectus supplement, the obligations of underwriters or dealers to purchase the securities offered will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all the offered securities if any are purchased. Any public offering price and any discount or concession allowed or reallowed or paid by underwriters or dealers to other dealers may be changed from time to time.

Table of Contents

The selling stockholders might not sell any shares of Common Stock under this prospectus. In addition, any shares of Common Stock covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus.

The securities may be sold directly by us or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth in, the applicable prospectus supplement. Unless otherwise indicated in the applicable prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

Offers to purchase the securities offered by this prospectus may be solicited, and sales of the securities may be made, by us or by selling stockholders directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of the securities. The terms of any offer made in this manner will be included in the prospectus supplement relating to the offer.

If indicated in the applicable prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers by certain institutional investors to purchase securities from us pursuant to contracts providing for payment and delivery at a future date. Institutional investors with which these contracts may be made include, among others:

- commercial and savings banks;
- insurance companies;
- pension funds;
- investment companies; and
- educational and charitable institutions.

In all cases, these purchasers must be approved by us. Unless otherwise set forth in the applicable prospectus supplement, the obligations of any purchaser under any of these contracts will not be subject to any conditions except that (a) the purchase of the securities must not at the time of delivery be prohibited under the laws of any jurisdiction to which that purchaser is subject, and (b) if the securities are also being sold to underwriters, we must have sold to these underwriters the securities not subject to delayed delivery. Underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Some of the underwriters, dealers or agents used by us in any offering of securities under this prospectus may be customers of, engage in transactions with, and perform services for us or affiliates of ours in the ordinary course of business. Underwriters, dealers, agents and other persons may be entitled under agreements which may be entered into with us to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act, and to be reimbursed by us for certain expenses.

Any selling stockholders may be deemed to be “underwriters” within the meaning of Section 2(11) of the Securities Act.

Subject to any restrictions relating to debt securities in bearer form, any securities initially sold outside the United States may be resold in the United States through underwriters, dealers or otherwise.

There is currently no market for any of the offered securities, other than the shares of Common Stock which are listed on the NYSE. Any underwriters to which offered securities are sold by us for public offering and sale may make a market in such securities, but those underwriters will not be obligated to do so and may discontinue any market making at any time.

If underwriters or dealers are used in the sale of securities, until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters to bid for and purchase our securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of our securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of such securities. If the underwriters create a short position in our securities in connection with an offering, the representatives of the underwriters may reduce that short position by purchasing such securities in the open market. We make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our securities. In addition, we make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

If more than five percent of the net proceeds of any offering of securities made under this prospectus will be received by any member of the Financial Industry Regulatory Authority, which we refer to in this prospectus as “FINRA,” participating in the offering or by affiliates or associated persons of such FINRA member or any participating member who otherwise would have a “conflict of interest” under FINRA Rules, the offering will be conducted in accordance with FINRA Rule 5121. The maximum compensation we will pay to underwriters in connection with any offering of the securities will not exceed 8% of the proceeds of such offering.

To comply with the securities laws of some states, if applicable, the securities may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

Certain legal matters in connection with the offered securities will be passed upon for us by Paul, Weiss, Rifkind, Wharton & Garrison LLP, New York, New York. Certain legal matters as to Cayman Islands law will be passed upon for us by Walkers (Cayman) LLP, Cayman Islands.
